**From Your
Florida District Directors
Fred and Karen Kennedy
(FL1-D, FL1-E2)**

Holiday Greetings to ALL!

Karen and I hope everybody had a safe and delicious Thanksgiving!

Well, so far, so good! With a whole month under our belt as Florida's District Directors, Karen and I feel like we are holding our own; however, we are still learning quite a bit about the operations within the District and most especially, all the things it takes to plan a rally! Boy, does it take a lot of organization and pre-planning to insure a successful outcome. We recently paid a visit to the new venue and I really like it. It isn't the sprawling facility from previous years, but it is a great location that perfectly fits our needs. There's plenty of room to lounge, relax, meet, eat, learn, play and

have lots of **FUN!!!** For those who enjoy sweating to the oldies, there is even a very well equipped fitness center. For on-site dining, the Gator's Den Sports Grill and Lounge will be opening for lunch and dinner and I can personally attest to how delicious their burgers are. The management and staff are super excited to host our group and everyone I encountered was very friendly and helpful. If you haven't made your reservations yet, you'll want to do so soon, as rooms at our block rate are going fast and selections are becoming very limited.

Another exciting announcement... Rally competitions are back! Chapter Collage, Chapter Mascot, Chapter Banner as well as Costume and Talent Competitions! The rules and requirements are available on the District web page, select 2024 Rally at the top, then click on the box for 2024 Rally Competitions to access a complete listing.

Prefer to camp while attending the rally? There's a discounted list of campground and rates listed on the same page!

We will also be adding a couple of new **FUN** activities, like a Horseshoe

(Continued on page 2)

(Continued from page 1)

Tournament and a Pajama Party/Movie night, not to mention van excursions to local attractions!

Your staff has worked very hard to make this rally special and I think everybody will have lots of **FUN**!

I'd like to thank Assistant District Directors, Harry and Lynn Anderson, for finding this new location and working diligently to make it happen and I cannot thank Bill and Cheryl Smith enough for their endless guidance and efforts to pass on their knowledge to us.

Our first District activity will be the 1st Ride of The Year to the Shrimps R Us feast! The menu is filled with delicious selections and everybody will have plenty to eat. Please RSVP as soon as possible and send in your

registration, so we can be sure about the number of attendees and to insure plenty of vittles for everybody! Karen and I are really looking forward to meeting and getting to know everybody there.

We are not planning on any major changes to the way things have been done in the past, however, due to the extreme distances from our home, communications between us and the chapters will have to be by video at first and in person as time goes by. Remember, Florida isn't just MY District, it's ALL of OUR District and we need your input to head off any issues and to make positive changes within our organization. Chapter Directors... we want you to feel comfortable enough to feel like you can contact us when needed. Our goal is to always be available to help you and

your chapters prosper and to keep things **FUN**!!! Be watching for the schedules and topics for the upcoming Chapter Conference/Zoom meetings. We look forward to communicating directly with all of you soon!

Update on my trike... It's finally in the shop!!! We hope to get it back soon, certainly soon enough to ride it down to attend the Shrimps R Us gathering! We're keeping our fingers crossed!

As always, we do so look forward to the time when we are together again, so until that time arrives, have a Merry Christmas and a Happy New Year!!!

Ride Safe, Ride Often... but most of all... **RIDE!**

Fred and Karen Kennedy
Florida District Directors
The **FUN**shine State,
where **FUN** is #1!

Pat Van Lengen
District Treasurer

Merry Christmas!

Wishing you all the happiness your holiday can hold!

Looking forward to seeing you January 1st, at Shrimp R Us, the district's first ride of the year to Welaka.

Today is a GREAT Day to Register for the 2024 Florida District Gathering of Friends for FUN

**Ed & Jeanette Carr
Assistant District Safety /
Ride Coordinators /
District Rides**

We've Got Rides For You

We want to wish everyone a Merry Christmas and a very Happy and prosperous New Year. We also hope everyone had a very Happy Thanksgiving and didn't eat too much turkey. By golly, the time is dwindling down to the New Year. 2024! WOW!

