WINSTON®

2023 CATALOG

A SEASON OF LEISURE

2023

For over 40 years, Winston has delivered casual comfort, earning our furniture coveted spots on specialty showroom floors and ultimately in the outdoor spaces of our customers.

Our furniture bears the mark of our unwavering commitment to comfort, style, and quality. This is our craft, but the heart of what we offer is experience. We define the spaces for you to gather, celebrate, recharge and relax, and now more than ever, we reflect on how essential those shared experiences are.

As we collectively look toward a new season and new opportunities to connect, Winston Furniture introduces a Season of Leisure with collections made to bring indoor comfort to your outdoor life.

We value the opportunity to share our offerings & invite you to imagine a new season with more time spent outdoors.

The Winston® Difference

COMFORT

At Winston, our goal is for you to spend more time outdoors—so we build every seating option with your comfort in mind. Whether your preferences lean toward stylish cushioned options, easy-care sling, or our latest HDPE plank seating, every Winston chair is designed with generous proportions and thoughtful ergonomics.

QUALITY

Since 1975, our passion has been producing furniture ready to stand up to anything Mother Nature might dish out. We combine our expertise and resort quality materials so that when you are ready to get outside, your Winston furniture is ready for you, and will stay ready for years to come.

CONVENIENCE

It can mean different things to different people. Maybe your idea of convenience is fast delivery, customization options, easy maintenance, or being able to decide between shopping in-store locally or online in your PJs. Whatever your personal preference Winston has options to fit your needs.

Dive deeper on the Winston Difference and
how that applies to our furniture offerings on pg 48

Aspen Cushion

Favoring understated form over ornamentation, Aspen is a design to be appreciated from every angle. The open frame creates a spare silhouette balanced by inviting proportions. Gently sloped back rests over slightly splayed stems and a delicately rolled arm detail all add to the appeal of this transitional collection that is versatile by design.

Relaxed angles and understated structural details offer subtle visual interest from every angle

The simple, elegant curves in the cast arm design are the signature of this collection

Stocked finishes for Aspen Cushion and Sling Collections coordinate for a complete lounging and dining look

August

August makes a swanky statement with relaxed silhouettes, simplified forms, and mixed material styling. Compelling low-slung angles are wrapped in an open grid weave with warm teak wood armrests and bases, striking a perfect balance between transparency and strength. Dressed up or down, August is a fashionable patio addition.

A crafted grid weave combined with natural wood accents define the look and box cushions featuring a welt add finishing details

The keyhole back rest detail adds functionality for moving with a nod to classic mid century executive chairs

August offers all the pieces necessary to create a complete lounging and dining look in your outdoor space

Cayman

With shapes inspired by indoor pieces and texture informed by tropical living, the Cayman Collection brings laid-back comfort with classic design to your outdoor retreat. The seating selections are fully handwoven from banana leaf style resin weave and topped with generously deep cushions for a set that is as comfortable as it is stylish.

A banana leaf style resin in a rich brown tone woven into large, rounded shapes defines the look and evokes a sense of the tropics

The generously deep, dual density foam seats are formed into box cushions perfect for a supportive seat, while knife edge back cushions reinforce the casual vibe

Matching tables feature a woven detail to tie everything together and top it off with hand brushed aluminum in a faux wood parquet patterned finish

Harper

The Harper Collection evokes elements of watercraft, with ultra-durable (HDPE) poly resin planks inspired by teak boat decking and all-weather aluminum frames for maintenance-free seating ready to withstand the harshest outdoor conditions. Matching planked tables complete the look and are available in a variety of sizes and heights.

The frame finish is a warm gray tone that can appear more brown or more silver depending on how it catches the light, paired with ultra-durable (HDPE) poly resin designed to look like brand new, natural teak planks

Easy to clean or wipe dry when wet to get back to enjoying the outdoors as soon as the rain breaks

Chair frames and planked seats and backs are curved to improve ergonomics while maintaining the sleek, modern style

Jasper

The Jasper Collection perfectly pairs eye-catching textural weave with bold angular aluminum frames for a transitional look that blends easily with any style. Reminiscent of vintage cane pieces reimagined for today, the open resin weave gets a modern mixed material update when paired with sleek aluminum frames and matching structural tables.

An open weave in a light Beechwood tone paired with a contrasting frame defines the look and offers the convenience of comfortable, cushion-less seating

The open weave, cushion-less furniture is at home in locations where getting wet regularly is likely— particularly poolside

For those who want a little cushion, Jasper Seat & Chair Pads can be ordered in any cushion fabric—see the *Winston Price List* for complete details

Key West Padded Sling

Key West is ready to entertain and built to withstand season after season of fun in the sun. Key West is versatile enough to fit a variety of settings but prefers to be where the party is, especially poolside.

