UNITED STATES OF ISIS

THE RISE OF THE SERPENT ANTICHRIST

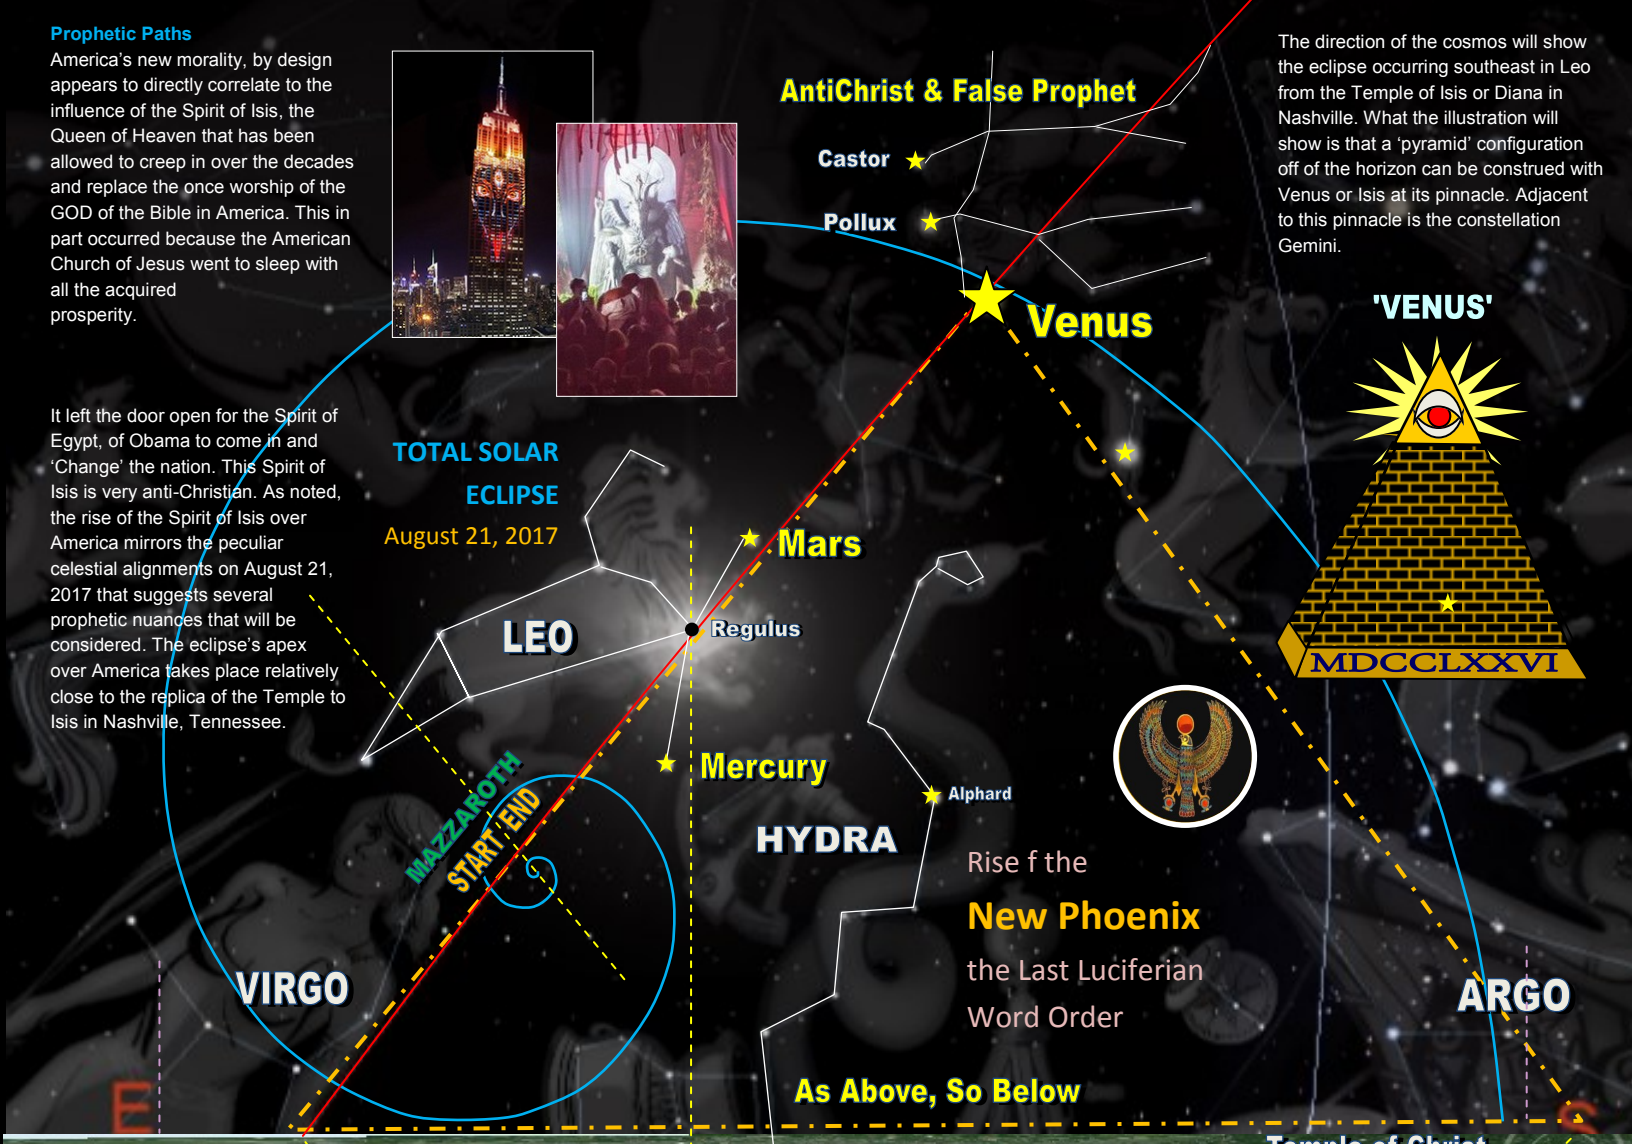
The purpose of this study is to analyze the possible prophetic and esoteric implications of the total solar eclipse that crosses America on August 21, 2017. What is unique about this crossing is that it dissects the entire nation from west to east at a diagonal. Certain places near the point of Greatest Eclipse suggest a spiritual connection to Egypt and Isis and the dividing of the nation, at least geographically. This study suggests a spiritual correlation to this celestial phenomenon mirrors the rise of the Spirit of Isis or Satan over America. This demonic spirit has now dissected or divided the land on many levels, racially, economically, politically, morally, socially, etc. This has been brought about by design as the endgame for America. For this purpose, Obama was chosen to implement this 'Change', these divisions and consolidate all power to the 'Pharaoh'.

