## MEMORANDUM

**To:** Residents and Property Owners

**From:** William H. Burr, IV, P.E., Borough Engineer *WLB*

**Date:** August 9, 2019

**Re:** Start of Construction Notice  
Hampton Borough, Hunterdon County, NJ  
MC Project No. HMT-070

---

Please be advised that the Borough has awarded construction contracts to Cifelli & Son General Contracting, Inc. and Tilcon New York, Inc. to construct new concrete curbing and/or resurface the roadway in front of your property. These improvements will be constructed as part of a two-phased project. The first phase of work will include constructing new concrete curbing in select locations throughout town, as well as, select sidewalk replacement. Once the first phase of work is complete, Tilcon will be used to perform milling and re-paving work.

The purpose of this correspondence is to advise you that work on the first phase (i.e. concrete work) of the project is scheduled to commence on or about Wednesday, August 14, 2019, weather permitting. This portion of the project is anticipated to take 2-3 weeks to complete. Please be aware that you will not be able to access your driveway for a period of 48 hours after the curbing is replaced across your driveway opening. The contractors will provide you with a notice at least twenty-four (24) hours before the curbing is replaced at the end of your driveway so that you can plan accordingly.

During construction, there will be the usual instances of road delays, noise from equipment, etc. As with all construction projects, we urge residents to proceed with caution in areas of construction. The Borough and its contractors will make every effort to keep these interruptions to a minimum and complete this project within the scheduled time. Once the first phase of work is completed, the Borough will schedule the second phase of work which will include the final paving of the roadway, as described above.

If you should have any questions regarding this notice or the project in general, please do not hesitate to contact me at (908) 238-0900. Thank you in advance for your cooperation.
