

North Dakota Envirothon

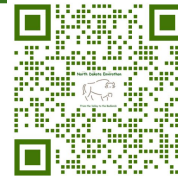

From the Valley to the Badlands

**North Dakota State Envirothon
May 7-9, 2025 at Crystal Springs**

The North Dakota Envirothon is a hands-on, problem-solving natural resource competition for high school students. Teams of 5 compete in the areas of soils, aquatics, wildlife, forestry, and prairie. These 1-day events cost only \$25/team. We encourage all teams/schools to try out an events to see what an Envirothon competition is all about. Each competition is mostly outdoors and includes team testing and education stations hosted by natural resource professionals. Registration and study resources are available on our website: ndenvirothon.org

Fall Regional Envirothon Events:

- Mouse River Loop - September 18, 2024 at the Upper Souris National Wildlife Refuge
