CCA BOYS IN STATE TOURNAMENT

The CCA Boys Basketball team earned an appearance, the first since 1993, at the State Tournament, and took full advantage, avenging an earlier loss by defeating #2 Mt. Vernon 59-45. The team will play again against Sergeant Bluff-Luton on Thursday at 3:35 p.m.

The team earned the State berth winning the sub-state bracket by first defeating Fort Madison 76-50 on February 24th, followed by a 76-66 defeat of Keokuk on February 27th, finishing on March 4th with Davenport Assumption 79-66.

The Clippers possess a balanced scoring attack with 4 players scoring between 16 and 9 points per game. The scoring leader is Christian Withrow who averaged 15.8 per game, he added 65 assists and 32 steals this season. TJ Bollers lead the team with 6.8 rebounds per game while blocking a team leading 48 shots. Tyller Schrepfer led the team in assists with 74, adding 29 steals and 11.5 points per game.

The Clippers improved to 20-5 after their first round win against Mt. Vernon, a team they lost to in the second game of the season on December 6th.

Congratulations 2019-20 CC-A Men's Basketball team

FEATHERS IN THE WIND

The news is that three people have reported to me that three robins have been sighted. Charlemagne has also reported that his tulips are bursting through the brown ground with green shoots.

How I miss Helen Moser and her annual walk through the Colonies asking for donations for the "daffodils for cancer" drive. It always seemed to mark the beginning of spring when I would see her smile.

I have to get the spring clothes out and put the heavy sweaters away even though I am sure there will be some more cold days coming - March is such a fickle month, just like those of us born in it.

East of Homestead there is sometimes a field that has new lambs in it.

My father would always take us to view the new born lambs the end of February or early March.

One time we even saw a ewe giving birth to twins. It was tricky and sad because the first twin was born dead and the second one was breech so my father had to help with the birth.

My sister and I were rather young so although we knew how the lambs came out and how they ate, we didn't understand why the mother would lick what looked like to us that plastic wrap off the newborn. She even ate it! Yuk!

I tell you, for being a daughter of a farmer I sure was and still am subject to be laughed at.

Charlemagne hasn't mentioned anything about birds' nests which might just be as well since often I find broken egg shells.

One year Arnold Baumgartner came with some baby rabbits for our sons. What a treat that was!

I remember once having an Easter egg hunt complete with our REAL white rabbit.

The children had found all the nests, but one little boy, Gene Marz who is now an Opa, was found kneeling beside the rabbit watching intently.

My mother asked him what he was doing. He put his fingers to his lips and asked her to be quiet because he thought the rabbit was about to lay another egg. Poor mom, she didn't have the heart to tell him otherwise.

Well, I better be off and look to see if there are any crocus peeking through the earth.

You know seeing the new life coming forth-it's like a **Resurrection**. God gives us hope after the gloom of winter.
