Things to remember to do in Nissan:

Maos Chittin: There is an ancient custom to give charity before Pesach to guarantee that all the Jews of a particular city can have their holiday needs taking care of. As opposed to Matanos L'Evyonim which can be easily taken care of on Purim day, Maos Chittin are needed well in advance of Pesach to allow for proper distribution of funds. Please feel free to contribute directly to our community's Tzedaka arm, Kulanu Yachad in order to help all of us enjoy a Chag Kasher V'Sameach.

Birkas Hallanos: If one goes outside in the month of Nissan and sees the fruit trees blooming, he recites a special Beracha. This Beracha is found in siddurim. It is best not to recite this Beracha on Shabbos or Yom Tov as Chazal were worried that people may come to grab the branches of the trees.

Mechiras Chometz: As you know, our homes, offices, cars and properties must be free of all Chometz throughout the 8 days of Pesach. As such, Pesach cleaning is often coupled with the sale of Chometz which can easily be completed through Rabbi Herman **via verbal authorization** by calling 908-220-7317. You can also meet with Rabbi Herman in his office after davening or by appointment, or fill out the sale online here
Please do not wait until the last day to arrange for the sale of your Chometz.

If you are traveling EAST of Elizabeth/Hillside for Pesach, please remember to arrange for a sale of Chometz that will take place before the time of prohibition in the place you will be for the Yom Tov. If you tell us in advance, we will take care of that sale on the evening of March26th.

Bedikas Chometz: Bedikas Chometz will be performed on Thursday evening March 25th. It should be performed after Tzeis HaKochavim or after 8:00. It should be a thorough check of the entire house. If one will be leaving one's house for Pesach and will be doing the Bedikas Chometz before Tuesday night, then no Beracha is recited and the placing of the customary pieces of bread are not necessary. The Bitul prayer recited after Bedikas Chometz, כל חמירא nullifies any Chometz of which you are not aware. All Chometz that will be eaten on Friday morning should be put aside in a safe place. (See our FAQ on Bedikas Chometz later in this booklet):
Biur Chometz : Friday morning March 26 th 9 AM to 11:45 AM. from the JEC Elmora Parking lot: Please limit the amount of items you bring to burn. No plastic allowed! Cars should enter the JEC parking lot on a line and will be met by a JEC security officer while you wait in your vehicle. (Remember – Chometz is normally burned before 11:30 but this year since Erev Pesach will be Shabbos, the rules are somewhat different. See below)

When Erev Pesach falls on Shabbos

As Erev Pesach falls on Shabbos this year, we do many things differently. We compiled a list of common issues by date and time for different changes to Pesach prep this year. Please feel free to contact Rav Schwartz with any questions.

Thursday night, March 25 – Bedikas Chametz (Search for Chametz): Although this search is normally performed the night preceding the seder, we do not do it on Shabbos. It is therefore done on Thursday night, after 7:55 pm. As in other years, we recite the standard bracha before the search (putting out the bread as usual) and the Bitul declaration (Kol Chamira/ nullification of the chametz) afterwards.

Friday morning, March 26 – Biur Chametz (Destruction of the Chametz): While this is normally done on the morning of Erev Pesach, this year we must burn the chametz on Friday. Although Friday is not really erev Pesach, in order to avoid confusion in subsequent years when erev Pesach does not fall on Shabbos we will treat it as if it really were. Thus, any chametz which will not be consumed before Pesach is burned or sold no later than the time that would have been the deadline had this day truly been Erev Pesach. **From 9 am to 11:45 am you can bring your chometz to be burned at the JEC parking lot. Please limit the amount of items you bring to burn. No plastic allowed! Cars should enter the JEC parking lot on a line and will be met by a JEC Security Officer while you wait in your vehicle. KOL CHAMIRA IS NOT RECITED NOW!!!** Any chametz of which you plan to partake over Shabbos or sell to a non-Jew need not be destroyed.

Concerning other halachos, we do not treat Friday as erev Pesach. Thus:

- The paragraphs usually omitted from Shacharis on Erev Pesach are recited on Friday.
- Kol Chamira, which is a statement that nullifies one's chametz and is normally recited when the chametz is burned, is not recited this year on Friday. Instead, it is recited on Shabbos morning after the last remnants of chametz are gone.
- The special erev Pesach restrictions concerning taking a haircut and doing laundry after midday do not apply on Friday.
- Utensils may be kashered until the onset of Shabbos.

Friday morning, March 26 – Mechiras Chametz (Sale of the Chametz): Rav Teitz will be conducting the sale of Chametz on Friday morning. Please contact Rabbi Herman or fill out the form here -- https://thejec.org/chametz before 10 am Friday March 26th.

