Marseille: a 2010 Trakehner stallion born in Denmark, licensed in Germany and owned in the USA.

Marseille is a large framed, impressive stallion in all aspects of his conformation with a harmonious profile in carriage. He is blessed with enormous elasticity, movement with alignment, amplitude and balance particularly in his groundcovering walk and uphill canter.

Not only has the Dressage discipline been laid into his cradle, but at the jump, Marseille knows to convince breeders with his phenomenal technique. In his Freejumping he shows himself with exceptional manners and tremendous jumping talent, demonstrating scope and perview.

The Trakehner Verband Breed Director Lars Gehrman described him at his Licensing as “impressive, harmonious and well balanced, significant towards his total grading as a breeding stallion.”

Marseille has been contracted to Landgestüt Zweibrücken, he has been in training with Dorothea Schneider (Olympic Silver Dressage), ridden by Natalia Cherevishnya (UKR). Marseille has the honor of licensing with PRSP (RPSI and all Southern German Breed Registries). In 2013 he competed in five riding horse competitions (3- to 4-year-olds), placing in all with three firsts and a Championship. The 30-Day Test awarded him the highest score, including two 10s, of all Trakehner stallions in Germany for 2013.

His sire, Prince Patmos, was highest-priced and Reserve Champion Stallion in Neumünster 2008. His granddam is one of the last living Donauwind daughters. The illustrious EH Gribaldi is his dam's grandsire. His dam line has produced Grand Prix horses and licensed stallions: Mahon, Maiklang, Maizauber, Meilenstein, Mohammed and Namur.

Proudly we offer Marseille, “a stallion as you wish for, uncomplicated, elegant and eager to please with a tremendous work ethic.”

We eagerly await his 2014 foal crop!
