Tournament Director:

Amy Prestia: (941) 468-3202

LDTT Committee:

Wesley Locke, Alison Henderson, Melissa Laterza

RULES

1. No more than two rods can be actively fishing at any one time.
2. Once a fish is hooked, any remaining lines/rods in the water must be reeled in. This will insure that a hooked fish is under control, prevent tangles, and warrant a quick release. [L] [SEP]
3. Fishing Line: Line must be a minimum of 50-lb test rating per the manufacturer. [L] [SEP]
4. Leader: Leader line must be a minimum of 60-lb test rating per the manufacturer, minimum length of 10-ft, and no longer than 15-ft in total length. [L] [SEP]
5. Live bait only. [L] [SEP]
6. Hooks: Only one hook per line may be used. Use of more than one hook, hooks in tandem or treble hooks are not permitted. [L] [SEP]
7. Weights: There will be no weights, leads, split shots or sinkers placed closer than 10-ft from the hook. [L] [SEP]
8. Chumming: Chumming is not allowed. [L] [SEP]
9. Anchoring: No anchoring by any tournament boats unless the boat is disabled and dead in the water. [L] [SEP]
10. Tarpon must remain in the water at all times. Any tarpon that is removed from the water is disqualified for a release. [L] [SEP]
11. No gaffing of tarpon for any reason. [L] [SEP]
12. Any tarpon that jumps into a boat while hooked is disqualified for a potential release. [L] [SEP]
13. The captain or mate can ONLY help an angler at the time of hookup of a fish (placement of rod butt in gimbal) and at any time to make slight equipment adjustments during the fight. [L] [SEP]
14. During a battle with a fish, if an angler gets tired or overwhelmed, another teammate can substitute or aid that person for the remainder of the fight. [L] [SEP]
15. Boats must be operated in a safe sportsman like manner. All judge boats will have the authority to warn or disqualify a team from the tournament for conducting unsafe boating conduct.
16. Any violation of state or federal laws may be grounds for disqualification. [L] [SEP]

17. All contestants and captains agree to be respectful to their official boats and that any ruling/decision by the Head Judge and the Ladies Day Tarpon Tournament Committee is final. [SEP]

18. Shark Rule: In the event of a shark encounter, if it's a confirmed tarpon, a release is counted ONLY if the tarpon is in one piece and alive. If the tarpon has been hit by a shark, but is still whole and not missing part of its body, the release is valid. If the tarpon has been mutilated and a portion of the body is missing or if the tarpon is no longer able to swim away under its own control, the tarpon will not be validated as a release. [SEP]

19. Bad Weather: At the Head Judge and Ladies Day Tarpon Tournament Committee's Discretion, the tournament may be shortened, postponed or delayed due to bad weather and the prizes will be awarded as usual if there have been any Tarpon released during the tournament. Fishing time may be extended but may not exceed 8:30pm.

20. No one team can win both First and Second Place. In the event that one fish is caught in the tournament, the winning team will win First and Third Place (Last fish hooked and released). Second Place prizes will be rolled over to the following year's Ladies Day Tarpon Tournament.

Sportsmanship and radio traffic: All participants are expected to maintain the highest level of sportsmanship at all times. Any action considered detrimental to the Boca Grande Area Chamber of Commerce and the Ladies Day Tarpon Tournament, including but not limited to, foul or abusive language, poor boat operation, or violation of state or federal laws may be grounds for disqualification.

Due to the congested nature of anglers fishing in the Boca Grande Pass, captains are encouraged and expected to make every possible effort to maneuver in a safe respectful manner, move out of the way for a vessel with a hooked tarpon, and to try and maneuver a hooked tarpon outside the fleet of boats.

Anyone using channel 71, the official tournament channel, for anything other than official tournament business will be warned, then possibly disqualified. In order for all judges to clearly hear captains call in the times of hook-up and release, the channel must be clear as much as possible.

If a captain's radio malfunctions during the tournament, someone from his boat can call in the times of hook-up and release to the Head Judge, Sandy Bylaska, at (941) 286-8310.

Releases: An official release will occur when a Tournament Judge verifies the hooked fish is a tarpon, the angler retrieves the line to the point where the tarpon is released with leader or swivel in the mate or captain's hand. After unhooking/releasing the tarpon it must swim away under its own control. Once a tarpon is hooked the captain of the boat must call an official boat on VHF channel

71 right away, and verify a response from an official Tournament Judge.^[L]_[SEP]

Official Boats: Several Boca Grande Area Chamber of Commerce certified judge boats will be in the water to ensure that all competing boats adhere to all rules and to verify tarpon releases. A judge boat's release/non-release decision is final. Any attempt at intimidation or bribery from captain or anglers toward an official boat or judge may be grounds for disqualification. Any final decision that needs to be made will be made by the Head Tournament Judge and the Ladies Day Tarpon Tournament Committee.

Tournament Flags and Numbers: The authorized tournament flag presented to each team must be displayed on the boat at all times during the tournament. **The boat's tournament flag must be placed prominently on the boat, to make sure all judge boats can see the number. When a fish is called in as hooked or released by the captain he will give the boat name and the boat number for identification.** **Tiebreakers:** Tiebreakers will be decided by time of tarpon release. Official time shall be kept by all official boats.^[L]_[SEP]

Who Can Fish: Only registered anglers can fish. A captain engaged in boat operation is NOT allowed to actively fish. Substitutes are allowed but must be approved by the head tournament judge. A captain and mate are allowable substitutes if approved by Head Tournament Judge or an individual on the Ladies Day Tarpon Tournament Committee.

Change of Captain: A change of captain is allowed if and only when the current operating captain communicates and gets authorization from the Head Judge, Sandy Bylaska via cell phone (941) 286-8310 or VHF radio.

Boat Requirements: All boats participating in tournament fishing must be 18-foot or longer in length, seaworthy, have a working VHF radio (Channel 71), and be safe for captain and anglers.

Disabled Boat: In case of a breakdown of a tournament entry boat, the team and Captain will be allowed to use a substitute boat that complies with the rules of this tournament and the same Captain will be required to operate the second boat. In the event of such action, the team or Captain must notify the Head Judge, Sandy Bylaska via cell phone (941) 286-8310 or VHF radio before rejoining participation in tournament fishing.

Protest: A protest must be made by the boat captain within five minutes of the witnessed infraction and called in to the head judge via cellphone. No one other than the designated "captain" will be allowed to make a protest. All tournament judge decisions will be FINAL. The Head Judge will have the final say if any further decision needs to be made.

Overtime ruling: One hour of overtime if at least one fish hasn't been released.
