The TWA Archives Department
Preserving our Legacy – Sharing Our Past

Dear Friend,

It's been said that to see the light in front of you, sometimes you have to take a look back. The following document was scanned courtesy of the Archives Department of the TWA Museum at 10 Richards Road in Kansas City, Missouri. The mission of the TWA Museum is to provide information to the public emphasizing the story, history and importance of the major role TWA played in pioneering commercial aviation. From the birth of airmail to the inception of passenger air travel, to the post-WWII era of global route expansion, TWA led the way for 75 years.

It is with great pleasure that we present to you a treasure from the Archives Library in PDF format. Be aware that most of our original print versions are several years old, thus you may notice some wear, page markups, folding, etc. We've tried to enhance the documents as best as we could, and we hope that you will be pleased.

In order to continue our great work, please consider a donation. The TWA Museum at 10 Richards Road is a non-profit 501(c)3 organization and all donations are tax deductible. If you would like to make a monetary donation, please send it to:

TWA Museum
10 NW Richards Road Suite 110

If you would like to make a TWA memorabilia donation: TWA memorabilia donations are very important to us and we thank you for your generosity. At the present time we have limited space in the Archive Department and currently that space is filled to capacity. Because of this temporary situation the TWA Museum request that all TWA memorabilia donations be put on hold until we can process the items we already have on hand. However, please feel free to email us a list, along with any information or photos, of your TWA memorabilia items and we will gladly review them as time permits us. If your donation items are then selected for further review by our archivist, you will be contacted by the museum at a later date. Please, No walk in donations at this time. Thank you for your consideration.

Sincerely,

Carol Emert, Archivist
Zana Allen and the many Archives Department volunteers

TWA SYSTEM SENIORITY LIST

This seniority list was compiled on the basis of 1st: Date of assignment or authorization as first pilot; 2nd: Date of employment with Company; 3rd: Hours with TWA and predecessor Companies as pilot.

Whenever two or more co-pilots are selected at one time as being qualified for check out to first pilot status to fill a certain need, their seniority, if check is satisfactorily completed, corresponds to their date of employment, regardless of order of check completion, subject to approval of committee of first pilots. If dates of employment are the same, date of check completion is the determining factor.

Kansas City, Missouri

TO: ALL FLIGHT PERSONNEL

In order to reach some common basis regarding the placement of personnel employed between the dates of January 1st, 1942 and January 1st, 1944 on the Pilots' System Seniority List, an authorized committee representing the pilots have agreed on the handling as used in preparing the attached TWA General Seniority List. Copy of this agreement follows:

"We, the undersigned pilots, being the duly designated representatives of the First Pilots and Co-Pilots of the company and our representing organization, the Air Line Pilots Association, hereby present for your approval an agreement reached concerning TWA Pilots' System Seniority List.

"From the last published frozen date up to and including December 31st, 1943, all pilots on domestic and ICD operations will be placed on the TWA System Seniority List according to the terms of the present working agreements.

"After posting the complete list, pilots will be given a period of 30 days in which to protest their positions. A committee composed of the undersigned pilots or their proxies shall meet with the Chief Pilot to try the cases of pilots who submit protests. All former protests will be considered void and only protests after the date of this letter will be considered

"Effective January 1st of 1944, all names thereafter entered on the TWA Pilots' System Seniority List will be entered as of date of employment as pilot for domestic or foreign scheduled operations, and in case two or more pilots are employed on the same day they will be placed on the list according to age, the oldest pilot being given the lowest number. This change in manner of entry on TWA Pilots' System Seniority List is not intended to affect computation of time in connection with base pay, which remains unchanged, nor to affect assignments already made prior to this date."

This suggestion has the approval of the company and the attached draft of the Pilots' System Seniority List revised as of January 1st, 1944, drawn up accordingly. This list supersedes the Pilots' System Seniority List dated July 1st, 1942.

The former list was frozen down to and including #442, Mr. Cyrus E. Stewart except as it pertains to the Pilot's Agreement on Intercontinental Division personnel and except for typographical errors that may exist.

Those pilots whose names appear on this January 1st, 1944 Seniority List following Mr. Cyrus E. Stewart will be permitted a period of 30 days after the posting of this list in which to protest, in writing, to the Company any omission or incorrect posting affecting their seniority. In event such pilots do not file a protest with the company within 30 days, they shall not thereafter be entitled to file such protest.

The posting date of this list is January 1st, 1944, therefore any protest that may be made must be in the office of the System Chief Pilot in Kansas City, Missouri on or before February 1st, 1944.

The pilots employed by the Intercontinental Division of Transcontinental & Western Air, Inc. have been assigned places on this System Seniority List according to Part II of the Letter of Agreement between TWA and the Air Line Pilots in the service of TWA as represented by the Air Line Pilots Association International, dated August 8th, 1942. Part II of this letter is hereby quoted for your reference:

PART II

Governing

"The assignment of a place on the Transcontinental & Western Air, Inc., Pilots' System Seniority List for those pilots employed by the Intercontinental Division of Transcontinental & Western Air, Inc., who at the time of employment by the Intercontinental Division, do not hold a place on such Seniority List.

1.

"(a) All pilots employed by the Intercontinental Division of Transcontinental & Western Air, Inc. shall be placed on the Transcontinental & Western Air, Pilots' System Seniority List according to their date of employment with the Intercontinental Division, provided that such seniority shall not be exercised in accordance with the provisions of the Pilots' Agreement signed August 1, 1939, and as amended July 31, 1941, until the termination of the Contract under which the Intercontinental Division of Transcontinental & Western Air, Inc., is conducting operations for the War Department. Whenever such contract is referred to herein, it shall be understood to mean the existing agreement or any subsequent agreement superseding or modifying the existing agreement, under which the Intercontinental Division is operated.

"(b) Co-Pilots of the Intercontinental Division placed on the Transcontinental & Western Air, Inc. Pilots' System Seniority List, in accordance with the provisions of II. 1. (a) above, when assigned to Transcontinental & Western Air, Inc. domestic air line duties shall be allowed to exercise their seniority subject to satisfactory completion of a probationary period of not less than 60 days from date of such assignment. In the event the Co-Pilot has served less than one year in the service of the Intercontinental Division, the 60 day probationary period shall be extended to provide a total period of not more than one year of combined service with the Intercontinental Division and the Transcontinental & Western Air, Inc. domestic air line."

November 20, 1945

TO: ALL FLIGHT PERSONNEL

Attached is copy of the Pilots' System Seniority List revised January 1, 1945.

A draft of the Seniority List as of November 21, 1944 was issued to all flight personnel on November 21, 1944 and another draft of the Seniority List as of January 1, 1945 was issued to all flight personnel July 6, 1945. Both lists were held open pending receipt of any protests for a thirty day period after July 6, 1945.

All protests have been answered and this list is now frozen down to and including No. 754 James R. Tubb III, except for typographical errors.

Mr. R. E. Churchill, employed by the Intercontinental Division, has been reinstated on the Seniority List with date of 3-2-42. He was previously omitted through typographical error.

Mr. R. E. Catron's seniority date has been cleared through the ALPA and his date confirmed as 9-29-42. Those protesting have requested, through the ALPA, to have their protests withdrawn.

Mr. K. M. Ruppenthal's seniority date of 2-23-42 has been substantiated by the Intercontinental Division.
