PRESIDENT'S MESSAGE BY BILL ROBERTS

Happy Holiday greetings to you. First, I'd like to thank our hospitality committee and members whose thoughtful and creative ideas produced a fantastic event. The HBPOA Annual Christmas Party was a success according to the participants I spoke with. A special thank you to our local Hernando Beach business who donated so much to help create the incredible door prizes – please support your local beach businesses. The opportunity to have an evening out with live music is not unusual around Hernando Beach but what made it special to me was the opportunity to meet you and introduce myself. I spoke to many and asked everyone to come to our membership meeting on January 6, 2022.

Second, the HBPOA is a 501(c)(4), nonprofit organization run by volunteers who have a desire to be involved, meet their neighbors and serve their community. I am deeply appreciative for the volunteers serving on the HBPOA Board however, it's our members who make up the committees that get things done by sharing updates on local events of interest, pitching in on landscaping at the Triangle and Dolphin, hosting game day or a ladies group breakfast or lunch.

To kick off the new year it's always good to see what was achieved in the last and build on that. This list is by no means all inclusive. Many members work under the radar, but their contributions significantly help the HBPOA, membership and community at large.

- The HBPOA listened to our County Policymakers deliberations and decisions and spread the word to keep the community up to date with regular, informative articles in the Beachcomber.
- Provided community support for membership on zoning change request.
- Created a membership driven Bylaws Committee to review bylaws;

## CALLING ALL MEMBERS!

The Hospitality Team is looking for new members for 2022. If you are outgoing, personable, interested in bringing people together, have a knack for being creative, can think out of the box, and are warm and engaging, then this is the team for you.

At HPBOA meetings, the Hospitality Team is responsible for meeting and greeting members and guests, checking in those members and guests, and running the 50/50. Outside of these monthly meetings, the Team puts together social events, bringing members together in different ways. In the past, these events have included New Member Socials, The Ladies Group, and the Christmas Dinner. If you are interested, please contact Judy Hughes at [tropijudy@gmail.com](mailto:tropijudy@gmail.com).

Please consider coming to the first HBPOA meeting of 2022 on Jan. 6 @ 7pm, at the Coast Guard Auxiliary Building to see Hospitality at work. The first Hospitality Team meeting will be scheduled for January. Once we are notified of your interest, we will send out an email of the date. Our goal for this meeting will be to set up a tentative calendar of events for the year. We are so excited to add **you** to our group and create memorable events that will encourage even more new members to join and become in-

volved in the Association.

## HOSPITALITY COMMITTEE

Hello Hernando Beach

Here we are beginning a New Year, 2022. January is always a time for us to take down our Holiday Decorations and welcome the New Year with a hopeful spirit. Some of us spend New Year's Day taking down the tree and holiday decorations, some of us are just in "rest" mode. Whatever your preference, a new year brings many thoughts of the future.

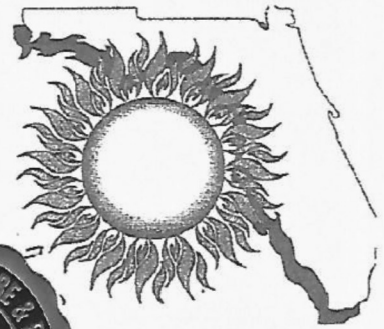

Reflecting on December 2021, your Hospitality Team worked like busy elves preparing the HBPOA Christmas Party. And, I must say, from my perspective it was a success. Brian and his staff were wonderful. The wait staff floated through the crowd and we barely knew they were there and they were very efficient. Stan Princeton, entertainer extraordinaire, provided our music for the evening and he even told us a story about his TV appearance. Thank you!

We welcome Mr. Bill Roberts as our HBPOA President for 2022.

Your Hospitality Team has had an active 2021. As a new team, we had to get our bearings and figure out our place in HBPOA. It has been one year and we are off and running in smooth fashion. We will be meeting in January to create a calendar of events for 2022. We hope to bring some more "Off The Beach" opportunities for your consideration. There are many interesting places to see within 50 miles of Hernando Beach. We are so fortunate to live in a quiet beach community but within easy

reach of cities full of museums, restaurants, theaters, and even wineries. Reach out to your greeters at HBPOA meetings with your ideas. We welcome them.

