Dan Charles spoke about:

- The blatant destruction that is happening on the range. Someone has shot the wooden rests he made 20 years ago, shooting hunks of concrete, using Tannerite, took a club chair, shot it and left it on the range, he has also left 100-200 rounds of brass on the ground. They are working on figuring out who this is, they think he smokes Sonoma cigarettes and uses Federal 45's. You are permitted to use paper targets only on the handgun and rifle range and to use clay birds only on the trap range.
- The heaters have been installed in the archery building. There is a red button near the 30-yard line. When you press it, the heaters come on for 20 minutes, and you can press it again if it cools off.
- The Club purchased a new mower. The John Deere mower threw a bearing, pulley and belt. It is being repaired and will be up for sale, they are selling for \$3,000 to 4,500 online.
- Saturday Work Day-we need to cut up a 100 ft tree that is on the handgun range, clear trees between the trap range and the creek and repair the wood burner.
