MARCH MEETING NOTES

The smallbore winter league is finished for the year. Alec Patajo was once again the overall individual winner. The winning team was Bob Wendt, Dennis Wilcox, Ken Goist, and Shannon King. The [smallbore summer league](#) will start the first Monday in June with a practice session. Contact [Bob Wendt](#) if you are interested.

The Wednesday night air gun shooting is coming to a close at the end of the month. The board of directors is seeking input on the future use of the air gun range. If you have any ideas on how the air gun range should be operated, please come to a club meeting or send an email to the club [here](#) to have your ideas heard.

Darrell Behounek recently purchased lumber to build new target frames. The original asking amount was \$3800 for the supplies, but Darrell refigured the way the supplies were purchased and was able to save the club \$979 while still building the same number of frames, and with the scrap 2x4 pieces remaining, was able to build some rifle support blocks. Thanks to Darrell, Scot McClintock, Larry Wilson and Robert Behounek for their help with this project.

A minor change to our club constitution was approved by general membership vote at the meeting. The change, in article V, section G, was to allow notification for special meetings to be sent out via email or telephone, in addition to the original USPS mail. A copy of the Constitution, with the change, can be read on our website [here](#).

The high power rifle matches start Sunday April 1st with our annual Blue Ox tournament. This is an 80 shot, National Match Course tournament shot at 200, 300 and 600 yards. More information on this and other high power tournaments can be found on our website [here](#).

Before the start of Friday's general meeting, a club member generously donated a very unique base for our club flag. In our haste to get the meeting started, we neglected to get his name or the story behind such a unique flag stand. If this was you, would you please [contact me](#) thru the range.

CBA MILITARY RIFLE MATCH RESULTS

March 10, 2018

Here are the results of today's PBRSC Military Rifle Match. Very nice weather was enjoyed by all after our hanging-on winter. A nice turnout for the season opener with 12 entries, but one was a non-CBA member, so that data is not recorded. It does count as a club standing only match however.

We'll be doing it again April 14th, same time, same place, so hope to see y'all then.

JUNIORS

Doug Shellenberger

Starting April 3rd, we will be doing our Tuesday night shooting on the rifle range, freeing up the pistol range. We have two new shooters that seem like they will be sticking with us for a while. It seems like we have a lot of turn over recently, with some of the kids coming out and trying the sport a few times but giving it up.

We will be sending a team from our club back to Camp Perry in June to compete in the national championships, something we haven't done in a long time.

Two of our long-time shooters will soon leave for college. Alec Patajo will be going to the University of Nevada Reno, and Emma Goist will be going off to Coe College in Iowa to study neuroscience and bio-chemistry!

JUNIOR MATCH RESULTS

May Patajo

Alec Patajo was runner-up for the Washington Indoor Smallbore Championships held in Littlerock. Gavin Brown, a new shooter from our club, competed in his first tournament and it was a full course! Alec also earned the NRA Smallbore Jr and Open Sectional Gold Medal (Seattle Sectional) shooting 576/600 (Jr), 1155/1600 (Open). He also took 1st Overall JROTC Regionals Air Rifle Championships which was held in Marysville.

Emme Nelson earned the Bronze medal at the NRA Junior Smallbore Sectionals in Seattle. At this time, she is preparing to compete in the second round of the American Legion Air Rifle Championships with the hope of earning a top 15 spot nationally. This would earn her a trip to Colorado Springs for the National Championships. Good luck Emme!

The State Smallbore results can be viewed [here](#) and the NRA Junior Sectionals Smallbore [here](#). The results from the NRA Sectionals (Open) Smallbore can be viewed [here](#).

The results from the March 24th NRA - 3p Air Rifle Sectionals in Seattle: Alec Gold Medalist (594/600). Emme Nelson Bronze Medalist (585/600). Andrew Pham (577/600) and Bill Riggs (565/600) also competed and both did very well. Full match results can be seen [here](#).

CARETAKERS REPORT

Doug Shellenberger

Rifle range use has picked up recently with the improvement in the weather.

We had seven trees behind the 300-yard line fall down recently, mostly due to root rot. They have all been removed from the road area and are ready for purchase. The wood is in log form, so bring your saw and ax and have at it. The wood is selling for \$40 per truck load. Contact me (253-846-6767) if you are interested in buying a load or two.

We recently had a propane leak outside the pistol shed area. There was a coupler 2ft underground that had worn out and was spewing propane. This was an original install that was 35+ years old and far from being within current building code. While we had the repair technician on site, the regulators were replaced as well as the shut off valves for the heaters in the pistol shed.

We put 18 entries across the line this month. Temperatures were in the low 40's when I arrived but the outlook looked good and we had sun with a few clouds during the day with the highs in the 50's. Couldn't ask for a much better day for this time of the year. On to the results of the match.

Our target setters did a fantastic job. Thanks to all who came out to shoot the match, and also to those who stayed to help pick up targets after the match.

Until next time shoot straight and be safe.
