

RULES AND REGULATIONS GOVERNING THE IOWA LIMITED BREEDERS WEANLING STAKE

The Iowa Limited Breeders Weanling Stake will be held each year for weanlings in hand. This class will be held in conjunction with the Iowa Futurity and will be conducted under the rules of the American Horse Shows Association. It is required that all entries be the result of a breeding fee purchased at the Iowa Limited Breeders Stallion Service Auction.

1. Source of Funds/Auction

Donating a Stallion

- A. A stallion service from any registered American Saddlebred stallion can be donated by the owner or owner's agent. A form can be obtained from the Iowa Limited Breeders Stake. The complete form must be filled out and sent to the Iowa Limited Breeders Stake along with a copy of the Stallion's papers. The stallion services donated by stallion owners are auctioned, starting with one-half the current stallion service fee. There will be a minimum bid of \$300 for any stallion whose fee is less than \$600. Phone and sealed bids will be taken and credit cards will be accepted at the auction. A 3% fee will be added on to any purchase made with a credit card. The buyers that are not present at the auction will receive an invoice after the auction's end and payment will be expected within 15 days after the purchase date. For stallion services that do not sell at the auction, the Iowa Limited Breeders Stake has the right to sell these services until 60 days after the auction was conducted to an outside party. For any stallion sold after the auction, the service is not considered sold until payment on that horse has been received. In case of NSF, a FEE of \$100 will be charged to the stallion service buyer. The buyer will have 5 business days to settle the account from the time the buyer is notified of the nonpayment due to the bad check.
- B. Neither the Futurity nor its Board will intervene between the purchaser of the stallion service and the stallion owner. All contracts, arrangements and negotiations that may arise in the service of any mare designated for the Limited Breeders Weanling Stake will be strictly between the mare owner and the stallion owner.
- C. A refund of the amount paid for the purchased stallion services will be made if the stallion dies or becomes infertile before the designated mare has been bred. A licensed veterinarian's slip must accompany a letter requesting a refund.
- D. The board of The American Saddlebred Futurity Of Iowa reserves the right to refuse any stallion that does not fit within the goals of the organization.

2. Stallion Nomination

- A. The Stallion must be nominated with the Iowa Futurity to have an eligible foal for the Breeders Stake. The Stallion nomination fee of \$50.00 will be added to the auction price and paid by the purchaser of the Stallion's service.
- B. For stallion services that sell, the stallion owner will also be able to designate one mare in foal to the donated stallion. The mare must be designated by December 31st of the breeding year.
- C. If the stallion owner elects to designate a mare he must pay a minimum of \$300.00, or what the stallion service fee brought at auction, not to exceed \$1000.00 at the time of mare designation.
