Dear BV Families,

Fall is finally here!! In October, our classrooms have a special trick or treat activity and will have Fall parties. Look for details posted in their classroom and be sure to come join in on the classroom fun if your schedule allows. We will also talk about the fall colors, study leaves, acorns, cool weather, foods we harvest and eat during fall, farms, and farm animals. Look for beautiful or one-of-a-kind leaves at your home and please share with the class!

### New BV Program: “Healthy Me, Healthy We” ...

We are excited to be starting a new program with our 3's and 4's at our center. Some of our younger children may see a few activities and materials throughout the month as well. This Monday, October 2<sup>nd</sup> will be our kick off day. It is called "Healthy Me, Healthy We." It is about eating smart and more active play. Look out for more information in your classrooms and talk to your children about what they learn. You can find more about it at [HealthyWe.org](http://HealthyWe.org) or come by the office for a flyer!!

### Mr. Robbie's Jokes of the Month...

What do ghosts like for dessert?

- scream!!!

What do witches put on their hair?

- Scare Spray!!!

### Happy Birthday to...
