Title And Position Number You Are Seeking:

1

1. Are you an incumbent?

Yes

2. If yes, what policy or budget item that supports people with disabilities who are employed or seeking employment are you most proud of advancing during your tenure?

When others have proposed cuts to services that support people with disabilities, I have successfully fought to maintain funding for these services these past two years.

3. If you are not an incumbent, what will you do to support individuals with disabilities find and keep jobs and contribute to our economy?

I am the incumbent.

4. Do you personally know anyone with an intellectual/developmental disability? I/DD includes people who have cognitive disabilities such as Down syndrome, Autism, Cerebral Palsy, etcetera.

Yes.

5. Have you ever worked alongside anyone with a developmental or intellectual disability?

Yes.

6. Nearly 80% of people with a developmental disability are not employed or are underemployed. What can you do in your role to address this issue?

I recognize the importance and confidence that comes with a person's employment. I have been a strong supporter of Trillium and other services that provide constituents in my district with opportunities for employment.

7. Many people with developmental and intellectual disabilities who do work are worried about losing critical lifeline benefits such as medical care and social security because of earnings. Will you commit to working with CEA and other stakeholders to bridge this gap in coverage for people who want to work?

Yes.

8. It is estimated that 12,560 people with developmental disabilities receive NO paid services from the Developmental Disabilities Administration. If you are elected, what will you do to ensure services for all?

I will work with CEA to better address this challenge.

9. If elected and during your campaign, will you commit to meeting with businesses in your community and across the state who have benefited from having a diverse work force which benefits their bottom line?

Yes. I have met with several businesses all throughout the district that already have Trillium employees. I will continue to do so.

10. Community Employment Alliance members work hard every day to secure and retain competitive employment, increased wages, benefits and job training for people with disabilities. The impact of community employment on individuals and families is substantial. During your campaign, will you commit to meeting with families whose sons and daughters have benefited from employment services and hear their stories of inclusion, autonomy, and independence?

Yes. I have already met with several families from my district who benefit from these services.

11. Is there any other information pertaining to this topic that you would like your constituents with developmental disabilities, their friends and their family members, to know about you?

Since first becoming an elected official, I have joined with businesses and their employees who both benefit from these employment services. I will continue to do so.

12. Do you have any questions about people with intellectual and developmental disabilities that we can help you with?

I look forward to working with CEA to stay informed on these important issues.