February will be here before we know it and it is typically the month to express love. You have plenty of time to think about it..

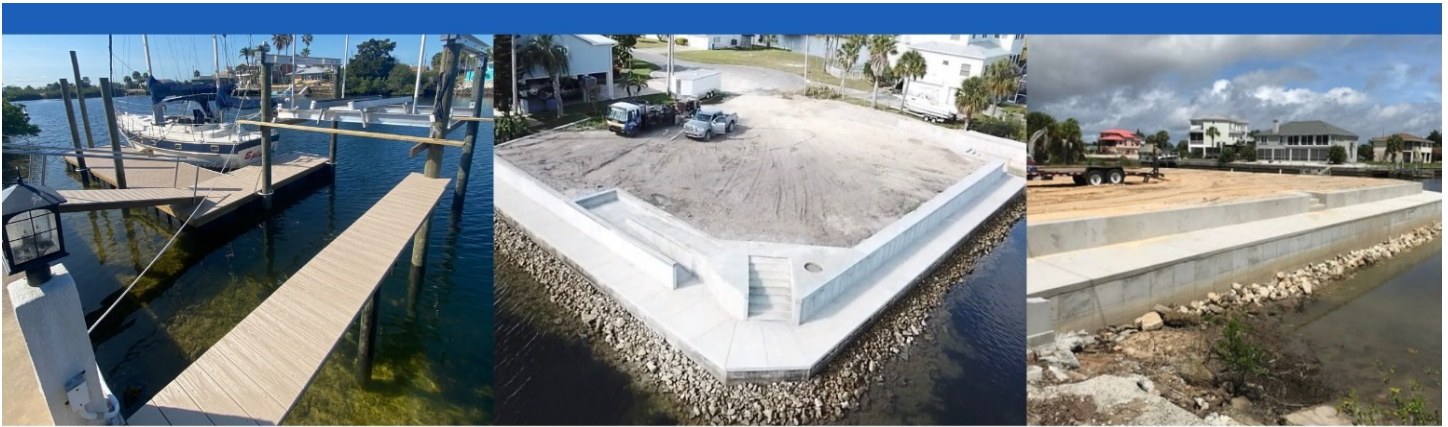

Until February...

Dear Neighbor,

My wife and I chose Hernando County to retire because of the quality of life it provides and the opportunities it holds for the future. As a retired Colonel from the Army Corps of Engineers I have spent a lifetime working on multi-million-dollar projects both here and abroad.

Ethical and effective leadership will move Hernando County forward, and my efforts will focus on providing honest government, holding the line on taxes and spending, and ensuring a bright future for generations to enjoy.

I hope to earn your confidence and your vote.

## HERNANDO COUNTY

By: Mike Fulford

Hernando County Legislative Delegation Meeting, 6 Dec 21. For background, each year principally the County Administrator, the Mayor of Brooksville and our Sheriff provide their priorities and financial requests in a public forum to our Legislative Delegation. The Delegation is made up of Rep Massullo, Rep Ingoglia, and Senator Simpson. Senator Simpson was unavailable due to a conflict in schedule. Attached below are some highlights.

As it relates to our Hernando County Community:

(Continued on page 12)

(Continued from page 11)

(1) Local Bill introduced and passed today to appoint the Board of County Commissioners (BOCC) as The Hernando County Port Authority. If you recall at the beginning of this calendar year, activities for the Port Authority were suspended by the BOCC as a citizens committee, and the Waterways Advisory Committee was established in lieu off.

(2) Hernando County endorsed and applauded the legislative act to establish a new Aquatic Protection Zone for Pasco, Hernando and Citrus Counties. The County is working with the Florida Department of Environmental Protection to establish policies and rules as it relates to this zone.

(3) Hernando County endorsed and applauded the legislative act to establish the Springs Protection zone on the Weeki Wachee River. The Florida Fish and Wildlife Commission is in the process of creating policies and rules as it relates to this zone.

(4) Hernando County supports Senate Bill S224 to limit public smoking in parks and beaches.

(5) Hernando County support a budget request by Citrus County to construct a Juvenile Mental Health Facility in Citrus. Hernando County intends to partner with Citrus in order to provide services locally to

Hernando.

