## STANDARD TERMS AND CONDITIONS OF PURCHASE

This document sets forth the terms and conditions which govern all purchases of goods and services by Am-Tek Engineering, Inc.

**1. Definitions.** As used throughout these Standard Terms and Conditions of Purchase (hereinafter Terms and Conditions) and any other contract or purchase order referencing these Terms and Conditions, the following definitions apply unless the context requires otherwise:

“ATE” means any Am-Tek Engineering, Inc. entity issuing a purchase order.

“Seller” or “Supplier” shall mean the contracting party with whom the order is placed.

“Order” or “purchase order” or “Contract” (if the context so requires) shall mean the authorized ordering mechanism placed by ATE with Supplier for Articles, including the Terms and Conditions of Purchase set forth herein.

“Government” shall mean the United States Government or any department or agency thereof.

### 2. Acceptance.

**2.1. Acceptance of ATE's Offer.** Any purchase order issued by ATE to any Supplier ("Supplier") is an offer by ATE, which becomes binding on the terms contained therein and herein when it is accepted by Supplier. Supplier will be deemed to have accepted such offer on ATE's terms if Supplier commences working on the goods or providing the services, or ships the goods, which are the subject of the purchase order, or if Supplier issues a written order acknowledgement. Any acceptance by Supplier of a purchase order is limited to acceptance of the express terms of the purchase order, specified ATE Purchase Order Requirements or other documents incorporated in the purchase order by reference, and these Terms and Conditions and Schedule A attached hereto.

**2.2. Attempts to Alter Terms Rejected.** Any attempt by Supplier to alter the terms offered by ATE, or to propose additional terms, will be considered invalid and rejected by ATE unless ATE specifically accepts in writing such alterations. The altered or additional terms proposed by Supplier and deemed rejected by ATE hereby will be considered a material alteration of ATE's offer, and ATE's offer will be deemed rejected by Supplier without such altered or additional terms.

**2.3. Prior Offer by Supplier.** If any purchase order issued by ATE to Supplier is deemed to be an acceptance of a prior offer by Supplier, ATE's acceptance of such prior offer will be deemed limited to the Terms and Conditions contained herein and in the purchase orders issued by ATE. In such cases, any other terms deemed to be part of Supplier's offer will be deemed material and rejected by ATE; but such rejection by ATE will not be deemed to operate as a rejection of Supplier's offer unless the rejected terms are those of price or quantity.

### PRICING, DELIVERY, INVOICING, PAYMENT TERMS, ETC.

**3. Packing, Marking and Shipping.** Supplier shall pack, mark and ship all goods and supplies in accordance with the requirements of ATE's Packing, Marking and Shipping Instructions as presented by ATE to Supplier from time to time, subject to any reasonable modifications set forth in the relevant purchase order, and so as to be in material and structural compliance with all applicable transportation regulations and good commercial practice for protection against damage from weather and shipment, including any applicable Federal, state and local laws and regulations for the packaging, labeling,

transportation and shipping of hazardous materials. Supplier shall follow ATE written shipping instructions and secure the most advantageous transportation services and rates consistent therewith. No separate or additional charge is payable by ATE for containers, crating, boxing, handling, dunnage, drayage or storage unless specifically stated in the purchase order or otherwise agreed to by ATE in writing. Supplier shall mark each container with the number of the purchase order, part number and any other markings called for on the face of the purchase order, and shall enclose a packing slip with the purchase order number item description, part number, serial number, quantity and total number of containers in an envelope attached to each container. Certifications required on the face of the purchase order or by the technical data must also be included with the shipment of articles. Damage resulting from improper packing or shipping will be charged to Supplier.

