Do you need a Yearbook Name Change?

Every year, we ask the question, what name do you really go by, and do you need to change it for the yearbook?
Remember that the yearbook is a legal document and your first name should be one that is recognized by the school and by those who know you.
If you are content with your name as it appeared in Illuminate in August, no action is necessary.
If you wish to change your first name, fill out the form below.

Nicknames should not be included (such as Katie for Katherine).
