INDEPENDENT LIVING SKILLS

How to Teach Life Skills to Kids with Autism or Asperger's

So you want to grow up to be...an astronaut? Think again.

Shmoop is here to give you the real scoop on tons of careers. We'll inspire you, excite you, and inform you about changing trends in the industry. We'll help you find your path, prepare you for it, and make sure that you're ready to rock and roll your way to success. Unless you're hoping to become a rock and roll superstar, in which case...you're probably going to fail.

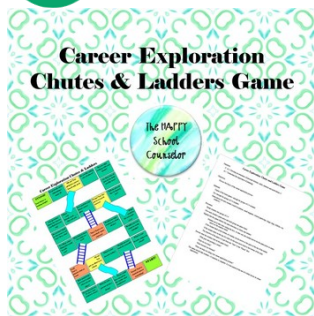

Welcome to Shmoop Careers. Welcome to the real world. <https://www.shmoop.com/careers/>

Functional Skills: Skills Our Students Need to Gain Independence

Functional skills are all those skills a student needs in order to live independently. The final goal of special education is to give students as much independence as possible, whether their disability is emotional, intellectual, physical, or a combination of two or more (multiple) disabilities. "Self Determination" is the highest goal of special education for our students. <https://www.thoughtco.com/functional-skills-for-students-independence-3110835>

Teachers Pay Teachers

1. Prayer
2. Phone Finesse
3. Cell Phone Etiquette
4. Tire Care
5. Email Savvy
6. Living Expenses
10. Making a 911 Call
11. Surfing the Web Safely
12. Assembling Furniture

How Do I Become A... is a career research and planning lesson that helps students research a potential career that's perfect for them. Includes student worksheets, lesson plan, websites poster, exit slips, and is ASCA Mindsets and Behaviors aligned which will help students research a career of interest. <https://goo.gl/Zkdod5>

Fun Games That Teach Life Skills

Games that are designed for certain age groups can also help kids learn basic life skills they might not already know, or help them to improve upon and reinforce those skills they are just learning, or have recently learned. These can include everything from cooking simple meals to gardening to carpentry and sewing work.
