FOOTNOTES

1. Unique spring design and a one-piece soft foam seat for outstanding relaxation.
2. Features a dual motor sync system.
3. USB hand control not available with heat and massage options.
4. Not all hand controls are available for all models. Contact customer service for applicable options.
5. Toggle hand control only available for single motor chairs.
6. Only available on 358XL.

Like all furniture, Pride® Power Lift Recliners are individually built and there may be differences in actual measurements due to variations in fabric, upholstery, and filling, in addition to the method of measurement.

- All chairs have integrated emergency battery backup (batteries not included)
- All chairs can have fiber fill added or removed for custom comfort adjustment
- All chairs are shipped in an impact-resistant, reinforced, corrugated box

POSITION GUIDE

PRODUCT VIEW	LIFTED	SEATED	READING	NAPPING	RELAXING	TRUE INFINITE	TRENDELENBERG	ZERO-GRAVITY
2-Position	The 2-position TV recline is achievable on all Pride® Power Lift Recliners. This is a comfortable position for performing many relaxing activities including reading, watching TV, working on your tablet or for conversation with family and friends.							
3-Position	The 3-position full recline is available on most Pride® Power Lift Recliner models and puts you in a position ideal for napping or relaxing.							
Infinite-Position	The infinite-position lay flat recline is perfect for taking a nap. Infinite-position Pride® Power Lift Recliners enable the backrest and footrest to move independently from one another so that a variety of positions can be reached. The LC-107, LC-580i and LC-525i can have the footrest fully elevated while causing minimal impact to the back angle, achieving true infinite adjustability. True infinite positioning allows for easier social engagement, eating and crafting activities while having the footrest fully elevated.							
Trendelenberg	The Trendelenburg position, elevates one's feet higher than his or her head for increased comfort and relaxation.							
Zero Gravity	The zero gravity position, which can be reached on Infinite-position Pride® Power Lift Recliner models, positions one's thighs and lower legs higher than his or her torso.							

The lifted, seated and reading positions are achievable on all Pride® Power Lift Recliners.
