Prior to arrival each day, you must complete the online health questionnaire. Upon arrival, there will be a mandatory COVID-19 screening process.

## MEDICATIONS AT CAMP

Parents of children requiring prescription medication while at camp must complete a Medical Consent Form. Medication must be stored in its original container with only the one day's dosage in it and submitted to camp staff each morning. Do not place medication in with your child's belongings for self-administration.

## EPI-PENS & INHALERS

Any child bringing an epi-pen or inhaler to camp must bring it in a separate fanny pack/case that the child must wear at all times. Please check expiry date on supplies prior to the start date of program. A Medical Consent Form will need to be completed on site.

## ILLNESSES/ABSENCES

To ensure everyone has an enjoyable program, please be respectful of the exclusion guidelines for communicable diseases. Know when to play, and when to stay away to prevent the unnecessary spread of common childhood illnesses. If your child exhibits any symptoms related to COVID-19 during the day, they will be placed in a designated isolation room, public health will be contacted and you will be asked to come and pick him/her up immediately. If your child will be absent for any reason, please contact the Camp Director.

## VISITORS

In order to adhere to the Ministry of Health guidelines related to COVID-19, no visitors will be allowed in the building. If there is an emergency or you need to pick up your child before your requested time slot, please contact our Camp Director at 519-502-1088.
