Interesting how life evolves...

the choices we make lead to other choices... and the cycle continues...

Five years ago I decided to host a trail event, which lead to another one and then seven and now we are planning 2019 and we have thirteen trail events, expanding into Walworth County (think Lake Geneva), just opened the only Run Specialty & CaniCross location in the Midwest... perhaps in the country. We have scheduled weekly runs/walks, now having running programs and have personal coaching programs. This is not my accomplishment... this is an outcome of your support and encouragement (and an understanding & supportive wife). Just let me say thank you in simple terms, but from the deepest part of my heart.

We have lots of fun planned over the next few weeks and hope you will be joining us... details in this newsletter. We also have a surprise trail event on Sunday, November 25th, near Wilmot, WI. This event will be held on some private prop-

erty and I will be limiting the numbers to 60, a special email will go out in the next week to share the details.

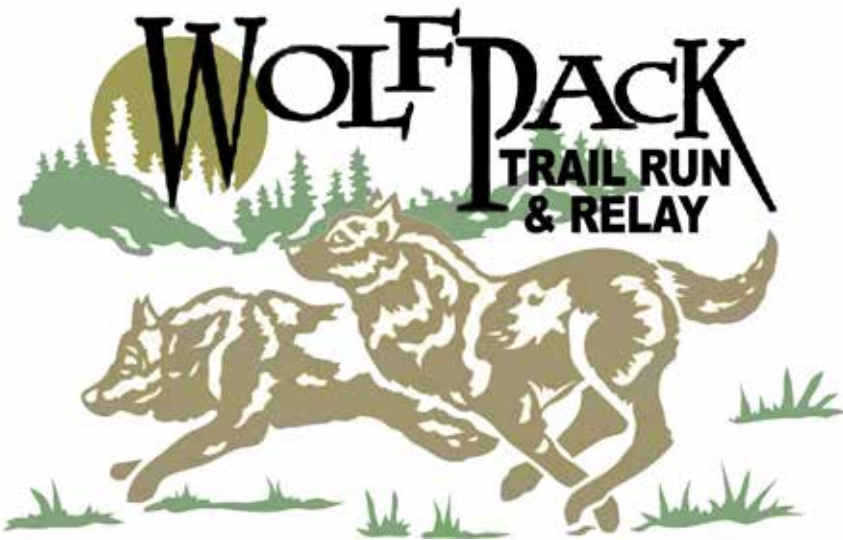

CaniCross update ... did you know we have an exclusive Canicross website? <http://www.traildogrunners.com/> and a FB page <https://www.facebook.com/KenoshaTrailsandCaniCross/>. I have also recently founded/started Canicross USA ... here is the link to our first newsletter <http://nebula.wsimg.com/02d28f344e78f8d60bd59ead-dd5c219f?AccessKeyId=28292B-965FA84342D8F2&disposition=0&alloworigin=1>

If you would like to become more involved in our Trail and Canicross Events, please let me know.

Have an amazing November and hope to see you soon.

Running it is just a way of life,
Brian

Our next XCThrillogy event

Wolf Pack Trail Run & Relay

Sunday, Nov. 11, 2018
Bong State Recreation Area
Kenosha (Kansasville), WI

Register Today!!

ARE YOU READY TO GET BONGED?

The Third Annual Wolf Trail Run and Relay is a few months, but for those planning an ultra distance or perhaps putting a relay team together... the timing is perfect!

New for this is the 50 mile distance to go along with our unique distances of 43.5 miles, 29 miles, 14.5 miles and 4.5 miles. You are welcome to walk up to the 29 mile distance. As with all of our events there are no cut off times.

Location is the Bong State Recreation Area in Kenosha County, WI and our odd shaped figure eight course has a 4.5 mile loop and a 10 mile loop. The 10 mile loop is mostly run on the horse trails that are mostly flat, scenic and at times a little challenging. The 4.5 mile loop is around the Vern Wolfe, which is wooded, a couple challenging kick ass hills and very scenic. Each loop intersects at our main aid station and your home base. For more information on Bong, visit <http://dnr.wi.gov/topic/parks/name/richardbong/>

The Trail Dog Distance Classic begins at 2:30 p.m. and the Distances are 4.5 miles or 9 miles.

For additional information about the Wolf Pack Trail Run and Relay or any of the other XCThrillogy Events, please call 262-925-0300 or e-mail briant@kenosharunningcompany.com.

Trail Dog Distance Classic

Sunday, Nov. 11, 2018 • 2:30 p.m.
Bong State Recreation Area
Kenosha (Kansasville), WI

Register Today!!

Purchase a pair of Altra or Salomon Trail Running Shoes from Kenosha Running Company and you will receive a FREE Entry.

FALL LEAVES, GROOMED TRAILS, CRISP AIR, AND YOUR FOUR LEGGED FRIEND? THE TRAIL DOG DISTANCE CLASSIC EVENT IS THE PERFECT WAY TO SPEND A NOVEMBER AFTERNOON!

