**I give Lupine Kennels** permission to bathe and groom my animal. I realize that grooming requires the use of scissors and other cutting instruments and that such use may result in injury if the animal being groomed moves suddenly. I will not hold the groomer or Lupine Kennels responsible for any injuries that occur during grooming.

**Matted Dogs:** When a pet is matted, air cannot get through to its skin. If the pet has an itch and bites itself the skin will become sore and will not be able to heal through its matted coat. Clipping uncovers these skin conditions, as well as other skin problems that may have developed from the lack of air and grooming. Lupine Kennels reserves the right to refuse the de-matting of extremely matted pets. It can be painful, stressful and dangerous. We want our grooming experience to be a pleasant and above all safe one. We groom humanely and will not pull mats out, They will safely be removed via shaving. There is a \$10-\$20 matting charge dependent on the length of time it takes to remove all mats safely. We at Lupine Kennels cannot be held responsible for any injury during the process of removing matting.

**Cancellation-We require a 3 day cancellation notification. If you do not contact us three days prior to cancel, you will have to prepay all future appointments.**
