- Service contracts
- 2 Original tax receipts

House Sitting
Plant Care
Child Care

Pet Sitting
Dog Walking
Senior Care

Most household insurance policies offer only **limited coverage** if your home is not checked regularly while you are away. Our sitters will give your home a "lived-in" look by **Visits** or **Live-ins** and will:

- Collect flyers, newspapers and mail
- Adjust lights, drapes and blinds
- Inspect your home and premises to meet your insurance requirements
- Water and feed your plants
- Clear snow from walkways and driveways
- Mow your lawn and water your garden

Maintaining your pets routine in its' familiar surroundings - what can be better!

- Regular feeding, exercise and play
- Care of all types of domestic pets
- Veterinary contact for emergencies
- Weekday Dog Walking, Hourly Pet Sitting, Vet-a-Pet service and so on.

Child and **Senior care** services are provided in-home and are available on an occasional Hourly or Live-in basis while you are away.

HOME CLEANING

We offer a personalized service by sending you only one cleaner, who grows to know your needs. Whether you reserve weekly, bi-weekly, monthly or just occasional service, we like to send you the very **same great cleaner each time**.

Your cleaner will clean your home according to **your** priorities: dusting and polishing furniture, washing or waxing floors, vacuuming carpets and scrubbing the kitchen and bathrooms.

Your cleaner can also add those "special touches" such as wiping windowsills and baseboards, spotwiping cupboards, doors and door frames, changing and making beds, even taking out the garbage.

That's not all . . . Your cleaner can also do the **big jobs** which many other cleaning services charge extra - laundry and ironing, washing inside windows, cleaning the oven or refrigerator, washing dishes, polishing silverware and more.

VACANT PROPERTY CARE RENTAL MANAGEMENT

Whether you are **Relocating** to a new job or **Moving** to a new house, we will give your home a "lived-in" look, maintain the property and satisfy your insurance requirements.

Reliable property inspections and maintenance are essential when properties are **Vacant** for an extended period of time.

We can also care for **Power-of-Sale** and **Estate Properties** requiring simple or comprehensive care. We will liaise with real estate agents, lawyers, purchasers, vendors or other parties as required.

Rental Management services are available for those owners who rent their properties, we will **Collect Rent** and act as a **Landlord** for the tenants.