The following budget requests were made by Hernando County to the Delegation:

(1) Roadways in the Airport Industrial Park. A request for \$2.9 M was made to support the operations and maintenance account as well as to fund future roads to support the expansion of the industrial park within the limits of the current property boundaries.

(2) The airport currently has three runways. One runway is in total disrepair. A request for \$2M was made to upgrade the runway to support maintenance activities for commercial aircraft repair and disassembly, projected for the airport.

(3) Critical services to support and increase the fuel storage capacity at the airport in case of a natural disaster in order to fuel first responder vehicles. A request for \$980K was made.

All requests will be considered by the Florida Legislature and prioritized state wide for potential funding. A full transcript will be provided by Hernando County Government sometime in the near future.

## Chase N Tails Fishing Charters

Capt. Josh Fritz 352-345-9304 Hernando Beach FL

### DECEMBER FISHING REPORT

December is the last month to get your gag grouper. The last day to harvest is December 31st. The gag grouper bite is steady right now. Frozen threadfins, pin fish and pig fish are producing some big grouper. Mangrove snapper bite is also strong in 20+ feet of water. Cut threadfins or shrimp is the way to go.

Inshore, the trout bite is getting good in 1-2 feet of water on hard bottom. Soft plastic flukes or mirro lures, 17MR or the XL size in 808 color is deadly on trout. Redfish are on hard bottom and inside of creek mouths. Use live pin fish or shrimp for bait. – Captain Josh Fritz

Capt. Joshua Fritz is a Native Floridian fishing the local waters of the Gulf Of Mexico, Capt. Josh is a 25 ton licensed and fully insured guide. Capt. Josh knows these waters inside and out with over 25 years of boating knowledge. Capt. Josh is very well know in the fishing world and is professional and friendly, come aboard with Capt. ## **HERNANDO BEACH NEIGHBOR FOCUS 1st edition**

Judith Hughes (aka Jude, Judy, Judithann) is my name. I was born in Middletown, New York. It was a town where the fire whistle blew each noon and playing outside was more common than today's "Tech Play." Catskills in the summers were an enticing place to vacation/camp/or just get away from the city heat in the summer. You might remember "Woodstock" in 1969. Woodstock was held in Bethel, NY on Max Yasgur's 600 acre dairy farm. It was just about 40 minutes from my home. Being a new mom, Woodstock was out of the picture but I knew an undercover narcotics investigator who was assigned to Woodstock and he had stories.

1975 brought the family to Florida. Three children, a cat, a parakeet, and a great dane landed us in Satellite Beach. From there it was the Cape Coral/Ft. Myers area and finally we settled in Hernando County where we began a successful family business. Hernando Beach has been home since 1991. We were a foster family always having six children and their friends in the home. I still keep in touch with a few of our fosters who are now parents

and grandparents. Oh my, how time flies. From here we watched our three children grow, graduate, continue to college, and then fly off on their own. Now six great grandkids call me G'mom..

I have had the experience to travel both domestically and internationally. Costa Rica, England, Australia (2 months) Eastern Europe 5 weeks (Hungary, Slovakia, Poland, Czech Republic) and yes even visited Auschwitz, a sobering and yet educational experience. All my travels have been of the independent nature..no tours, but there were occasional cruises. Motorcycling through our gorgeous USA and the Caribbean was a highlight of my life.. If you have not taken the opportunity to travel, please do. Hernando Beach lends itself to water sports. Sailing was our preference. Covid has definitely altered the way we navigate our lives. Socializing and day trips with friends, and sometimes just enjoying our beautiful Hernando Beach community fill my life. We do have the best sunrises and sunsets.

Fast forward to today. Because I was very busy with business and then travel, during my years in Hernando Beach I never took the opportunity to get

## REEF BALLS

By: Mike Fulford

Doing good and volunteering is alive and well in Hernando County! Got to spend time with some up... and coming young volunteers who are part of the local SCUBAnauts Chapter. Today at our Hernando County Marine Facility here in Hernando Beach we build concrete reef balls that ultimately will be placed off-shore to create aquatic habitat for our local fisheries. If you recall a couple of years ago the Port Authority facilitated the sinking of the "Ghost Ship" at the Bendickson Reef Complex.

