

fBLOK

welcome candace

It is our extreme pleasure to announce that **Candace Karhut** has joined the **f-BLOK architecture inc** ownership team alongside **BJ Fehr** and **Nate Kasten**.

Candace has been instrumental in the formation of f-BLOK, and now officially brings her **expert leadership**, knowledge, creativity, and innovation into our **collaborative office**. Candace is an architect with over 10 years of industry experience managing complex projects including health care, educational facilities, and interior fit-ups. She is a **highly skilled manager** and thoughtful architect. She is also a **dog lover**, football enthusiast, and avid cyclist.

bj

BJ is a skilled architect with over 12 years of dedicated experience in the production of and overseeing of the technical requirements of **specialized projects**. He is an **expert in accessible design** and has a thorough eye in the assessment of existing buildings conditions and systems. He leads our **Accessibility Audit** and **Building Condition Assessment** teams. BJ is a talented athlete and coach with a love for **sports** and music.

nate

Nate is an architect with over 12 years of design expertise. Nate is **creative thinker and problem solver** with a **big picture vision**. He is a community oriented leader with a love of **family**, music, and sport. Nate has a passion for **collaborative** and trust based processes and teams, particularly Integrated Project Delivery and **Lean** thinking. Nate provides quality control and design excellence reviews to each of our project teams.

about us

f-BLOK is building differently. We are an **approachable** group of problem solvers that thrive within constraints. **Connecting with our clients** and empathizing with them to provide intelligent solutions that meet budget, schedule, and design excellence is of utmost importance. We do this through leadership, **strategic thinking and listening**, and expert professional service.

We are **bridging the gap** between owner, architect, contractor, trades, and technology to find efficiencies and maximize investment. Alternative project delivery models that focus on a **team approach** and getting the right people around the table to create solutions together is how we like to work. We strive for efficiencies and Lean planning. **Collaboration is the building BLOK of everything we do.**

f-BLOK believes in thoughtful consideration of how the built environment affects the overall environment, and the health & wellness and social participation of those that occupy each space. We are inspired by finding simple solutions to complex problems through meaningful, appropriate, logical, and inspiring solutions.

f-BLOK, breaking down barriers
and creating new opportunities.