4.5M and 9M distances.

This CaniCross event will give you the opportunity to test your and Rover's fitness against other like minded, pet loving runners/walkers while enjoying the beauty of Bong! Whether you have a mid distance or a distance dog, there is an event for you!

If you're wondering what CaniCross is then you're not alone. This is one of the fastest growing sports that one can do with their dog. It derives from the sport of dog mushing but you are working as a team with Rover. It's very much a team effort. While you can certainly participate and just run with your dog the idea behind CaniCross is that the dog is actually pulling you while you are running. This sport has gained a lot of popularity across Europe and is gaining popularity here in United States and Canada. The only thing required is a dog harness, gangline, and CaniCross belt. To get a better idea of what CaniCross is about watch this video!

We will be serving food, beer, and soda throughout the day and it is included in your entry fee.

We want this to be a fun experience for both you and your pet so we encourage you to come out and try out this sport. While it can be competitive we just want everyone to have fun, no matter what level you or your pup are. CaniCross equipment is not required. You may run with your dog on a leash.

A grey long-sleeved t-shirt with a graphic on the front. The graphic features the word "CaniCross" in a stylized font, with a silhouette of a person running and a dog pulling them on a leash. The background of the graphic is yellow and green.

THANKSGIVING TO NEW YEAR'S.... IT'S A WEIGHT GAIN NIGHTMARE, BUT IT DOESN'T HAVE TO BE! JOIN THE HOLIDAY MILE!

RUN OR WALK 1 MILE A DAY FOR 40 DAYS, THANKSGIVING TO NEW YEARS.

CHALLENGE: Stay fit and motivated during the calorie-filled holiday season by pledging to run, walk, bike or swim at least one mile every day, from Thanksgiving until New Year's Day... and then your New Year's resolutions take over! We call this The Holiday Mile. Each participant receives a T-shirt, Finishers Medal and is eligible for some BIG prizes!

SPECIAL TEAM / COMPANY AWARDS! The Holiday Challenge is designed to encourage and maintain healthy life styles and reward individuals for doing so. You can take it a step further by making it a charitable fundraiser or simply a corporate challenge. Organizations that adopt this challenge will discover they will increase morale, create a healthy work environment and help alleviate some holiday stress. In addition, your team members are eligible for some BIG prizes from us and we'll donate \$25 gift cards to your organization to use as prizes. (One gift card per 10 people registered on your team).

DONT STOP THERE: Create incentives for your team with your own unique awards. Make it your own local charitable fundraiser. Consider donating food to local food shelters, collect pledges for every mile run or walked during the 40 Days and donate it to a non-profit.

CELEBRATE: Hand out medals at the end of the event to recognize the people with the greatest weight loss. Perhaps you will recognize those who have run the most miles or committed every day to keeping the pledge! The sky's the limit! Keep us posted, let us know how well it works for your organization via our Facebook page at <https://www.facebook.com/holidaymile/>

WHAT WE PROVIDE:

- Form a team of 10 or more people and we will donate a \$25.00 gift card for you to raffle off to your team members (One gift card for every 10 people signed up under your team name).
- Each registered person gets an event T-shirt and Finisher Medal
- Participants will be assigned a unique web page to collect and track pledges for charities* (Optional)
- Register 25 or more under your team and the team captain gets a dry fit hoodie!
- All Medals and T-shirts will be shipped to the Team Captain for distribution. (Teams Only)

VISIT WWW.HOLIDAYMILE.COM TO ACCEPT THE CHALLENGE!

Contact us at **877.570.4434** to learn more about collecting pledges for your own unique charities or causes... or if you have additional questions.

XC Thrillology event review

Trails Are Alive Night Adventure REVIEW

Not only were the trails all alive, but only the brave of heart welcomed in the cold and strong winds that defined the day.

This is the second trail event at KD County Park this year, but our first night event there and by all accounts it was a perfect setting for a night event. We had several first time XC Thrillology trail runners, thank you for joining and welcoming our style of events. Those that are XC Thrillology veterans, you are the best and your support is appreciated more than you realize.

For the first time, I decided to wait on top of a beast of a hill and call out to runners as they cussed at me the whole way up! Ok, no one cussed, but it does add to the story! It was fun to watch head lamps on the trails and jealous I was not out there with you.

Thank you to Stephanie and my wife Tammy for their assistance in making this event possible and making it more enjoyable for everyone.

Hope to see you all at **Bong on November 11th.** Brian

FREE entry into an event!!!!

Kenosha Running Company is the trail shoe running headquarters of Southeast Wisconsin. You are welcome to take our shoes for a run on our over 2+ acres to make sure you get a great fit.

