About Us...

Mission

The mission of the Foundation is to ensure the highest level of educational innovation supporting students, faculty and staff with community involvement in a partnership of lifetime learning.

Broadening the Horizons of Education

Founded in 1999, the Burrell Education Foundation (BEF) is a non-profit organization dedicated to expanding, enriching and enhancing opportunities for Burrell students and residents.

The Foundation is comprised of district educators, parents and members of the community who believe that children are our greatest single resource. The BEF is governed by an independent Board of Directors who oversees the organization's finances, objectives and activities. The Directors work closely with Burrell School District educators to identify opportunities that will broaden the educational horizon for students and enrich life within the community.

Our Commitment:

- Raise private funds to enhance and expand educational opportunities for our children.
- Award grants to teachers for creative and innovative projects which are not funded with the core school budget.
- Support education initiatives by student clubs/organizations
- Develop supportive relationships between the schools and community that enrich our children's education.
- Encourage parent, family and community involvement in our schools.
