2014 Q1**

FERC-AFGE Local 421 Quarterly Report

FERC Employee Telework Use 2014 Quarter 1

Per Article 8, Section 8.9.1 of the Labor-Management Agreement (LMA), FERC management provided the Union with data on telework use by FERC employees. The data is extracted from the WebTA system and shows telework use by office, division and branch for each pay period. The Union used the data to produce this report.

In 2014 Quarter 1, the average telework use in each office, sorted by percent of employees who teleworked during the pay period (Column 3) is:

Pay Period	Page	Total Number of Employees	Employees who teleworked in pay period		Employees who teleworked one (1) time in pay period		Employees who teleworked two (2) times in pay period		Employees who teleworked three (3) or more times in pay period	
			#	%	#	%	#	%	#	%
OEIS	36	18	12	67%	3	19%	3	18%	5	30%
OER	26	96	59	62%	13	13%	20	21%	27	28%
OEP	7	332	199	60%	47	14%	59	18%	93	28%
OED	14	130	78	60%	25	19%	27	21%	26	20%
OEMR	29	236	138	59%	36	15%	43	18%	59	25%
OGC	5	189	106	56%	38	20%	32	17%	37	19%
OAL	19	86	47	54%	17	19%	16	18%	14	16%
OEPI	34	57	23	41%	11	18%	7	11%	6	11%
OALJDRS	36	38	12	32%	4	11%	7	18%	1	3%
OSEC	35	20	5	24%	2	8%	2	8%	2	8%
OEA	4	20	5	23%	2	11%	2	8%	1	4%
OE	22	185	42	23%	29	16%	7	4%	6	3%
All FERC		1432	727	51%	227	16%	224	16%	277	19%

The report is intended to give employees information on how telework is being implemented and used across the Commission. At least with this initial report,¹ the Union does not analyze or make judgments on the variations across FERC offices. Employees can make their own assessments.

We have tried to present the data in a clear and easily understood format.

- **Table 1** provides summary data for all employees in each office and for all FERC employees. It shows the total number of employees and the number and percent of employees that teleworked one, two or three or more days in each pay period.
- **Table 2** provides detailed data for all organizational subdivisions within each office. It excludes percentages for each level of telework use because they are not very meaningful when there are only a few employees in a branch.

Both tables break down the data by pay period. These pay periods correspond to the following calendar periods:

Pay Period	Associated Dates
201402	12/29/2013 - 01/11/2014
201403	01/12/2014 - 01/25/2014
201404	01/26/2014 - 02/08/2014
201405	02/09/2014 - 02/22/2014
201406	02/23/2014 - 03/08/2014
201407	03/09/2014 - 03/22/2014

A Final Note:

While this quarterly report provides periodic information on telework use, another provision of the LMA is intended to provide employees in each division of an office with real-time access to the telework schedules of everyone else in that division.

¹ This report presents data for the first quarter of 2014. The Union has asked for the data back to at least the pay period when WebTA was implemented in all offices. When we get that data, we intend to publish it in a report similar to this one.

Section 8.9.2 states:

Employees in each division of each office will have real-time access to Telework schedules of every employee in their division for planning purposes and transparency.

Offices vary in their method of meeting this provision. If an employee cannot easily determine another employee's telework schedule, the employee should first ask their office's Administrative Personnel for an explanation of how the office makes telework schedules accessible. If the office appears not to be following the agreed-upon provision, please notify a Union official.