Prophetic Paths

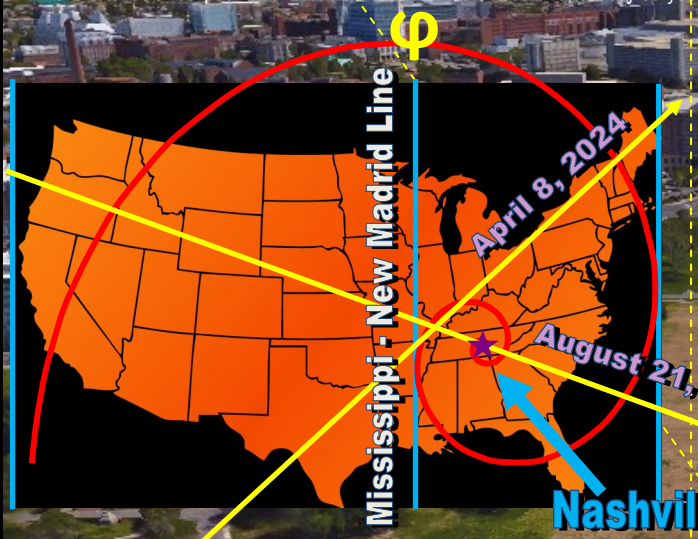
America's new morality, by design appears to directly correlate to the influence of the Spirit of Isis, the Queen of Heaven that has been allowed to creep in over the decades and replace the once worship of the GOD of the Bible in America. This in part occurred because the American Church of Jesus went to sleep with all the acquired prosperity.

