3RD TEMPLE COUNTDOWN I

PROPHETIC OVERLAY TO THE PATTERNS OF WORLD WARS

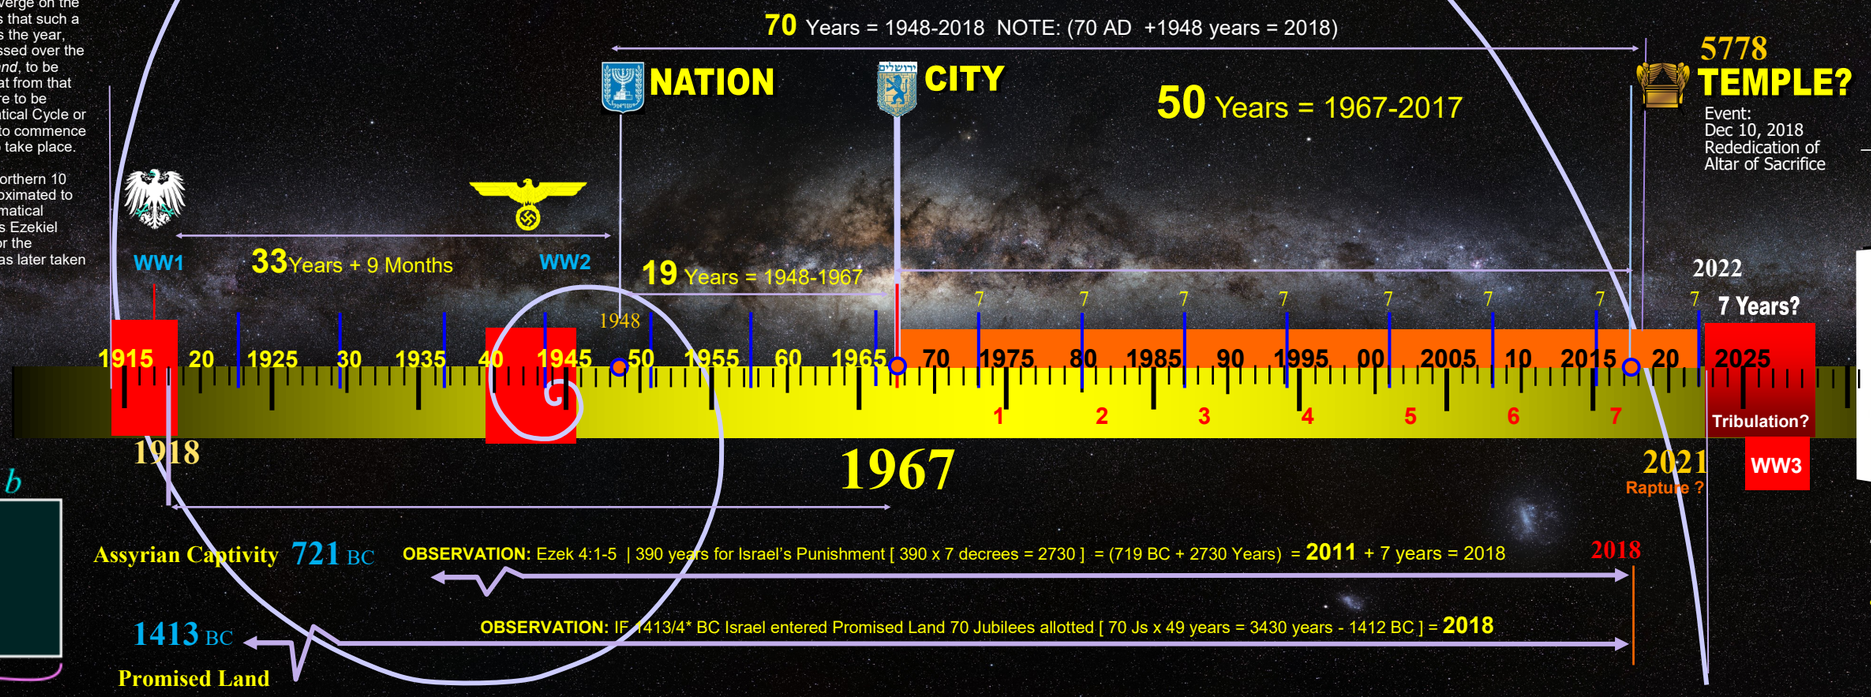
The purpose of this illustration is to conjecture the possible timelines of the 'event' that could lead-up to the construction of the 3rd Temple on the Temple Mount in Jerusalem, Israel. In relation to such an event, its prophecy is a factor of time based off or the *Golden Section*. Certain key prophetic events always occur on certain dates and are a factor of divine mathematics. The *Golden Section* or the *phi ratio* is 'the division of a line so that the whole is to the greater part as that part is to the smaller part, i.e., in a ratio of 1 to 1/2 (√5 + 1)'. It is a mathematical proportion that is considered to be particularly used as the 'Signature of YHVH', the Creator. It is interesting that the word signature comes from the root word to 'sign' or a marker. This mathematical phenomenon is seen as the building blocks of measurement in all things. Pythagoras had it right when he stated that 'All is Numbers'. This illustration strongly suggests that even Biblical prophecy is about numbers, certain numbers and dates that can be reduced to mathematical variables even. Biblical prophecy is about numbers, specific to days in the case of the coming 3rd Temple as prophecy is about its timing.

