

Go Green Club

Introduction

“Our planet is a lonely speck in the great enveloping cosmic dark. In our obscurity – in all this vastness- there is no hint that help will come from elsewhere to save us from ourselves”

- Carl Sagan.

The **Go Green Club** is an initiative to do our bit to decelerate the pace at which we are heading towards the impending tipping point for earth. So let us all work together and help save our planet and all life forms that it sustains.

Go Green Club

► OBJECTIVES:

1. To raise environmental awareness among College students.
2. To help students master skills such as farming and caring for plants.
3. To create awareness of biodiversity conservation and local environmental issues among students.
4. To create a “clean and green consciousness” among students through various innovative methods.

Activities

- ▶ The activities that the Club plans to conduct during the academic year 2017-18 are as follows

- ▶ **Painting competition**

- ▶ **Documentary screening**

- ▶ **Waste recycle drive**

- ▶ **Grow your own food**

- ▶ **Green and Clean drive**
