Bonita Springs, FL 34135

Dear Mr. Jack & fellow Board of Directors:

Operation Open Arms has a very simple Mission Statement. OOA provides every possible tangible benefit to US Troops on active duty returning from combat and/or foreign duty stations from around the world. Benefits include but are not limited to free 1 week vacations and same day PTSD Mental Health Care.

OOA does not provide alcohol or tobacco products to those who protect our freedoms.

OOA is the only Florida 501(c)3 charity or organization honored by two sitting US Presidents and the subject of two appearance on The Today Show (NBC). In 2012, Florida Weekly magazine named OOA the SW FL Charitable Organization of the year. OOA has been able to achieve all of this without attention to salaries or payroll. Operation Open Arms expanded to Maryland in 2011. 3,269 US Troops from all 50 States have received 11.9M in direct benefits.

Thank you for your generous donation. Our troops salute Captain Jack Chadwick and those who serve on the SRCF Board of Directors.