The Annual 1st Ride of the Year is just around the corner

and the District is ordering a spread and we need to know if you're in! RSVP and prepay now to secure your spot at the table. Get your registration in by December 21 and your Armband will be waiting for you! Price: \$30.00 per person ALL You Can Eat Buffet Lunch begins at 12:00pm.

We want you all to come with us to the **Ride - In to South Florida**. Make plans and mark your calendar! Let's have a Ride -In to John Stretch Park, 47225 US 27, Lake Harbor, FL, for a brown bag lunch and **FUN** with Friends on Saturday, February 17th, 2024! It all starts at 11:00am and won't go past 2:00pm. That's right, you bring your own food and drink and of course Yourselfes to have **FUN** with friends from other Chapters. We will have some games, a 50/50, a Raffle the Raffle Ticket drawing and some

prizes! Come on your bike, trike or 4 wheels. It doesn't matter because the point is to have **FUN**! Remember - it's a lot more F_N with U! Please RSVP to your Chapter Director! Spread the word to everyone.

Then, there's the Florida District Gathering of Friends for **FUN** with the 50's, 60's and 70's TV Shows. It all takes place at the Best Western Gateway Grand Hotel and Conference Center, in Gainesville on March 14th – 16th, 2024. We are coordinating with Mike Ewing, Chapter FL1-Y Safety/Ride Coordinator, Chapter FL1-Y Chapter Director Kenny Kellam, Carlos Lozano, Florida District Newsletter Editor and Karl Kaufmann, Senior Sales Manager, Best Western Hotel. We are all working very hard on the guided rides, so that they can be ready for you when you arrive at the rally.

The Tradition Continues...

Join us for the

First Ride of the Year

Shrimps-R-Us

January 1, 2024

Hope to see you there!

Carl Williams
Asst. District Director
(FL2-B2, FL2-F, FL2-H & FL2-G)

I would like to welcome Fred and Karen Kennedy as the new District Directors and thank them for stepping up to fill this position. They have some big shoes to fill, but have gotten off to a big start with planning our District Rally on March 14-16, 2024, in Gainesville and the first ride of the year at Shrimps-R-Us January 1, 2024. When you see them, make sure to welcome them.

Rick and Pam Northrop have started a new chapter, FL2-P,

"Heartland Riders" Lake Placid/Sebring. Their 1st meeting was November 9. What a great turnout!

Bill & Cheryl Smith
Rally & Vendor Coordinators
(FL1-A, FL1-B, FL1-M, FL2-A, FL2-O,
FL2-R)

Cheryl and I hope everyone had a Happy Thanksgiving. We are grateful and thankful for having all of you to have **FUN** with and ride with. Being a part of EWMA brings us all together as Friends for **FUN**, Safety and Riding!

December is the time for holidays and more **FUN** together. Be sure to get together with your friends for some rides and a Holiday Party!

So what happens next? It will be time for the 1st Ride of the

Year at Shrimp R Us in Welaka, FL! Be sure to get your registration into the District Treasurer, Pat Van Lengen, by December 21st (my birthday by the way), so we can have as accurate of a headcount as possible. We hope to see you there because it is always **FUN** and the food is always great!

The next thing on the District Calendar is a District Ride-In to South Florida! It will be held at John Stretch Park in Lake Harbor near Clewiston. This one is a "bring your own brown bag lunch" and we will have a 50/50, some door prizes and a raffle the raffle ticket drawing! Come join in for the **FUN** and Fellowship, not to mention the ride to the event!