Hybrid seat construction offers best-of-both-worlds padded comfort while maintaining the cushion-less appeal of a sling

As the name implies, a light layer of padding is quilted between a cushion face (or "front") fabric and a traditional sling back fabric

Stocked finishes for Key West Sling and Padded Sling Collections coordinate for a complete, cushion-less lounging and dining look

Nico

Created with ultimate comfort in mind the Nico Collection is warm and inviting with a low profile and gently sloping arms. The handwoven sectional seating options can be arranged to maximize your space and boast deep, plush cushions. Nico is graceful and comfortable with versatile configurations and enduring style.

A rich, warm-toned weave in a low profile with gently sloping arms defines the look and box cushions featuring a welt add finishing details

From sectionals to more traditional lounge sets, the super flexible, modular design of our Nico Collection offers unlimited possibilities for creating the perfect configuration for your space

The matching table is topped with natural teak wood, creating a hidden storage space and can be styled as a chat table or integrated into the sectional as a corner piece

Stanford Cushion

Displaying echoes of minimalism, the Stanford Collection is a contemporary, clean design that easily relates to other styles. By juxtaposing the straight lines of the frame with a more free-form curve on the double railed armrest, Stanford mimics the curved and slanted lines favored in postmodern architecture.

A curved double railed armrest paired with a substantial, straight line frame define the look

Stanford's dark finish is a classic choice for the cast details of our Merge Tables and together make a particularly striking style statement

Truss

The Truss Collection has the appeal of classic Craftsman-style furniture with sturdy construction and industrial details. The teak planked wood tabletop sits on post legs of solid wood and a trestle-style base constructed in contrasting metal. Fully woven, barrel backed seating options soften the look with handwoven texture and coordinating teak legs.

Fully woven, barrel backed chairs define the look while natural teak accents add a mixed material finishing touch

Matching table and bench feature a metal truss accent that gives this collection its name

Choose from a chair design that emphasizes the rich brown weave or one that emphasizes the natural teak accents—each play well together or with the bench

All-Natural Teak Tables

A versatile and warm accent for coordinating seating arrangements, Winston's natural teak tables feature planked all-weather teak wood tops and bases. The raw material highlights the expression of workmanship. The overall effect is casual and harmonious with an organic look and feel to complement any outdoor setting.

All wood has been sourced to come from responsibly managed forests

From lounge to dining, all tables in the collection feature a planked tabletop over solid wood legs

Leg styles in this collection vary by table type and include either Parsons-style corner posts for simple clean lines or a cross brace to add visual interest under the tabletop

Merge Tables

Employing interwoven patterns cast into solid aluminum, the Merge Tables by Winston® play with contrasts and shadows to make a distinct statement of personal style. Merge is named for its ability to coordinate with various styles, from modern to traditional, acting as an elegant anchor to your elevated outdoor design.

Cast pattern employs lots of texture for aesthetics while maintaining an overall flat enough surface for tabletop use

Voids in the pattern allow for quicker drying and softly diffuse the light when dry

Employs the timeless craft of casting with a modern texture to create a great transitional table look that can be paired with a variety of furniture options

How Do You Want to Spend Your Time Outdoors?

Lounging

Bring the indoors out with an outdoor living room. Combine lounge seating options with your choice of lounge tables to build your perfect oasis.

LOUNGE SEATING

Whether you want to soak up the sun pool side or host a party, we have a variety of lounge seating for every situation.

LOUNGE

LOUNGE TABLES

From a convenient place to set your glass to a warming fire table, lounge tables will help you get cozy and enjoy your time outdoors.

COFFEE

CHAT

OTTOMAN

Add an ottoman for additional lower body support.

SECTIONAL

Maximize lounge seating capacity using our modular Nico Collection (pg 22).

CHAT VS COFFEE TABLES

Chat and coffee tables provide table access to all of the surrounding seating. The equal sides of a chat table pair well with lounge chairs. The longer shape of a coffee table allows more access to the table from a sofa or loveseat.

Dining

Gather the family and friends for al fresco dining. We have you covered with table sizes, heights, and seating options to fit every party.

TABLE HEIGHTS

With a variety of table heights, you'll be able to find the perfect dining combination for your outdoor space.

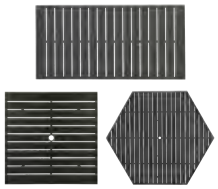
TYPICAL DINING HEIGHT 27.5"H - 30"H

BALCONY HEIGHT 33.5"H - 36"H

BAR HEIGHT 38.5"H - 39.25"H

CHAIR & TABLE FIT

While the general rule of thumb is that dining chairs pair with dining tables and so on, for the best "fit" we recommend sticking with the furniture and table pairing suggestions we provide.



BUILD YOUR OWN

Looking for a non-traditional shape or size? Check out the Build Your Own Slat Top Table Collection (pg 42) for even more options for customizing your dining set.

LARGEST CAPACITY

If you are looking for the largest seating capacity around a single table, we recommend looking at the Slat Top Table Collection (pg 42) where you will find our 60"x91" rectangular dining table.

