

PRODUCT DATA SHEET

ZAP IT: CONTACT GRASS & WEED KILLER LIQUID EDGER AQUATIC WEED CONTROL

DESCRIPTION

Kills annual and perennial weeds

A highly concentrated, non-selective herbicide that kills all types of small and actively growing broadleaf and grass weeds. Older mature weeds may require reapplication. It will kill the entire plant-root, stems and leaves-but only when it is absorbed by the foliage. It deactivates on contact with the soil and will not leach through the soil to damage desirable plants.

FEATURES

- **NON-SELECTIVE “SPOT” WEED KILLER AROUND LANDSCAPED AREAS**
- **KILLS WITHOUT DAMAGE TO THE SOIL**
- **EFFECTS ARE VISIBLE IN ONLY 1-2 WEEKS**
- **ONLY WORKS WHEN IT IS ABSORBED BY THE FOILAGE, DEACTIVATES ON CONTACT WITH SOIL**

USE AND DIRECTIONS

To Apply: Dilute 6fl. Oz (12 tbs) per gallon of water. For areas with small or seedling weeds, dilute 3 fl. Oz. (6 tbs) per gallon of water per 300 square feet. Adjust spray nozzle to produce large droplets. Spray foliage until thoroughly wet, but not past the point of runoff.

Use as a spot weed control around: Trees, patios, in vegetable and flower gardens, flowers, walkways, bushes, and drive ways