Be sure to send in your Florida Rally registration ASAP! It really helps us with the planning so you can have the best Rally experience possible. When you sign up for the Thursday Dinner

remember to select your menu selection(s) on the flyer. Also, get those reservations made at the host hotel, the Best Western Gateway Grand! The sooner you make those the best chance you have to get the type of room you want. They tell me reservations are coming in fast and it looks like a big event! Remember, the Rally is right around the corner, March 14th – 16th, 2024 and if you want to sign up for the First Aid/CPR class you must be fully registered and it is on Wednesday the 13th of March; so make your hotel reservations accordingly. Space is limited in the class, so get that stuff done ASAP! All of the information is on the Rally Flyer! Go to ewma-florida.org/2024-rally.html to download the flyer.

Have a Very Merry Christmas, Happy Hanukkah and a Happy New Year!

It's right around the corner, register today!
***"2024 Florida District Gathering
of Friends for FUN"***

Gainesville, FL
March 14-16, 2024!

Dominick & Diane DeSiato
**District Safety /
Ride Coordinators**

CAN YOU STILL SEE ME NOW?

We do many things to help us be more visible to other drivers in traffic. Let's start by talking about "Hi-Viz" jackets. Colors vary with motorcycle jackets. The idea for riding safety is to pick the brightest color you can that you think will make other drivers see you and single you out in traffic. The latest bright color most of us are using is Hi-Viz "fluorescent green". It is definitely a color that stands out. The problem with any color is that it should be different from other colors in the riding environment so it makes you stand out. Hi-Viz fluorescent green is now being used by all types of entities. Police, Fire Fighters, Road Workers, Pole Line Workers, Tree Trimmers, and many others including Pan Handlers are all wearing Hi-Viz fluorescent green. The advantage of motorcycles riders

wearing a color that is unique has now faded away. Drivers have become accustomed to seeing Hi-Viz fluorescent green, so the potential to gain attention is gone. So what is the solution to the jacket issue? Maybe it's time to alternate colors. I have found that the bright colored jackets begin to fade after about 3 years. I have been buying new jackets about every 3 years, not because they have worn out, but because they have faded to the point where their bright attraction is gone. What I am going to start doing is change colors every time I replace jackets. This might solve the problem of blending in with the rest of population wearing the same colored jackets. A white or light colored Hi-Viz helmet can also be very helpful to be more visible in traffic. A car driver might think: "look at that "Q-Tip" on that motorcycle". But, at least they saw you.

There are other things we can do to be more visible in traffic. Put more lights on your motorcycle. Adding auxiliary "driving lights" to the front of your motorcycle is helpful to be more visible. Driving lights should be mounted below the headlight to form a "light triangle". Forming a triangle with your front lights separates you from car headlights which are all horizontal blending in to

one another. Having those driving light equipped with "amber" colored lenses instead of white also makes you stand out more. Other strip lighting can be added on other places on your motorcycle: front, sides and rear. Just remember, in Florida some colors of auxiliary lights have restrictions by law. On the public roadways no "blue" light can be visible at all. "Red" lights can only be used if visible only from the rear of the motorcycle. All other colors can be placed anywhere. No lights can "flash" on a continuous basis. Flashing "red" lights can only be displayed if they are in conjunction with braking.

Others things you can do to be more visible in traffic is to move around a lot more. The whole lane is yours. The lane is about 12ft. wide. You on your bike is only about 3ft. wide. Trikes are about 5-1/2ft. wide. That gives you plenty of room to move around. This moving around action makes your headlight appear to flicker around which will attract attention. Always position yourself in your lane so you are more visible to oncoming traffic and not in the blind spots of any vehicle you are riding next to. Ride as if you are invisible. To many other drivers you are invisible. Always give yourself a way out

(Continued on page 7)

(Continued from page 6)

or an "escape path" should another vehicle make a move into your space. Ride with your bright headlight on in the daytime. If there is a vehicle waiting to turn left from the opposite direction, **do not** flash your headlight to gain attention. This can be misinterpreted as you giving them permission to turn in front of you. If your bike has a weak horn consider

installing a louder horn(s). If you are going to mount a louder horn, you must install a "relay switch" in order to get full advantage of the loudness of the new horn(s). On a smaller motorcycle, you can't just unplug the stock horn and plug in a larger horn(s). The stock system probable can't handle the addition amperage load. That is why you need a "relay switch". The relay switch connects your new horn directly

to the battery giving you the power needed for the new horn. There are "YouTube" videos on this subject you can watch to show you exactly how to wire the new horn(s).