#### **4. Invoicing, Payment Terms.**

**4.1. Invoicing.** All invoices are to be sent to ATE Aerospace at the address stated in the purchase order. In order to be considered for payment, each invoice must:

- 4.1.1. Show the relevant ATE purchase order number;
- 4.1.2. Itemize any taxes to be paid by ATE;
- 4.1.3. Contain line item number from the ATE purchase order, description, unit price, quantity and extended price, if any;
- 4.1.4. Contain the name of the person requesting the material or service, if requested by ATE;
- 4.1.5. If requested by ATE by written notification contain Supplier's certification that all goods and services reflected therein were produced and supplied in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, and of regulations and orders of the U.S. Department of Labor issued there under.

**4.2. Delays for Non Compliance.** Failure to comply with invoice requirements outlined herein may result in a delay in payment by ATE and a postponement of the due date until such a time that Supplier has remedied such non-compliance.

**4.3. Offset; Withholdings.** ATE may offset against any amounts due under Supplier's invoices: (a) any damages resulting from Supplier's default under or breach of any contract (including any purchase order and these Terms and Conditions); (b) any amount owing from Supplier to ATE; or (c) any adjustment for shortage or rejection and any costs occasioned thereby. In the event that ATE becomes aware of potential violation of any governmental law, regulation or order or contractual obligation by Supplier in relation to its performance hereunder, ATE may withhold, without liability or interest, any payment due hereunder associated with matters relating to such potential violation, pending investigation and resolution of such potential violation.

**4.4. Payment Terms.** Unless otherwise provided under the applicable purchase order or written agreement between ATE and Supplier, payment terms shall be net sixty (60) calendar days. The term of any payment provided for in the purchase order, and all discounts related thereto, shall be calculated from (i) the date the items are received, (ii) the date the items are scheduled to be received, or (iii) the date an acceptable invoice is received, whichever is latest.

**4.5. Payment Date; Discounts.** If, in its discretion, ATE accepts any shipment ahead of schedule, ATE may make payments therefore on the basis of the scheduled delivery date. The date for the calculation of ATE's entitlement to take a discount under any Supplier invoice will be the date materials acceptable to ATE are delivered, or the date an acceptable invoice is received, whichever is the later.

**4.6. Taxes.** All prices indicated in purchase orders include all applicable taxes, impositions including but not limited to import and export duties and other similar charges, unless specifically indicated otherwise in such purchase order.

**5. Delivery.** Delivery shall be FOB Destination which is ATE's designated place of delivery stated on the purchase order.

5.1. Supplier will deliver acceptable goods and services in strict conformity with any delivery schedule set forth in any purchase order, subject to any delays as a result of any force majeure, or other circumstance or event beyond the reasonable control of Supplier. Supplier will bear the cost of any normal (except to the extent explicitly specified otherwise under the relevant purchase order) or extraordinary (in any case) shipping charges necessary to meet the delivery schedule specified in any purchase order.

5.2. The purchase order delivery schedule and quantities are to be strictly adhered to. Supplier will not deliver any goods or render any services in advance of the schedule specified in the relevant purchase order, and will not order materials or services necessary for delivery of goods or rendering of services to ATE in advance of Supplier's normal and reasonable order requirements ("flow-time"). Any goods delivered to ATE in advance of schedule may be returned by ATE to Supplier at Supplier's cost, and will be stored by Supplier at Supplier's cost. Any deviation from the delivery schedule and/or delivery quantities may result in the complete or partial return of the delivered product. Further, any delivery containing less than the scheduled delivery quantity may have payment withheld until the balance of the parts are delivered.

5.3. At ATE's option and sole discretion, should Supplier fail to deliver any goods ordered under an Order by ATE within the delivery date for reasons other than those set forth in Section 28 (Force Majeure), in consideration of the difficulties in calculating the damages which any such delay would cause to ATE, Supplier shall pay to ATE, as liquidated damages, a sum equal to one-half percent of the price of the delayed goods for each complete day of delay. The total amount to be paid by the Supplier to ATE as liquidated damages shall not exceed twenty percent of the price of the delayed good(s).

