LETTER FROM THE CHAIR

The Board is pleased that our Foundation has given 13 grants to community organizations since we were organized in 2008. While awarding grants that make a real difference to the people of Shoreview, our Foundation is building an endowment fund that will generate funds to make larger grants to meet the changing needs of future generations of Shoreview residents.

In 2015 we awarded two grants. One was to Northeast Youth and Family Services to upgrade their ability to address the social service and mental health needs of youth and families in Shoreview. The other grant was to Mounds View Community Theater to help make live theater available to all residents of our community.

Grants in the areas of social services and the arts are just two categories of need addressed by our Foundation. Future grants will also continue to fund community needs related to historical preservation, recreation, enhancing community infrastructure, and human services such as the food shelf and evolving needs of the elderly.

All of these grants and the endowment fund are only possible through the generosity of residents, businesses, and friends of Shoreview. We are proud that contributions to our Foundation in 2015 were \$50,724, approximately double the prior year's contributions.

Our endowment is growing by expanding the base of residents and friends supporting the Foundation including donors who have committed to planned and sustained giving. Planned giving through your estate plan, will, or other method will create your legacy through building the Foundation.

Please talk to any current or past member of the board about your interest in planned or sustained giving. Our local board members in combination with experienced advisors from The Saint Paul Foundation want to assist residents to act on their passion for our community by creating your legacy.

Kent Peterson
