**No Known Nov. Losses!**

**I'm Back! (KAY)**

After surgery and chemo am still recovering from the effects of surgery, chemo for ovarian cancer and after effects of my body reacting to nearly every med given! Am trying to regain my strength after having lost 40lbs and sense of taste. I have several neuropathies in hands, feet and lower legs. Thank God for Pain Management Drs. (not that any of you would know anything about any of that!) HA! At the beginning of all this my computer crashed and was having to struggle to get out newsletters so when surgery was required, Dean Lewis took over and worked quietly in back ground. Bless his heart he & Margaret were sending little notes & funnies trying to keep my spirits going. More times than not I thanked you all for the iPad as it was my connection to outside world. Dean did news letter and updates for most and I was able to get out our bereavement notices. Then came chemo and series of unexpected problems which inc. week in hospital in reverse isolation.

Well stamina is beginning to return. Slower than hoped but here we go. Please don't expect too much! Feel free to share info an 50<sup>th</sup> Anniversary. We know there were more out there in 2014...shared what we those we knew about...more coming! Dean found a neat way to share them.

**GOOD NEWS:** Dr's latest reports show No Evidence of Cancer! Horray! Now we continue to fight off the effects of Drugs! Life is good & some days better than others! ☺

Hey guys & gals...these newsletters get harder & harder...anyone out there want try it? Well at least share the news or tidbits from n about friends, anniversaries and other celebrations!

- 2- There are two kinds of pedestrians . . . The quick and the dead.
- 3- Life is sexually transmitted.
- 4- Healthy is merely the slowest possible rate at which one can die.

- 8- Whenever I feel blue, I start breathing again.
- 9- All of us could take a lesson from the weather. It pays no attention to criticism.
- 10- In the 60 's, people took acid to make the world weird. Now the world is weird and people take Prozac to make it normal.
- 11- How is it one careless match can start a forest fire, but it takes a whole box to start a campfire?
- 12- Who was the first person to look at a cow and say, 'I think I 'll squeeze these dangly things and drink whatever comes out '?
Hmmmmm, How about eggs ? . . .
- 13- If Jimmy cracks corn and no one cares, why is there a song about him?
- 14- Why does your OB-GYN leave the room when you get undressed if they are going to look up there anyway?
- 16- If corn oil is made from corn, and vegetable oil is made from vegetables, then what is baby oil made from?
- 17- Do illiterate people get the full effect of Alphabet Soup?
- 18- Does pushing the elevator button more than once make it arrive faster?
- 19- Why doesn't glue stick to the inside of the bottle?
- 20- Do you ever wonder why you gave me your email address?

More for your money than in any other cigarette!

You get many extras in LUCKY STRIKE as a result of that famous and exclusive "TOASTING" Process. Extra Goodness—forced in when certain harsh irritants are forced out. Extra Mildness, mellow-mildness—resulting from the purging and purifying of every tobacco leaf. Extra Deliciousness—from the world's choicest tobacco—the Cream of many Crops. Extra Refinement—from the use of modern Ultra Violet Rays.
