Village of Round Lake
Attention: James Dietz - Village President
442 N. Cedar Lake Road
Round Lake, IL 60073

Dear Mr. Dietz:

The Silver Leaf Glen Homeowners Association wishes to clarify any misconceptions or misinformation about the Association and regulation on Wooster Lake.

The Board of Directors for Silver Leaf Glen has never asked for nor does it plan to ask for any regulations to be placed onto Private Wooster Lake. While the Board does feel that the property known as Out LOT B should some day be returned to Silver Leaf Glen, seeing that it was part of the HOA on paper when Ryland sold us our properties, we would not want to have any undue restrictions place on private Wooster Lake.

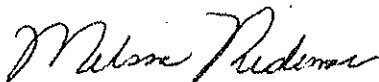

The Board also has been made aware of a petition that went though our neighborhood some time ago that purported to state that there was a move to change Wooster Lake into a wake lake. Many homeowners have told members of the Board that they feel that the individuals taking this petition around the HOA where misrepresenting the facts at the time and now regret signing that petition.

The Board does recognize that individuals may have there own position, but as far as the Silver Leaf Glen Homeowners Association is concerned, there is no desire to place any ordinance on Wooster Lake. To be clear, the Silver Leaf Glen Board of Directors did not sign nor approve of the contents of the petition that purportedly was taken to keep Wooster Lake a wake free lake."

If you should have any questions in regard to this matter, please contact me directly at 847-882-3644, or via e-mail at mridenour@vanguardcommunity.com.

Sincerely,

VANGUARD COMMUNITY MANAGEMENT, INC.

Melissa Ridenour, CMCA
Senior Community Association Manager
Silver Leaf Glen Homeowners Association
