Boy Scouts - Merit Badge Programs

All programs are over one-day, except Chemistry and Astronomy which are two day programs. Choose the schedule that best fits your group.

Cost of all Merit Badge programs at Rochester Museum & Science Center: $15 per scout, $5 per adult.
Non-refundable 90% deposit, or payment in full, is required for a group of six or more scouts. Payment in full is required for a group of fewer than six scouts.

Scouts must be chaperoned by an adult.

All Merit Badge programs include experiments, related activities, and all requirements for a badge. Program cost DOES NOT include a badge. Badges are available at the Boy Scout Office.

The program will have a 30 minute lunch or dinner break. Scouts should bring a brown bag meal with them.

Please bring blue cards to each session.

Upon deposit, you are responsible for the number of scouts you register. All programs are open to multiple troops and require a minimum number of scouts to run. Registration is closed two weeks prior to the program date. If this minimum is not met, the program will be cancelled. All cancelled programs will be refunded.

All scouting programs at RMSC have a maximum enrollment. Your reservation guarantees placement for your scouts to the exclusion of other scout groups. Due to this policy, **you are responsible for the payment of 90% of your reservation at time of registration regardless of how many scouts attend the program.** Please take this into account when making your reservations.

Please Note: Chemistry and Astronomy are two day programs.
