SEE PAGE 27 FOR A FULL INDEX & PRODUCT PRICE LIST NOTATING

TTI - Trump Tariff Increase
N/A - Not Applicable

Effective Date - January 1st, 2019

{ Tariff Notice }

Dear Valued Customer,

Please be aware that the Tariff rate on **“Made In China”** goods is expected to increase to 25% starting **January 1st, 2019** and will greatly affect our prices on impacted products within the Tariff categories.

What To Expect In Our New 2019 Catalog

To make this process as efficient as possible, for most products in our catalog and price list you will see two **(2)** prices. First one, in **BLACK** ink, is the Regular Product Price and then a Second Price will appear in **RED** ink, which is based on the 25% Tariff increase expected to go into effect **January 1st, 2019**.

Be assured that If the 25% Tariff increase is canceled before the January 1st, 2019 deadline, the increased (RED) pricing in this catalog will not be implemented. However, prices will be subject to change without notice, based on any other Tariff adjustments.

Q&A topics that may help you:

Q1: What if a product doesn’t have a price in RED or is listed as N/A in the full price list?

A1: No price in **RED** indicates that the product is NOT impacted by the Tariffs or an increase is NOT Applicable to that particular product based on its status or due to its Country of Origin.

Q2: When does the product cost change to the RED price?

A2: The **RED** price will go into effect **January 1st, 2019** unless the 25% Tariff increase is canceled and then the regular price in **BLACK** ink will apply.

What does a rating of UPF 50+ mean for a SUN 'N' SAND hat?

This symbol next to a style number assures you of a fabric used in the hat has a rating of UPF 50+. This simply means that this fabric only allows 1/50th of the UV radiation falling on the surface of the hat to penetrate. The high-density fabrics have been independently tested by a third party company assuring you of a tighter woven premium hat that protects your skin against the harmful UV rays. Wearing UPF 50+ (not SPF) rated hats are a smart healthy habit for protection from harmful UV sun rays.
