

Attendees

Suzanne and Al Roach

Drew and Alice Hayward

Melanie Perry

Jeanie Mason

Jennifer and Justin Harker

Meeting was called to order at 3:30

There was no quorum established since there were not enough officers but since we were not voting on anything that was not a big deal. (Don't think that is necessary to include in the minutes but just wanted to let you know that there was no quorum established.

Minutes from 03/28/15 were reviewed by all attendees and were approved. (Can't remember who made the motion to approve the minutes or if this was actually done since this was such a small meeting. Maybe ask Alice)

Treasurer report as of 05/31/15 \$13,107.06

Drainage issues and infrastructure update: Jerry Mahn sent out an email asking property owners on the west end to do an assessment of their property so the City of Galveston could address the drainage problems. Jennifer offered to send out an email to all homeowners to report if there were any drainage problems on their block/street. Jennifer will then email the City with all information gathered once she receives email responses from homeowners. Jennifer also reported that she had not received any updates from the city regarding the email she had sent out with the previous drainage/flooding/pothole issues but will follow up and have a report at next meeting.

Dune crossover news: Melanie reported that we should be hearing something in July

May 30th Potluck: cancelled due to lack of participation

Sargassum Symposium: This is a very light year for the sargassum. There is a website www.SEAS-Forcast.com/pages/forcast.php that shows where the sargassum is expected to be. Website developed by NASA and A&M

Tropical Storm Bill: Not as bad as expected

Hurricane preparedness: guides were available at the meeting provided by Melanie. Jeanie, Alice and Drew attended the hurricane meeting and it was very informative. GLO wants to know what damages you have after a storm and to upload pictures and send to them. Also important to separate debris into

household appliances, vegetative waste, construction-type debris, and regular garbage after a storm for the trash people to pick up accordingly. Make sure piles are not close to fire hydrant or mailbox.

Flood insurance: There will be a \$25 surcharge added for owner occupied and a \$250 charge for all other homes

WGIPOA: Jeanie attended 1st board meeting as our representative and mentioned issues that were discussed. There is a Family Dollar possibly going up across from Seven Seas Grocery, the decibels are limited to 75 during the day and 70 at night and another issue discussed was the speeders on golf carts. Non-emergency number provided: 409-765-3702 and emergency number: 409-256-0762

New Business: Citizens Police Academy are having a garage sale August 15th

Justin motioned to close meeting at 4:30

Next meeting: Sept 26th at 3:00 at Alice/Drew house.
