DOORS & MOLDING 2017 – revised

697 Rahway Ave. Union NJ 07083
Ph. 908-851-2894 F. 908-851-2895
www.canarycc.com

About

Doors are constructed from exact match polyester wrapped mdf moldings and melamine center panels in Tafisa, Uniboard and American Laminates colors. In stock are 6 profiles and 43 different colors with matching accessory moldings. All corner joints are mortise and tenon joinery.

Ordering

All orders are placed online through our ordering site: **canary.allmoxy.com**
Doors and drawer faces are a six day production time. Glass inserts carry a ten day production time. In stock moldings are available for same day shipment. Rush orders are available at an additional charge.
All doors and drawer faces are custom made to your specifications, therefore are not returnable.

Shipping

We use the most economical shipping method for your order and add actual shipping charges to your order. Doors up to 60" can be boxed as well as moldings. Oversize doors up to 96" are palletized. We use FedEx ground for boxed shipments and chose the best carrier for pallet orders.

Warranty

Doors and moldings are warranted against manufacturing defects and delaminating for five years from delivery. Doors over 50" are not covered by any warping warranty. The warranty is limited to door or molding replacement only, therefore shipping, installation and related expenses are not covered.

Hinging

Hinge drilling is available in the Blum / Salice pattern. The hinge cup diameter is 35mm with a tab distance of 5mm. (note: If you are using face frame hinges, please let us know as the tab distance is 3mm)

Standard drilling is as follows:

Door height	hole locations
2 holes: 0" to 35.7"	79mm from top and bottom
3 holes: 35.75" to 50.15"	79mm / center / 79mm
4 holes: 50.19" to 70.75"	79mm / 463mm
5 holes: over 70.86"	79mm / 463mm / center

Glass inserts

Factory installed glass inserts are available in three options:

Clear tempered

Frosted tempered

Mirror with safety backing

All inserts are 1/4" and are adhered in the frames in place of the 1/4" panel, fully captive in the frame.