Friday March 26th – BEFORE SHABBOS - All Seder preparations should be done on Friday, since it is prohibited to prepare anything for the Seder on Shabbos. While technically the preparations may be done after Shabbos ends and before the Seder begins, this is not a good idea since it unnecessarily delays an already late start for the Seder. **Thus, the horseradish, charoses, shank bone, roasted egg and salt water should all be prepared on Friday. The romaine lettuce should also be washed and checked on Friday.** Care must be taken, however, not to leave the lettuce soaking in water, as lettuce that was soaked in water for twenty-four hours may no longer be used for Maror.

Friday Night March 26th & Shabbos morning March 27th – Some people use *chametz* rolls (or pita) for *lechem mishneh* on this Shabbos, and then serve the rest of the meal with kosher-for-Passover foods. It is recommended to use disposable (paper or plastic) dishes when any *chametz* is being eaten. After the *chametz* is gone, the rest of the meal may be served on Pesach dishes. Others utilize egg matza which although is not Chometz should not be eaten on Pesach except by Zekanim and Cholim. As far as cleanup is concerned:
Utensils: Utensils which are used with Chametz may not be washed on Shabbos. This is because rinsing the utensils of Chametz would be an act of preparation for Pesach, and one may not prepare for Pesach during this Shabbat. **Therefore, one should use paper and plastic utensils, and dispose of them**
The table: One who is eating Chametz should eat at a table which will not be used for food on Pesach. The standards for cleaning a surface which will not come into contact with food on Pesach are relatively lax; one need only clean off all visible Chametz, and the job is done. Alternatively, prepare the table for Pesach before Shabbat and cover it with a disposable plastic cover. After the meal, dispose of the tablecloth. (Remember to place the candlesticks somewhere other than the table before lighting the Shabbat candles.)
Hot foods: All hot foods should be prepared as Pesach foods, with Pesach utensils, which should be kept apart from Chametz and from Chametz utensils.
Shabbos morning, March 27 – Latest Time for eating Chametz is 10:30 am. As we need to complete 2 meals before this time (with either Chometz or egg matza) and this is a difficult task, **ALL Minyanim will daven early --- at 7 am sharp.** Afterward, there are 2 options to complete the 2 meals to round out Shalosh Seudos:

- Divide the morning meal into two parts — i.e., wash, recite *ha-motzi*, eat a meal, recite *Birkas ha-mazon*, take a break (fifteen to thirty minutes), wash again, recite *ha-motzi*, eat a meal and recite *Birkas ha-mazon*. The *chametz* or egg matzah which is used for *lechem mishneh* at the second meal, *seudah shelishis*, must be consumed before *sof zeman achilas chametz (10:20 am)*.
- Eat a meal consisting of "other foods," such as cooked matzah meal balls (kneidelach), meat, fish, fruit or a kosher-for-Passover cholent any time after one half hour past *chatzos(1:33 pm)* until the beginning of the tenth hour of the day (4:40 pm). After that time, one is required to minimize his intake of food so as not to ruin his appetite for the Seder.

Since both of these options are halachically problematic, some people have the custom of following both procedures, i.e., they split the morning meal, and then eat a meal of "other foods" after one half hour past *chatzos*.
Shabbos morning, March 27 – Disposal of Remaining Chametz by 11:40 am: As previously mentioned, the goal should be that all chametz remaining in one's home after the burning on Friday should either have been eaten by 10:30 am Shabbos morning or have been set aside on Friday to be included in the sale of chametz to the non Jew. Any remaining crumbs of chametz should be gathered and flushed down the toilet. If one has a significant amount of remaining chametz, it should be given to a non Jew who will take it away and do with it as he/she pleases. **Once**

someone has dealt with all remaining chametz, one should recite the bitul (KOL CHAMIRA) which is normally said when the chametz has been burned. All of this should take place before 11:40 am.

Motzai Shabbos/Pesach Night March 27th

- Before women begin to prepare for the Seder after Shabbos is over, they should recite *Baruch ha-mavdil bein kodesh l'kodesh.*
- One may not prepare on Shabbat for events occurring after Shabbat. One may nap with the intent that this will help him at the Seder, though, because that is a normal part of Shabbat activity. One should not state that the purpose of his nap is to prepare for that night.
- After Shabbat is over, one may prepare for the Seder.
- When Yom Tov begins on a Saturday night, we wait to light candles until Shabbat is over. Even then, we light from an existing flame: We light a 24-hour candle before Shabbat, which we then use as the fuel for the Yom Tov candles. We also light a second 24-hour candle on the first day of Yom Tov, and use that candle as the fuel to light candles on the second night of Yom Tov, after the first day has ended.
- Havdalah is recited as part of Kiddush at the Seder, before the "Shehechiyanu" blessing. The Yom Tov candles are used for the Havdalah candle.