Remember: Despite wearing apparel that screams "Look at me!" we may be at risk of becoming increasingly unremarkable.

We are here to assist you in safe riding!

Harry & Lynn Anderson
Assistant District Directors
District Hospitality Coordinators
(FL1-H, FL2-D)

Those who can hear the jingle of the Christmas bells, are those that still believe in the spirit of Christmas. So, says the young man from the Polar Express. Can you still hear the bell???

I imagine a lot of us can and still believe in Christmas.

Although, I think a lot of us stopped believing in Santa Claus a long time ago. Do you remember when you stopped believing in the jolly old man in the red suit? For some of us, it just happened and we didn't even notice it had happened. But even today, some of us made sure our children and grandchildren believed as long as possible. I will tell you that, when my children and grandchildren no longer believed, somehow Christmas and Easter didn't seem the same. The rest of this article came from a Readers Digest years ago and I think it holds true today:

"I was about eight years old and desperately wanted to belong to

the boys gang up the street. They were a grade ahead of me, but I felt I could still be one of them. On this particular day, I was tagging along and trying to deflect their teasing, calling me a baby, Mama's boy and so forth. Finally, the larger of the Group said "I bet you still believe in Santa Claus". "Oh no I don't!!" I retorted. "Oh yeah" he snickered... "Then who is it?" Without thinking I shouted back "MY DAD!!!" Suddenly I knew I had just passed through a door of life that I could never ever go back through. But, as I grew through the years I have kept Christmas as if I was still eight years old."

Merry Christmas and a very Happy New Year to all my Eagle Wings Brothers and Sisters!

Happy New Year!

Claudia Vega
**Assistant District Safety /
 Ride Coordinator /
 First Aid/CPR**

***ANOTHER GREAT YEAR
 COMES TO AN END – BUT
 A NEW YEAR IS JUST
 AROUND THE CORNER***

As I sit here writing this article I am having a hard time believing that 2023 is coming to an end. This year has just flown by. I already have events on my 2024 calendar to attend and that includes the 2024 Florida District Rally. It is less than 4 months away. WOW I just can't believe it – where did this year go!

Speaking of the Florida District Rally – have you registered? Time is a wasting! And don't forget the Rally Raffle Tickets. We need your help selling these tickets. If you are not able to sell some, I hope you will buy some. These funds support our District Safety program which includes the First Aid / CPR courses.

In fact for the first time in many, many, many years, the Florida District is offering the HSI First Aid / CPR course at the 2024 Rally. It will be on Wednesday, the day before the rally starts, so

you won't miss any of the **FUN** and rides during the rally. The date is March 13, 2024 and will begin at 11:00am. This is a new and updated version of the FA / CPR course. You will need to be a fully registered participant. If you are a Florida EWMA member the deposit to reserve your spot is \$25.00 (which will be returned to you upon completion of the course). When you send in your registration, you will need to make a separate check payable to the EWMA Florida District for the FA / CPR course. You can send it in with your registration, just make out 2 checks. If you have any questions, please contact me at 561-722-0632 or email: rvega19854@gmail.com. There are limited number of spaces, so please reserve your spot today.

I know that the First Aid / CPR course is not required since we no longer have a rider education program, but that should not stop you from keeping your skills up to date as you may have to save a life one day and that life could be a family member or a friend. Please sign up to save a life!

During this time of year many of us (me included) like to have a holiday toast, but we need to remember what the mixing of alcohol and medications can do. I came across this article that I would like to share with you.

