HOSPITAL IMPROVEMENT INNOVATION NETWORK
LEARNING SERIES

SPRING 2017

Patient and family engagement (PFE) goes beyond informed consent. It is about proactive communication and partnered decision-making between healthcare providers and patients, families and caregivers. It is about building a caring relationship that is based on trust and inclusion of individual values and beliefs.

This three-part learning series will provide participants with case studies and resources to implement PFE strategies in their organizations.

For additional information, contact: Gina Rocha at 401-443-2803 x304 or ginar@hari.org.

Webinar #1
Wednesday, March 15, 2017 - 12:00 p.m. to 1:00 p.m.
