

# CALL FOR ARTIST

**PUBIC ART PROJECT: INDOOR SCULPTURE FOR AUDITORIUM**

**APPLICATION NOW OPEN: DEADLINE is September 15, 2022**

## **Project Details:**

The Eureka Springs City Advertising and Promotion Commission is completing the renovation of the Auditorium basement for public use. The new space will be used for events, meetings, conferences, concert overflow, trade shows and exhibits. There are several opportunities for public art display in the space and to feature local artists.

The Eureka Springs Arts Council will be issuing grant funded Calls for Artists over the next several months for digital art, large fine artworks, textile art and sculptures to be installed in specified spaces. All submissions will be reviewed for selection by the Eureka Springs Arts Council and the CAPC based on creativity, quality, experience, ability to deliver project on time and on budget and willingness to contribute to the community public art collection.

---

**This first Call for Artist is for a sculpture.** The design of the sculpture needs to integrate existing piping on the wall. The sculpture will be on permanent display and must not require electricity or maintenance (other than routine cleaning).

**Grant Funding: \$5,000.00**

Questions and to set up a site visit contact Sandy Royce Martin:  
artscouncileureka@gmail.com 479-244-6636

## **Application Requirements:**

Application is open to all artists and collaborative teams 18 years or older who reside in Eureka Springs. Professional sculptors and metalworkers with experience in the field are encouraged to apply.

## **How to Apply:**

- Complete and sign the following Letter of Interest
- Attach an artist statement and/or bio, AND a minimum of 3 images of your sculpture work with a brief description of the materials used and size
- Email the completed packet to Sandy Royce Martin – [artscouncileureka@gmail.com](mailto:artscouncileureka@gmail.com)
- A site visit will be scheduled for you to view the space, get dimensions and ask any questions regarding the project