***ALCOHOL AND MEDICINES
 – This combination is
 nothing to celebrate, by Dr.
 Linda R Bernstein***

"Holidays and alcohol often go hand in hand. The National Institutes of

Health found that over 70% of U.S. adults regularly drink alcohol, and about 42% of those who drink also use medicines that can interact with alcohol. The National Institute on Alcohol Abuse and Alcoholism (NIAAA) warns that holidays are also a time when some people are more likely to drink beyond their limits and get injured. Drinking alcohol while taking certain medicines compounds the risk and danger, especially in the elderly.

Alcohol can cause harmful effects when used along with some prescription medications, over-the-counter products, herbal and dietary supplements and illicit drugs. Components of multi-ingredient medicines, some of which may contain alcohol, may further interact with alcohol.

Side effects of mixing alcohol and medicines may include feeling sleepy, dizzy or faint; liver or heart problems; bleeding, especially in the stomach; nausea and vomiting; low or high blood pressure; falls or accidents; seizures; depressed breathing; drug overdose; or death. Driving and use of machinery may be impaired. Side effects may require medical care.

The NIAAA notes that alcohol and medicines can interact harmfully if taken at the same time or at different times of the day. Alcohol affects the brain and body long after the last drink has been finished, resulting in impaired judgement and coordination for hours. Similarly, medicines can last for hours or days after you take a dose.

Safety tips: Be sure to read labels carefully. Ask your pharmacist or other health care provider if you can consume alcohol while taking your medicine(s) and whether your medicines alone can affect your ability to drive and operate machinery.

Have plenty of alcohol-free beverages available for yourself and guests. Don't drink alcohol and drive.

(Continued on page 9)

(Continued from page 8)

INTERACTING DRUGS:

Some prescription and nonprescription medicines may adversely interact with alcohol, such as those used for allergies, colds, flu; angina; arthritis; blood clots; mental health disorders (anxiety, depression, mood, attention,

sleep); diabetes; enlarged prostate; stomach problems; high blood pressure; cholesterol; infections; seizures; and pain."

Unfortunately, many of us fall into at least one of these categories – including me. I love a drink during the holidays (especially egg nog), but I also

know how it makes me feel after drinking it. I have to think is it worth messing up my meds? So I hope you think twice too.

I would like to wish all of my EWMA family and friends a very healthy and safe holiday!

National Cocoa Day History

December 13th

It is a little bit sad to say that President Jefferson didn't quite hit the mark on this one, but many people can agree that he should have! Perhaps he should have included it in the American constitution to ensure that his good sense got passed on to the country he formed. It's not too late to make this statement become true!

Chocolate's history goes far back into ancient times, much further back than most people are aware. It may have been part of the Aztec culture as early as 1400 AD. Chocolate itself first

was found by European explorers in South America, where it had been enjoyed for hundreds of years even prior to their arrival.

Researchers have reason to believe that the reason the Americans didn't make contact with Europe sooner is they didn't want to share this delightful beverage with the rest of the world. Of course, that may be an exaggeration.

The first origins of cocoa being made into a drink can be traced back to 500 BC. However, many archaeologists believe that this is only as early as they can trace it and that cocoa consumption predates even that august culture.

Of course, the chocolate of those days would have been much different than that which is now consumed, as sugar was not something that had yet found its way to the Americas. Instead, the beverage was probably flavored with vanilla and often with chili and was served at all temperatures, depending on the recipe being used.

Not everyone is a fan of cocoa at first taste. In fact, the Spaniards first found the flavor of cocoa unpleasant and one that an individual had to acquire. It would not be until it was introduced to Europe and had spent some time there as a luxury drink of the wealthy that it would be sweetened and milk chocolate would be invented.

It took until 1828 for powdered chocolate to be made, and in that glorious moment of culinary history, both the chocolate bar and instant hot cocoa came into existence.

Even then, it wasn't for more than a hundred more years that powdered hot cocoa drinks that could be mixed in the cup came to be. In the 1950s and 1960s, Charles Sanna produced the product (tested on his children) that would later become Swiss Miss.
