

A few additional words from Hank

We went to our first NOLA on tap a few days ago and it was very impressive! I was particularly proud to be wearing a CCH logo shirt based on the excellent beer that our club presented. My prayer is that those same tasty creations will also be at the Winter Fest. We handed out a lot of Winterfest flyers and most of the recipients were not aware of our event and when we explained it we got a lot of enthusiastic feedback. I am buying my tickets to make sure there will be room for us. Once again many thanks to the CCH members who served, donated product, and brewed (Carol's Cabal - the ladies in the club- certainly did us proud).
