Susan Singleton, Field Office Coordinator

Enclosed is the 30 hour sheet to request classes and update your department information. Please select the classes you would like to schedule (this Fiscal Year: July 1, 2019 – June 30, 2020) to use your 30 hours that State Fire Rescue Training may provide, at no charge. Once you select your 30 hours, if there are other classes you would like to schedule that are not listed here, please designate by putting the letter “O” (for Other) by that class and we will try to accommodate your request. We will continue to provide classes as long as our budget allows.

Fire Commission Paid For Classes: THESE ARE NOT PART OF YOUR 30 HOURS

Wildland Awareness – 4 hrs
Fire Blast
1403 Live Burn class

Survival/Rescue – 16 hrs
Drivers Simulator
Flashover

These classes will be offered 1 class per county. If you want to host one of these, please email Wally at mike.wallingford@kctcs.edu separately from your 30 hour request form.

IFSAC – Instructor 1 class is offered on even years – 1 class per training area
Instructor 2 class if offered on a limited basis.

Please review and complete the information and class form and return it by:

July 15, 2019

We will assign classes once we receive this form. If you have questions about completing this form or about training you would like to request, please email Mike Wallingford at Mike.Wallingford@kctcs.edu

ATTENTION: All requests must be submitted by the Chief or the head Training Officer. Please advise your staff not to contact this office requesting either instructors or equipment or trailers.

Training Officer - please advise your Chief that you have received, completed, and submitted this form to SFRT 6.

We will continue to do classes as long as we have money in our budget. There are certain classes where I will assign more than one SFRT instructor. When practical skills involve moving apparatus, or higher hazards, we will send at least two instructors to ensure safe evolutions. In addition, CPR/First Aid and many medical courses have student/instructor ratios to which we must comply. Multiple instructors will reduce the number of topics/training nights you receive but will permit us to provide the best training we can. If you would like assistance in planning your training program, please email Mike.Wallingford@kctcs.edu
