Rules:

1. Any Four Cylinder Front Wheel Drive Cars, Except the following: No Convertibles, No Trucks, No Stationwagons, No Two (2) Seat Coupes - Four (4) Cylinder Engines ONLY! No turbo or super charged engines, No multi carburetors, No rotary engines, No mid or rear engine cars and No Cosworth Engines. Factory stock fuel injection ONLY!
2. Maximum Wheelbase 105”
3. Complete Stock Body - front to rear, stock frame, stock suspension, stock front & rear firewalls STOCK, STOCK! All trunks & hoods will have working stock hinges. Hoods & trunks must be secured with hood pins only - remove all factory hood & trunk latches. Must have a hook or other means, front and rear, for wrecker to hook to. Bumpers must be chained or strapped to frame. All holes in firewalls or floor must be covered with metal. Steering and suspension must be stock - No modifications. ½”allowed, camber allowed measured with carpenter square.
4. Dashboard, steering & pedals must be STOCK
5. All glass except for the windshield must be removed. Lexan windshield is permitted. Vacuum loose glass out of car.
6. All insulation & upholstery under the hood, on the floor and in the interior of the car must be removed. All headlights, tailights, loose chrome, etc. must be removed from the car.
7. Stock engine & transmission for that make and model of the car.
8. Battery may be relocated, strapped securely and covered in an approved manner.
9. Stock exhaust system, exiting behind the driver’s seat. Maximum exhaust size will be 1 3/4 “.
10. Gas Tank - If the stock gas tank is located ahead of the rear axle, it may remain in place. Any tank behind the rear end must be replaced & relocated in the trunk. Use a small fuel cell (8 gal or smaller). Fuel cell will be mounted in the farthest forward area of the trunk securely fastened with at least four (4) straps. All gas lines must run under the car.
11. Tires & Wheels - Stock wheels for that make & model of car. All wheels will be a maximum of 14 x 6 wide. All wheels & tires will be the same size & profile on all four (4) corners. Approved passenger car tires only, No low profile, trick or exotic tires. Maximum tire width is a P195 or 70 series tire (no 65 or 60 series tires). Tires must have a 350 or greater treadwire.
12. Safety Requirements - A rollover bar is suggested - A single hoop rollbar, with two (2) angle bars constructed of tubing may be welded or bolted to the car. The hoop is to be the full width of the car. A four (4) post roll cage is optional. No bars allowed to pass through the firewall. No removing of any interior body panels, except for clearance for driver’s side doorbars. Driver’s side door plates are optional, either over the door bars or welded or bolted to the outside of the drivers side door, overlapping the front and back door seam. Both doors must be welded or chained shut. If a stock seat is used, make sure all tracks are bolted in place. The back of the seat may be secured to the back of the rollbar. A racing seat, mounted to the roll cage is OK. A drivers side window net is required. Lap and shoulder seat bealts required. Racing seat belts are optional, must be mounted in a safe and proper fashion. Helmet must meet minimum DOT standards, a Snell approved helmet is suggested. Gloves and a long sleeve garment required, a racing firesuit and gloves are strongly recommended.
13. Numbers will be assigned by the track. Numbers go on the door area on both sides and top.
14. ABSOLUTELY NO ANTIFREEZE!! ABSOLUTELY NO TWO WAY RADIOS!!
15. Management reserves the right to reject any entry.
