**Instructions for completing the Certificate of Immunization Status (CIS): printing it from the Immunization Registry or filling it in by hand.**

**#1 To print with info filled in:** First, ask if your health care provider's office puts vaccination history into the CHILD Profile Immunization Registry (Washington's statewide database). If they do, ask them to print the CIS from CHILD Profile and your child's information will fill in automatically. Be sure to review all the information, **sign and date the CIS** in the upper right hand box, and return it to school or child care. If your provider's office does not use CHILD Profile, ask for a copy of your child's vaccine record so you can fill it in by hand using steps #2-7 (below): **EXAMPLE**

Vaccine	Dose		Date	
	Month	Day	Year	Year
◆ Diphtheria, Tetanus, Pertussis (DTaP, DTP, DT)				
DTaP	1	01	12	2011
DTaP	2	03	20	2011
DTaP	3	06	01	2011

**#2 To fill in by hand:** Print your child's name, birthdate, sex, and your own name in the top box.  
**#3** Write each vaccine your child received under the correct disease. Write the vaccine type under the "Vaccine" column and the date each dose was received in the "Month," "Day," and "Year" columns (as mm/dd/yyyy). For example, if DTaP was received Jan 12, March 20, June 1, '11, fill in as shown here ►  
**#4** If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guide below to record each vaccine correctly. For example, record Pediarix under Diphtheria, Tetanus, Pertussis as **DTaP**, Hepatitis B as **Hep B**, and Polio as **IPV**.

- #5** If your child has had chickenpox (varicella) disease and not the vaccine, **use only one** of these four options to record this on the CIS:  
 1)  If your child's CIS is printed directly from the CHILD Profile Immunization Registry (by your health care provider or school system), and disease verification is found, box 1 is automatically marked. To be valid, this box must be marked by the Immunization Registry printout (not by hand).  
 2)  If your health care provider (HCP) can verify that your child has had chickenpox, mark box 2. Then mark either 2A to attach a signed note from your HCP, or 2B if your HCP signs and dates in the space provided. Be sure your HCP's full name is also printed.  
 3)  If school staff access the CHILD Profile Immunization Registry and see verification that your child has had chickenpox, they will mark box 3. Then, they must initial and date that they got parent or guardian approval to mark this box (i.e. make this change) to the CIS.  
 4)  If your child started kindergarten in the 2008-2009 school year or later, you **CANNOT** use this box. If your child started kindergarten before the 08-09 school year, mark this box if you know he or she has had chickenpox. If you mark box 4, you must also write the approximate age or date your child had chickenpox. To find out which grades require chickenpox vaccine (or history), visit: <http://www.doh.wa.gov/cfh/immunize/schools/vaccine.htm>  
**#6** Documentation of Disease Immunity: If your child can show immunity by blood test (titer) and has not had the vaccine, have your health care provider (HCP) fill in this box. Ask your HCP to mark the disease(s), sign, date, print his or her name in the space provided, and **attach signed lab reports**.  
**#7** Be sure to **sign and date the CIS** in the upper right hand box, and return to school or child care.  
**#8** If a school or child care makes a change to your CIS, staff will print their name in the middle bottom box and date to show that you gave approval.