The mission of SCUBAnauts International is to educate teens in the marine sciences, enabling them to make a positive impact on the environment and empowering them to become tomorrow's leaders.

All work was performed by volunteers and the concrete was donated by a local concrete com-

## You Should Be Able to Form a **Relationship** With Your Orthopaedic Surgeon

**There is so much more to being an orthopaedic surgeon than holding a scalpel.**

### Michael W. Higgins, DO, PA

Board Certified in Orthopaedic Surgery

*"Throughout my surgical experience Dr. Higgins continued to be compassionate and patient oriented. While in the pre-op waiting room he visited with me and my husband. He put us at ease assuring my husband that he would come into the waiting room to speak to him as soon as the procedure was complete. He was at my side in the operating room as the anesthesiologist put me to sleep. I stayed in the hospital four days. Dr. Higgins came to check on my progress every day." – Kristin J.S.*

**"You pick me, you get me."**

– Dr. Michael W. Higgins

### Our philosophy:

- People who are in discomfort should be seen in a timely manner
- Treatment should begin promptly
- You will be seen by your doctor every step of the way

Dr. Higgins specializes in non-operative and operative management of general orthopaedic conditions and the spine.

## DISTRICT MAKES MAJOR LAND PURCHASE IN THE WEEKIWACHEE PRESERVE

The Southwest Florida Water Management District's (District) Governing Board approved the purchase of the Southworth Tract, a 589-acre parcel of land located within the Weekiwachee Preserve.

This important property purchase will allow the District to substantially complete the Weekiwachee Preserve Project by connecting seven District-owned parcels. This acquisition meets all four of the District's Areas of Responsibility, which are water supply, water quality, flood control and natural systems. In addition, the project is consistent with the Governor's direction for protecting Florida's springs, waterbodies and natural systems.

"This is a significant acquisition that will not only conserve 589 acres of land in the Weeki Wachee Springshed but will also help protect and maintain good water quality across the nearshore coastal waters of the Springs Coast, which is home to one of the largest seagrass habitats in the world," said Brian Armstrong, the District's executive director.

"This property purchase is part of the long-term, over-

all conservation picture of Florida," said John Mitten, District Governing Board member. "The opportunity to link this property with the others we already manage fits the strategy and is the missing piece in the puzzle."

In 1991, the District's Governing Board approved a plan to acquire and preserve approximately 24,445 acres along the coastal region of Hernando County, designated as the Weekiwachee Preserve Project. To date almost 13,000 acres have been acquired by the District within the project. The project was initiated to specifically protect estuarine marshes and lowlands; preserve and/or restore natural ecosystems and their functions; maintain and/or improve water quality; improve water conveyance; protect habitats and associated wildlife resources; prevent encroachment onto the floodplain; and preserve the aesthetic value of the lands within the project.

The Southworth Tract acquisition supports the District's mission to protect water resources and minimize flood risks as well as provides the following benefits:

- Completes the conservation and protection of the Indian Creek watershed, which is an important local source of fresh water to the coastal estuary.

- The majority of the property falls within a springs protection area.
- Provides enhanced protection of natural systems, including a spring, tidal creeks, and forested wetlands in the area.
- Supports protection and maintenance of water quality across the nearshore coastal waters, which includes one of the largest seagrass habitats in the world.

The Southworth Tract is located within the Florida Wildlife Corridor identified within the Nature Coast Critical Linkages. The purchase supports the Florida Wildlife Corridor Act, which was passed by the Florida Legislature last session and signed by the Governor in July. This acquisition helps protect portions of the Florida Wildlife Corridor in southwestern Hernando County and provides important wildlife habitat.

"This is a great purchase of a highly significant coastal wildlife corridor property," stated Charles Lee, Director of Advocacy of Audubon Florida. "Because of its location just west of US 19 in a rapidly developing area of Hernando County, this tract was destined for development had the District not acted quickly. It is a great relief to know it will now be preserved."

The parcel is being purchased for approximately \$4.6 million with funds from the Florida Forever Trust

Fund. Acquisition of the Southworth Tract is consistent with the District's Florida Forever Workplan, and the property has been identified in the workplan for acquisition since 1997.

The Southworth Tract is located on the south side of Osowaw Boulevard at its intersection with Shoal Line Boulevard in Hernando County.
