

# How the Internet Has Impacted Us In A Positive Way!

“A thank you and a suggestion from Ms. Martin's class!”

I recently received an Email from Ms. Martin explaining about a special program and how one of her students came across our website, [www.sunsetridgemx](http://www.sunsetridgemx.com), during his research. She writes:

Kyle is in 4th grade in Upstate New York and attends an 8-10 year old after-school crafts program with a fun scale model building. We have been building models and we have been having a lot of fun learning about all types of vehicles!

Kyle has chosen to build a motorcycle as his model and he was so excited as he was calling me over to show me your website. He also showed me this page about some of his favorite kinds of motorcycles. He couldn't sit still while showing me! -

<https://www.carcovers.com/resources/types-of-motorcycles/>

“I suggested that he share the article about the kinds of motorcycles because I told him that I'd bet that you'd be interested! I'm writing to ask whether you would be willing to add a link to the article the way that you have done with your other articles, because I think it will be a lot of fun for Kyle to see it on our page! ***Additionally, it will show all of the children how a small act can turn into something much bigger, which I hope will help them well later in life when they remember this experience!***”

THANK YOU Ms. Martin for all you do!!
