ANNULAR SOLAR ECLIPSE 2021

The purpose of this illustration is to see where in the Constellations of the 12 Signs of the Mazzaroth the June 10, 2021, Solar Eclipse will occur. This type of Solar Eclipse is called 'Annular' because it does not completely cover the Disk of the Sun during the totality of the event. As a result, the effect appears to be like a 'Ring of Fire' or an outline of the Sun's Disk, which is spectacular. This is in contrast to a Total Solar Eclipse which has the Sun's Disk totally covered and at the peak of its Totality, the sky turns completely dark, as if night along the path of the Moon's shadow, etc. The secondary effect of the Annular Solar Eclipse is that the Ring of Fire that is attributed to its effect is also called the 'Wedding Ring'. Why? It is because as the Moon eclipses the Sun and is positioning in and out of the phase, a burst of light usually centered around a particular area to appear to look like a 'Wedding Ring' as the concentrated light would make-up the Diamond Head. According to Jewish Sages, as the Blood Moons or Total Lunar Eclipses are a bad Omen for Israel, the Total Solar Eclipses are a bad Omen for the Nations. If any geo-political effect is to occur out of this astronomical event, it will remain to be seen and/or interpreted regarding the Nations.

Ecliptic

The path of the Eclipse starts at sunrise in Ontario, Canada on the North Side of Lake Superior. It then will reach the Midway point along the path. It is called the Maximum or its Totality. In this case, the Greatest Eclipse will occur at local Noon time in Northern Greenland. So, 'High Noon' over the North Pole? The Full Eclipse will last for roughly 1 hour and 40 minutes or 120 minutes. Most of the Eastern USA will miss out on the Ring of Fire effect of the Eclipse. For such, only a Partial Solar Eclipse will be seen just after Sunrise. This is complimentary of how those in the Western USA were only able to see the Blood Moon in May but not the Eastern Seaboard, for example. So, it is a rare instance where about half in the USA, a signal perhaps of its deep division that one part got to see the Lunar Eclipse while the other only will see the partial Solar Eclipse.

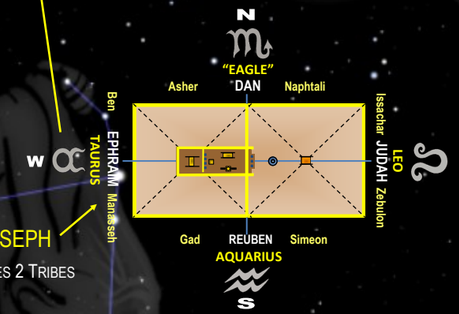
TABERNACLE OF MOSES



JOSEPH
BECOMES 2 TRIBES

The coming of Jesus is preceded by the last 7 years of Jacob's Trouble that will see all this. How so? Bullinger also references that these 12 Astronomical Signs were appropriated to the 12 Tribes of Israel in the ancient past. The Signs were borne upon the Tribe's Standards or Flags for each Tribe of Israel. It is rather interesting that the Sign of Taurus was assigned to Joseph. And that it later spit into his 2 Tribes, that of Ephraim and Manasseh, like the 2 powerful Horns. Could this be then an Astronomical Sign alluding to the prophetic notion that the Time of Jacob's Trouble is about to begin based on where this amazing Annular type of Solar Eclipse is occurring in?

This Eclipse is occurring in-between the Horns of Taurus and is a Wedding Ring affect for the Bride of Christ but a Ring of Fire that is coming to refine and purge Jacob? This is the 2nd part, that of 'The Vengeance of our GOD', that Jesus did not read as He proclaimed the Year of Jubilee when He stood up and read that portion of Isaiah and said that such words were fulfilled in the Nazareth Congregant's hearing. Perhaps this Wedding Ring of Fire Solar Eclipse type in-between the Horns of Taurus is a 'Sign' that indeed the Wedding is come and the Rapture event is about to occur as a prelude to the coming Wrath and Judgment that is to be thereafter unleashed like a charging Bull.