We are in our third year of hosting CaniXC events and we are loving it! CaniCross is one of the fastest growing sports that one can do with their dog. It derives from the sport of dog mushing/sledding but you are working as a team with Fido. It's very much a team effort. While you can certainly participate and just run with your dog the idea behind CaniCross is that the dog is actually pulling you while you are running. You are welcome to run or walk with your dog either on a leash or with the dog harnessed and attached to your running belt. We can also properly fit you and your dog with harness, lead line and running belt, stop by our new location for your and your dog's fitting (1706 - 22nd Ave., Kenosha, WI). We are proud partners with Howling Dog Alaska, Non-Stop Dog Wear and Kurgo.

We want this to be a fun experience for both you and your dog, so we encourage you to come and try out this sport. We have two exclusive CaniXC events and five CaniXC events associated with our trail events. We will also have a number of additional dog friendly events.

Beyond our physical fitness

Using your home's equity to style your perfect home

By: Shelly Floreani

The Dream

Imagine that you are a homeowner and have owned your home for a number of years. You have kept up with general maintenance like cleaning the gutters, taking care of chipping paint, tightening loose door knobs, etc. You are proud of your home and have kept it in tip-top shape. You love your home, but you would like to do more to make your home look its best. You have dreams of replacing the kitchen cabinets or getting granite countertops. Maybe your dream is new landscaping, or transitioning your deck into a 3 season room to have extra space to play with your children. You finally decide to move forward with your dream and obtain a few quotes from various contractors. When you get the quote back and you feel like your dream has been crushed. "How am I going to afford this?" you ask. "I do not have forty thousand dollars!" Not to worry. You do not have to give up on your goal of having your dream kitchen, new landscaping, or extra space. Since you have been living in your home, keeping up with maintenance, and making regular payments, there is a possibility that you can borrow against your home's equity.

What is equity?

Home equity is an asset that comes from your investment in your home. The equity in your home grows in two ways. One way is by paying down your loan balance. The other way is by your home appreciating in value over time. Generally, these two happen at the same time which helps your equity grow faster. To estimate how much equity you have in your home you can take your home's market value and subtract the amount you owe. For example, if your home could sell in today's market for \$200,000 and you owe \$110,000 the equity you have in your home is \$90,000.

How do I access my home's equity?

There are three ways you can access your home's equity. You can either take out a 2nd mortgage, a home equity line of credit (HELOC), or refinance your 1st mortgage. The amount of equity that you will be able to access will vary on certain factors such as your debt to income ratio (total of your monthly debt payments divided by your monthly income), the amount of equity you have in your home, and your credit history.

Second Mortgage

A second mortgage is similar to a first mortgage. Second refers to the position in which the lien is placed. This is important to lenders because it means that if anything were to happen and the home went into foreclosure then the first lien would get paid first and then, if there were any assets left over then the second lien would be paid. Because the lien is in second position the lender is taking on more risk which is typically why the interest rate on a second mortgage (which is typically fixed) will be higher than the interest rate on a first mortgage. When you have closed on your second mortgage the disbursement happens all at once and you receive a lump sum of money.

Home Equity Line of Credit (HELOC)

A HELOC is a line of credit that is usually in second lien position. For example, if you were approved for a \$40,000 line of credit, you can advance all of it or just some of it. The more you take out the less you have available. Depending on your financial institution, the amount owed after an advance may be an interest-only payment. If your payment is interest-only your minimum payment will not reduce your principal balance. If you want to reduce your principal balance to have more credit available, you will need to pay more than the minimum payment. Once the HELOC's draw period ends the loan will go into a repayment period. Be sure you are fully aware of your HELOC's repayment terms and what happens at the end of the draw period. Know what your interest rate is, when any promotional rate will expire, how long your draw period is, and what happens once the draw expires.

First Mortgage

When you refinance your first mortgage, you have the option of paying off the principal balance of your loan or taking a "cash out" option along with paying off the principal balance. The advantage to refinancing your first mortgage over taking out a second mortgage is that the interest rate may be better. Because the lien is in first position the loan is considered less risky by investors and thus qualifies for a better interest rate than a second mortgage. Also, if you shorten your term (the amount of time you select to pay back the loan) you could save thousands of dollars in interest.

Which one do I choose?

The type of loan that you choose to complete your home improvement projects depends on your goals and specific financial situation. Typically a HELOC is a good product to choose if you plan on doing a lot of work over several years and want to be able to have the option to draw multiple times. A second mortgage is a good idea if you have a great rate on your first mortgage and do not want to refinance your whole mortgage. Refinancing your first mortgage can be a very good idea for consolidating debt into one payment with lower interest or completing a large renovation project.

Shelly Floreani is the Mortgage Loan Officer at Southern Lakes Credit Union in Kenosha, WI. She has been with Southern Lakes for 3 years and brings to her job a servant's heart and deep commitment to our credit union's mission Southern Lakes Credit Union serves people who live or work in Kenosha, Racine, Walworth, Milwaukee, Rock, and Waukesha counties in Wisconsin along with Lake and McHenry counties in Illinois.