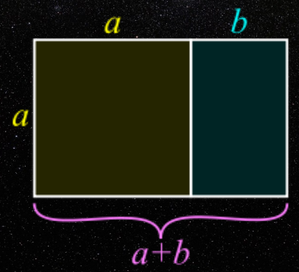
GOLDEN SECTION OF PROPHECY

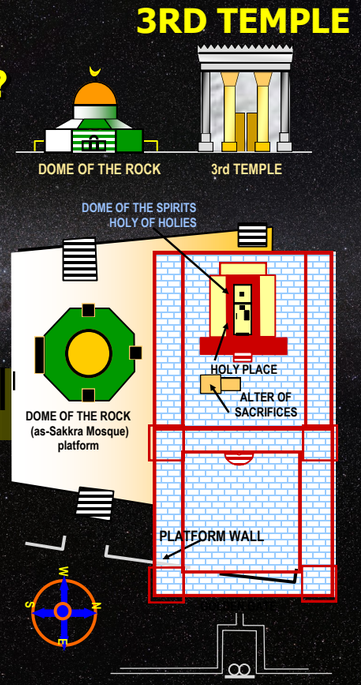
The timelines suggested on the charts associated with this study appear to converge on the year 2018. There are 2 main times that such a marker is calculated from. There is the year, assumed to be the time Israel crossed over the River Jordan into the *Promised Land*, to be around 1413 BC. Many believe that from that point, there are 70 Jubilees that are to be counted from when the last Sabbatical Cycle or the last 7-year 'week' of Daniel is to commence and the return of the Messiah is to take place.

Then there is the captivity of the northern 10 tribes by the Assyrians to be approximated to have been in 721 BC. This mathematical calculation deals with the 390 days Ezekiel was instructed to lay on his side for the Northern Kingdom of Israel that was later taken captive.

RESTORATION PATTERN OF NATION-CITY-TEMPLE







Not only is Biblical prophecy a factor of time but events in the secular world are also often tied to certain numerical values. Moreover the Luciferians also often use the same time-tables and prophetic templates. Some have made the case that for example, the world wars are one such phenomenon that this study agrees with and is one of the series of events that is subject to the *Golden Section*. For example, if one uses the start of World War I, that of 1914 and the beginning of World War 2 that started in 1939, then the 3rd triangulation results in the year 2022. This could be then the start of the 70th Week of Years per Daniel as that starts a new 7-year Sabbatical Cycle.

What is very peculiar, mathematically at least is that if one superimposes the *phi ratio* graphic onto the timeline from 1914 to 2022, the fulcrum spiral portion of the graphic completely matches with the duration of the 2nd World War, that from September of 1939 to September of 1945.