MORE IDEAS & INSPIRATION

For more ideas and inspiration on how to pair our furniture and tables, shop our website where you will find our most popular lounging and dining sets with tables and furniture expertly paired. Or, ask a Sales Representative or Design Consultant at your favorite local Winston Retailer for help.

Compare Seat Styles

SOLID SURFACE

COMFORT

Generous proportions and ergonmically curved planks.

EASY CARE

No soft surfaces make for a chair that simply needs to be wiped down to enjoy after a rain.

COLLECTIONS

Harper pg 10

SLING

COMFORT

Generous proportions, ergonomically curved frame, and flexible sling seat bucket. Choose ultra high back (UHB) design for ultimate comfort in this option.

EASY CARE

Tighter weave means slightly longer natural drying times vs. woven seat bucket option, but still simply needs to be wiped down to enjoy after a rain.

COLLECTIONS

LOWEST MAINTENANCE

WEAVE

COMFORT

Generous proportions, ergonmically curved frame, and flexible, fully woven seat bucket

EASY CARE

Open weave of water resistant material makes for a chair that simply needs to be wiped down to enjoy after a rain.

COLLECTIONS

Jasper pg 12

*This chart is **only** comparing seat surfaces (or the part of the chair that the user directly touches when seated)

While every Winston® chair is designed with both comfort and outdoor use in mind, each seating surface option represents a trade-off between ultimate comfort vs. ease of maintenance. This chart will help you understand your options.*

CUSHION

COMFORT

Generous proportions, ergonomically curved frame, soft cushion fabric, and plush cushions make for the epitome of outdoor comfort. Choose ultra high back (UHB) design for ultimate comfort in this option.

EASY CARE

Cushions left in the rain will take more time than any other option to dry, so having a cushion storage solution will be your best option for having furniture ready to use whenever the sunlight calls.

HIGHEST COMFORT

PADDED SLING

COMFORT

Generous proportions, ergonomically curved frame, soft cushion face fabric, and light quilted padding throughout seat bucket. Choose ultra high back (UHB) design for ultimate comfort in this option.

EASY CARE

Addition of padding makes for longer drying times after a rain, but inclusion of sling back still makes this faster than a full cushion.

COLLECTIONS

Key West Padded Sling pg 16

Chair Motion

What's more comfortable than an oversized chair? How about one that rocks. Or, better yet, one that swivels and glides. We offer a variety of products that introduce motion and adjust-ability to your outdoor space for the ultimate function and relaxation.

SWIVEL

A 360° swivel mechanism allows for easy seating access and the ability to take in the entire view or join a conversation.

SWIVEL ROCKER

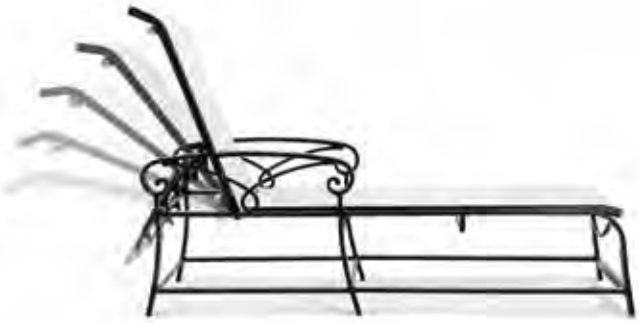
A swivel combined with the swaying motion of a rocker allows you to rock in any direction for a full 360° view.

SWIVEL GLIDER

A swivel combined with the back and forth motion of a glider for an ultra smooth ride with a full 360° view.

GLIDER

Our stationary gliders move back and forth on a quiet, smooth mechanism for a relaxing seat with gentle movement.



ADJUSTABLE

Multi-positional back adjusts to your perfect comfort level.

For Adjustable Lounge Chairs, add an ottoman for extended relaxation with the ease of 2-piece mobility.

How To Place Your Order

1 Decide which collection is right for you and which pieces in that collection you want. (For details on how to pair chairs & tables, see pg 48. For inspiration in the form of pre-curated furniture sets, explore winstonfurniture.com).

2 Note your options for ordering the pieces you want in Quick Ship, Custom Quick Ship, and/or Special Order as outlined on the relevant collection spread in this catalog.

a For items that fit your needs from our pre-selected finishes in our Quick Ship program, simply use the HQ item # and indicate the quantity of each item you want to order.

b For items where you want to customize your cushion fabric using our Custom Quick Ship program, make sure you use the SQ item # and then indicate the fabric you would like from pg 54.

- When indicating your fabric choice, please be sure to include both the fabric name and #.

c For fully customized items from our Special Order program, make sure you use the M item # and then indicate your custom finish selections.

- Each collection spread in this catalog indicates what finish details need to be selected–please make sure your order indicates your choice for each finish option you can customize.
- When indicating your customization options, please make sure you include both the fabric/finish name and the numerical or alpha code.

3 Check the order confirmation you receive for accuracy.
