

Roots Crew Application –for Mountain Roots Day Camp Summer 2017

OVERVIEW of the ROOTS CREW:

Mountain Roots is currently accepting applications for any students interested in joining our Roots Crew. Roots Crew is a summer leadership development opportunity for rising 7th-9th graders in Brevard, NC. Our Roots Crew members are technically registered campers (\$25 registration fee per week), and serve as counselors in training as they assist with the various camp activities. Roots Crew members assist with games, theme activities, preparing snack, spending time with kids that need a little extra attention, etc. We value our Roots Crew and take the time to offer real-life experiences in helping younger campers while simultaneously developing leadership and enjoying the various camp activities throughout the week / summer.

Roots Crew members may apply for 1-9 weeks (and anywhere in between), based on your summer schedule. Registration fees will be due on June 1, 2017 once the Roots Crew summer schedule has been confirmed.
