Volume XXIV, Issue V, May 2022

## WHATS COOKIN', GOOD LOOKIN'?

Need to freshen up your backyard barbecue station?  
Have we got some deals for you!

**Weber E-210** with 90 sq" of cooking space and  
so much more! **\$465.69**

**Weber E-310:** This bad boy has  
105 sq" — that's a whole lot of extra room for  
activities! **\$564.99**

Not into the fancy-dancy things? We  
have the 22.5" **Smokey Joe Old-  
fashioned charcoal BBQ** in stock,  
too. **\$124.59**

Come on into Island Hardware and check it out! We can also  
talk about Traegers Grills and pellets.

If you feel like it's too much work to assemble these grills, we have a  
team to do it for you. Just \$50 and these two kids can knock the assembly  
out, **and**, for an additional \$15 delivery fee, have your BBQ delivered the  
same day.

## LOVE ORCAS ISLAND!

Many of you know that Mila and I are fortunate to be able to pick a place  
in the sun in the winter months in the southwest. This does two things for  
us. It gives us a chance to warm our old bones, but more importantly, we  
get to appreciate our summer paradise called Orcas.

Water in the desert is so precious that some local governments are trying  
to legislate to abolish grass to save water. Try that on Orcas, Mr  
Legislator. Oh wait, our mayors are farm animals — no problem.

I get a chance to truly appreciate our store, it's amazing staff, and the  
loyal islanders who make this little store in the woods run so  
magnificently. I sit around a campfire with my desert friends and explain  
that we need no fencing around our business — the honor system rules at  
the Hardware. They have a tough time with the no fence concept until I  
tell them that some of our loyal customers actually root for the store's  
success and are proud of the fact that they're helping the staff make a  
living wage for their families. I then ask them when they last took the time  
to root for their favorite Target store's success?

Just as I think I'm making progress with my desert friends, I mention  
that a few of our contractors who have a tough time scheduling their  
orders actually have a key to the store. That's when they look at me in  
utter disbelief. I did choose to omit the fact that we have a staff member  
and his pitbull living upstairs in Harriet's old apartment.

How on earth can Island Hardware save  
me money, make a small markup, and buy  
Costco household products at the exact  
same price as I do? Here's an example: If  
it's in stock at Costco Burlington, you can  
purchase a giant pack of 6 jumbo rolls of  
Kirkland TP (everyone's favorite) and  
save \$2.26 over buying the same product  
from us. Of course, you'd have to burn  
\$4.00 per gallon gas to get there and back.  
Oh, yes, there's the ferry fare. Have I  
mentioned the value of your time?  
If you're anything like me, I usually am  
on the last roll and **need it now!** 😊  
(See back page for Costco list.)

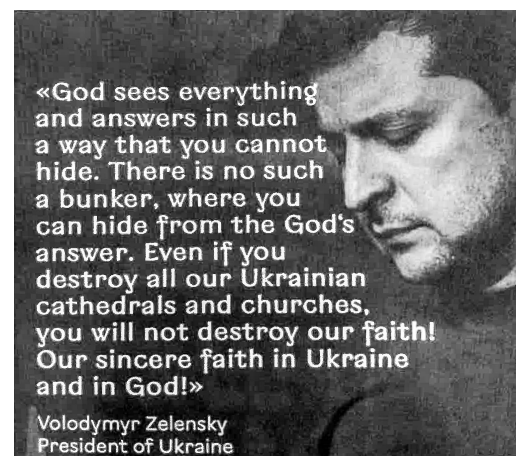

Should we be required to purchase the  
number that the supplier chooses?  
Well, yes, on the rest of the planet.  
Not here. Buy what you want at  
Island Hardware — you have the  
option to buy one or 100. And check  
out these prices!

**Duracell: AA 79¢ D \$2.19**

**C \$2.19 9-volt \$4.09**

**Kirkland: AA 49¢ AAA 49¢**

«God sees everything  
and answers in such  
a way that you cannot  
hide. There is no such  
a bunker, where you  
can hide from the God's  
answer. Even if you  
destroy all our Ukrainian  
cathedrals and churches,  
you will not destroy our faith!  
Our sincere faith in Ukraine  
and in God!»

Volodymyr Zelensky  
President of Ukraine

When was the last time a country's  
President donned a "Flack Jacket" and  
lead his armies against a tyrannical  
invader to save his people?

## **COSTCO PRODUCTS WE SELL**

### **HOUSEHOLD SUPPLIES**
