## FROM THE PRESIDENT

Welcome to a new year and new challenges for each and every one of us. It is our wish that all are in good health and doing well in all aspects of your life. As we mature, life has a way of presenting new obstacles for us to deal with; I used to wake up from a night of partying with a headache knowing I was going to feel better. Now I wake up with all sorts of aches because I slept wrong with the prospect of remaining the same all day.

We have a terrific reunion planned for this year in Milwaukee and I want to thank Jim and Sandy Lewis for a job well done. They had some mighty big shoes to fill and sadly they didn't get the help that Gale had planned to give them. Going to various cities, negotiating with hotels for the best rates, and looking for sights that the members will enjoy are not all fun and games; it is hard work. I had worked with Gale for several years and he could still point out small mistakes that didn't seem a big deal at the time but could have caused problems later. Jim and Sandy have worked tirelessly on this and next year's reunion, so please give them a big Thank You when you see them; they deserve that and more.

The reunion will start on Wednesday, September 25 and end Sunday, September 29, 2019. We will also continue our Shotgun Raffles so we encourage you to donate items for this year's reunion. We are expecting a large turnout, so you need to make your reservations early by calling the hotel directly at either 414-345-5000 or 888-322-3326 and ask for the 39<sup>th</sup> ENG BN Alumni Association room block. Room rates are not guaranteed if reservations are made after August 26, 2019. In case you have to cancel, there is no charge if

reservations are cancelled 48 hours prior to the arrival date. We also ask that you send in your registration form and at least the minimum payment as soon as possible. This is needed so that we can make sure that we have everything to make your reunion a great one. Registration refunds will be made if we are notified by August 26, 2019. We are bringing back by popular demand a favorite gift for the membership this year; we will be giving the OD Green sweatshirt with the 39<sup>th</sup> logo embroidered on the left front to members registered. We will have a few extra for sale. Our reunion chair has put together several special trips that I believe all will truly enjoy without tiring us out. The itinerary is listed in full later in this newsletter. Our headquarters will be the Ambassador Hotel close to restaurants and sights for all to enjoy with a good room rate which allows you to come 2 days early or stay 2 days later if you choose. Although you have made reservations and received a confirmation number, you do have to abide by the hotel's check-in time which is 4:00pm. The hotel will attempt to accommodate early arrivals if possible. Once again, I want to mention and can't emphasize enough is that **"if you have a need for special accommodations, such as handicap accessible, it is your responsibility to take care of that with the hotel when you make your reservations"**; the Association can't do that for you.

Now for a big "Blue Bull Welcome" to our new member. Welcome and we look forward to seeing you at one of our future reunions.

## **FROM THE VICE PRESIDENT**

Recently I was reading about hypnosis. People perform amazing feats under hypnosis, and yet are unable to complete them in a waking state. After consideration, it seems to me that the difference is this; under hypnosis, the individual has no doubt that he can accomplish the deed, and just does it. Hypnosis is a direct shot at a person's belief button!

Too frequently in life each of us falls into the trap of self-doubt. We hesitate to do something because we fear it too difficult or concerned others may disapprove. Realize that failure to try guarantees failure. There are times we must take that leap of faith in ourselves and in others.

And this attitude can be applied to other aspects of life, be it health issues, finances, etc. Wake up believing you are going to feel great...going to accomplish something that day. Remember the sports adage..." You miss 100% of the shots you don't take". Believe in yourself, take the shot. You may just be surprised and hit the mark. Your action has the potential to make another's day better, and surely you don't want to miss that opportunity.

As the kids say...JMO.

## **FROM THE CHAPLAIN**

### **PTSD**

All of us who are or were combat veterans know the effect that combat has on an individual. Our VA Hospitals are filled with those suffering from PTSD and other related problems as some of us have. We know too well the devastating trauma that PTSD has on our ability to function and live a happy and healthy life.

The daunting data recently released claims that an average of 20 Iraqi and other conflict veterans commit suicide every day. What an overwhelming and horrific statistic. In the case of Vietnam Veterans, one in three is being treated for PTSD. So what can help our brothers and sisters in arms from becoming a statistic of the destructive after-effects of war, and moreover their treatment?

"According to Father Andrew Sioleti, the chief chaplain at VA New York Harbor Health System in Manhattan says that "... the sacrament of reconciliation and retreats are additional aids for veterans. Another spiritual tool is more active: 'One way of healing from your trauma and your pain and your moral injury [is] to start doing good things...' What he suggests is to start volunteering and helping others who cannot help themselves or who are in need.

Furthermore, in a study reported in "Psychology Today" veterans with PTSD who use service dogs have been found helpful in treating its effects. "The veterans who had a service dog reported significantly fewer symptoms of PTSD and better scores for psychological well-being, coping skills, and other measures of well-being."

Moreover, "survey results also showed that veterans with a service dog had less sleep disturbance, lower levels of anxiety and anger, and less alcohol abuse than those on the wait-list," for a dog. "These results suggest service dogs can help military veterans with PTSD both physiologically (as measured by cortisol awakening response) and psychologically."

Finally, we all know or have felt the consequences of PTSD, and what it does to our wellbeing. As you can see from the above research some headway has been made in trying to alleviate the disastrous after-effects of war on both mind, body, and soul. Hopefully, in the near future, a multidimensional approach will be found and instituted for all who feel the effects of PTSD.

Fr. Billy Vasilios

## SECRETARY'S REPORT

Several thousand sailors and Marines who served aboard ships off the shores of Vietnam have filed for AO benefits thru the VA. In Washington, a bill was introduced (The Blue Water Navy Vietnam Veterans Act) in both houses of Congress to provide assistance. The House passed the bill allowing for benefits and compensation by a vote of 382-0. However, two Senators, Mike Enzi (R-WY) and Mike Lee (R-UT) voted against it citing "budgetary and operational pressures that would happen at the VA." The Washington Post reports, the federal appeals court sided with the veterans voting 9 to 2 to reverse a decade old ruling of "boots on the ground" as a basis for benefits.

Congratulations to our Navy brothers in arms for winning an important case for benefits.

## 39TH BEB

Amazing how time flies, as I only have about 90 days left in command. LTC Stew Gast will be my replacement. Our Change of Command is currently scheduled for 29 May 2019.

Also, I'd like to introduce 2LT Morgan Kirchhoff. She has replaced LT Ricki Anciola as our POC for the Veterans Association. Lastly, we welcomed CSM Toby Kammer into the Bull Strike formation two weeks ago. He took the reins from CSM Robert Lake. So, lots of transitions going on here, but I'm very happy to report the battalion is very lucky with the talent we continuously see reporting for duty.

Also, there is an open invite to the Week of the Eagles here on Fort Campbell, May 20-23. For any Blue Bulls in the area it is a great time to plan a visit.

Please let me know if there is anything we can do for our Veterans.