Here are the Guidelines as applied to Bais Yitzchok

1. ***Those who choose to attend BY must confirm their attendance for tracking purposes. Do this by email or phone call to Moshe Abramowitz 908-930-1521.***
2. ***If you choose BY that will be the only Shul you will attend. Again tracking and spread is the concern.***
3. ***You should not attend if you feel ill or have any COVID-19 symptoms as this would endanger your fellow mispallelim. This includes, among other symptoms: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. The list is partial. If you are not feeling well, please err on the side of caution and stay home. You should not attend if you think that you might have had COVID-19, until at least 14 days after symptoms are resolved and there has been no fever for at least a week. If you have had contact within 14 days with an individual who has COVID-19, even if s/he currently show no symptom – do not attend,***
4. ***Anyone attending services agrees that if s/he tests positive for COVID-19 s/he will inform the President and give him permission to share the diagnosis with all other minyan attendees or contacts so appropriate precautions, contact tracing and quarantine can occur immediately.***
5. ***3. The following people should consider not attending:***
    a. ***High risk individuals who are immunodeficient or have risks to their breathing and lungs should stay home. This might include patients who have cancer, heart disease, high blood pressure, diabetes, are obese, have kidney or liver disease, chronic lung disease. These people with underlying conditions as well as those over the age of 65 should discuss with their doctor whether attending a "medically safe" minyan is a risk for them. Additionally, even a young and healthy individual who is personally concerned about shul attendance due to COVID-19 is exempt from attending Minyan and free from the obligation of reciting Kaddish.***
6. ***Each participant must sit and stand in his/her area which is at least 8' away from their neighbor.***
7. ***Each participant must bring and wear a face mask that covers their mouth and nose the entire davening***
8. ***Please bring your own siddur and chumash for each minyan; No siddurim, chumashim or any other seforim will be provided.***
9. ***Shachris will begin with "Rebbi Yishmael Omer" on both Shabbos and weekdays.***
10. ***Guidelines for Krias Hatorah and related davening will be explained when that part of davening resumes.***

• **MAZAL TOV – Lennie Brandwein** on the bar mitzvah of his twin grandsons, **Eli & Mayer,** sons of his children **Bena & David Schwartz** (Teaneck) last Shabbos. Despite the social isolation and inability to have a conventional bar mitzvah, Lenny described it this way:

"*After a community organized Caravan passing their house on Friday afternoon, I returned home to prepare for Shabbos. At 6:30 having already davend mincha at home, I connected via Zoom to The Young Israel of Teaneck. They had planned a second Kabalas Shabbos this week since the one last week was very successful. The session began with Y'Did Nefesh and Lchu nranna and ended after Lcha Dodi.The rabbi then gave a brief dvar Torah about the dual sedra, and praised the bar mitzvah boys and their family. He then turned the program over to my son-in-law, David Schwartz, who is not only the father of the bar mitzvah boys but also the president of the Young Isreal for the past three years. David read the weekly announcements from the shul Bulletin including mazel tovs and condolences. The program was then ended everyone wishing a good Shabbos and singing siman tov u Mazel Tov for the bar mitzvah boys. Shabbos, although they had no minion at the house, the boys Layned their two sedra's and said the haftarah. Motzei Shabbos, the Schwartzes prepared a zoom convocation for the immediate and extended families. About 24 groups joined in.*

Lyrics: The mountain air is as clear as wine And the scent of pine Is carried on the breeze of twilight With the sound of bells. And in the slumber of trees and stone Captured in her dream The city that sits solitary And in its midst a wall. Jerusalem of gold, and of bronze, and of light For all your songs I am a violin. But as I come to sing to you today, And to adorn you with crowns I am the least worthy of all your children And of all poets. For your name scorches the lips Like the kiss of a seraph If I forget thee, Jerusalem, Which is all gold. Shake off the dust, arise! Don your robes of glory, My people. Wake up! Wake up! Your light has come, rise up and shine. Awaken, awaken, utter a song, The glory of G?d is revealed unto you

This event is mentioned in the second book of Melachim (Kings) (25:1), where we are told that "And it came to pass in the ninth year of his reign, in the tenth month, in the tenth day of the month, that Nevuchadnezzar, king of Bavel came, with all his troops, upon Jerusalem…." At the time of this

siege, there were alreadyJews who were in exile in Bavel, where the prophet Yechezkel (Ezekiel) lived. Hashem came to Yechezkel in a prophecy, to inform him of the siege of Jerusalem. This prophecy is related to us in the Book of Yechezkel (24:1): “And in the ninth year, in the tenth month, on the tenth day of the month, the word of Hashem came to me, saying ‘Son of man, write the name of the day, of this same day – the king of Bavel has laid siege on Jerusalem on this very day….'”
