Of Times Gone By

Guess the words defined by the clues below. The answers vary in length from three to ten letters long and of these, four are capitalized, one is foreign, one is archaic and two are well known acronyms. The punctuation in the clues may or may not help the solver.

Enter the answers in the grid one after the other starting in the top left corner and in the same order as the clues. Across words that don't end at the rightmost square of the row will continue on the leftmost square of the next row. Similarly, down words that do not end in the bottom square will continue at the top of the next column.

Eleven answers need to be changed into different words before they are entered in the grid. Exactly how they are to be changed is indicated by the Mystery Entry.