It left the door open for the Spirit of Egypt, of Obama to come in and 'Change' the nation. This Spirit of Isis is very anti-Christian. As noted, the rise of the Spirit of Isis over America mirrors the peculiar celestial alignments on August 21, 2017 that suggests several prophetic nuances that will be considered. The eclipse's apex over America takes place relatively close to the replica of the Temple to Isis in Nashville, Tennessee.

The direction of the cosmos will show the eclipse occurring southeast in Leo from the Temple of Isis or Diana in Nashville. What the illustration will show is that a 'pyramid' configuration off of the horizon can be construed with Venus or Isis at its pinnacle. Adjacent to this pinnacle is the constellation Gemini.



The total solar eclipse of August 21, 2017 will enter the continental USA around the area of Lincoln Beach in Oregon. What is amazing, as others have pointed out is that this traversing of a total solar eclipse in America has not occurred since 1918, exactly 99 years.



Temple in Ephesus

The Temple of Artemis was one of the 7 Wonders of the Ancient World. It was located in the plain of Ephesus in Asia Minor, now Turkey. Ephesus is one of the 7 Churches of the Menorah of the book of Revelation.

The Point of No Return

Another interpretation of Nash-ville is a rending of the place of the Serpent, as in Nachash the Shining One. What is prominent on the day of the total solar eclipse over Nashville is that at a line can be drown from the Ecliptic to the horizon of the sky. This geometry produces a pyramid from the base of the horizon and the Temple of Isis. t the pinnacle of the capstone is Venus in Gemini. Venus, again is another rendition of Isis, the Queen of Heaven. Thus on this day on the rising horizon above the Temple to Isis in America, the planet of Isis, Venus in the esoteric interpretation is preeminent as the 'capstone' of the geometrical pyramid. This depiction is insinuating a correlation to the All-Seeing Eye of Lucifer in the Reverse Seal of the USA that is to 'crown' the tower, the pyramid.

Will this be the time that signals that Lucifer has finally descended and is manifested fully in the AntiChrist and the world? As noted, what is also prominent is that ascending up through the heart of this celestial pyramid is the constellation Hydra. What is noticeable also that at this time, the Virgin of Christ, Virgo is flanking the west side of the base of this celestial pyramid. On the right side of the pyramid base is the ascendency of Argo, the Ark, as in Noah's Ark that was the vessel of deliverance.

As Mars is the god of War and Mercury is the Messenger of the god, while such a celestial depiction mean that a major war will be forthcoming, maybe even that of the Gog-Magog invasion of Israel as Leo and Hydra battle it out? Moreover this Mars, Regulus and Mercury alignment is in exact lineup to the 3 Pyramids of Giza in Egypt. As an aside note, mathematically this pyramid depiction upon the horizon on the day of the total solar eclipse east of the Temple of Isis in Nashville, Tennessee is also in approximate phi ratio proportions from the base of the pyramid to the alignment perpendicularly of the solar eclipse in Regulus to the right side edge of the pyramid to the maximum arc of the phi ratio spiral that runs through Venus. The phi ratio spiral focuses on the delineation of the Mazzaroth between Virgo and Leo.

This study suggests that it is an inference to the ascent of the 2 counter Witnesses, that of the coming AntiChrist and False Prophet that are to be revealing after the Rapture Event. The core of this celestial pyramid is the constellation Hydra that is ascending directly up to the 'capstone'. This is a clear reference to the rise of the Beast, the Red Dragon or rise of the New Phoenix World Order spoken about in the book of Revelation. What is spectacular is that flanked at each end of the pyramid base is Virgo on one side and Argo on the other.

Celestial Correlations

The goddess Artemis of the Greeks later became Diana to the Romans that adopted the religion as they usurped the empire of Alexander. Before the Greeks, this same entity was known and worshipped as Al-lah, the Moon Goddess of the Muslims, Isis in Egypt and before that, Semiraris of Babylon going all the way back to Nimrod.