**6. Most Favored Customer.** Supplier warrants that it will not charge ATE more for any goods or services, or any item thereof, than it charges any other customer for such goods or services. Supplier will adjust prices upon discovery of any amounts paid by ATE, which reflect a breach by Supplier of the immediately preceding sentence and refund any excess payments made by ATE. ATE or its representatives may at any time audit all pertinent books, records and files of Supplier in order to verify compliance with this paragraph.

## **INSPECTION, WARRANTY, CHANGES ETC.**

### **7. Inspection.**

**7.1. Right to Inspect.** All goods and services ordered by ATE pursuant to any purchase order are subject to inspection before or after receipt by ATE, notwithstanding the earlier passing of title to ATE, or any prior payment by ATE, or any prior inspection of any type. ATE's inspection may, in its sole discretion, include physical, visual and/or mechanical review, as well as any documentation necessary to substantiate the meeting of quality requirements or specific requirements set forth in the purchase order.

**7.2. Correction, Rejection.** If any goods and services are in ATE's reasonable business judgment defective in material or workmanship or not in conformity with the drawings, specifications, samples or other requirements of the relevant purchase order, ATE shall notify Supplier. If Supplier fails to correct the defect or non-conformity within a timeframe appropriate

to support ATE manufacturing needs after such notice, ATE may, in addition to any other rights under the purchase order, these Terms and Conditions or otherwise, correct or have corrected the defect or nonconformity at Supplier's expense. Rejected goods may be returned by ATE to Supplier at Supplier's risk and expense, including without limitation all costs (including ATE's personnel costs) of unpacking, examining, repacking and reshipping, and transportation of, such goods.

**7.3. Right of Recovery.** In addition to any other rights it may have under the relevant purchase order, these Terms and Conditions, or otherwise, ATE may recover any and all costs, expenses and damages paid, incurred or suffered as a result of or relating to holding, returning, replacing, correcting or rejecting defective or nonconforming goods or services to the extent that such costs, expenses or damages resulted from Supplier's action or inaction.

**7.4. On-site Inspection.** Work performed under any ATE purchase order is subject to inspection at Supplier's plant by authorized representatives of ATE, ATE's customers or their customers or any governmental entity asserting authority or jurisdiction, or, in the case of a government contract, the government, during normal business hours upon reasonable prior notice to conduct inspections and tests of any finished or unfinished products subject to any ATE purchase order. Supplier will make available its facilities to accommodate the safety and reasonable convenience of such representatives. Supplier will include a like provision in its subcontracts issued in conjunction with any ATE purchase order. When reasonably requested upon reasonable prior notice, representatives of Supplier will accompany ATE, its customers or their customers or the government to Supplier's subcontractor's facilities for such inspection and testing.

**7.5. Right of Entry.** ATE and its customers, subcontractors and regulatory agencies shall be allowed entry and are hereby authorized to enter into the premises of the Supplier to inspect and otherwise verify the quality of work, records and material at any place including the Supplier and Supplier's subcontractor manufacturing facilities. Supplier must coordinate any such entry with ATE's Purchasing Department.

**7.6. No Waiver.** The inspection, review or approval by ATE of any work, or of any drawing, design or other document, will not be deemed to relieve Supplier of any of its obligations under any purchase order or constitute a waiver of any defects or nonconformities. The acceptance by ATE of any goods or services under any purchase order will not be deemed to limit or affect any warranty or right of indemnity granted by Supplier under such purchase order, these Terms and Conditions or otherwise.

## 8. Changes.

**8.1. Changes and Adjustments.** ATE may at any time, by written order (and without notice to sureties), make changes within the general scope of any purchase order in any one or more of the following: (i) drawings, designs, specifications or other technical documents; (ii) quantity, (iii) time and place of delivery; and (iv) delivery schedules. Without limiting the foregoing, ATE may at any time and from time to time modify its Shipping Packing, and Marking Instructions or the Invoicing Instructions contained above by delivery of a revised version thereof to Supplier. Supplier will implement any such changes; provided, that if any such change causes an increase or decrease in the cost of or time required for performance of any work under a purchase order, an appropriate adjustment in the price and/or delivery schedule will be agreed to by ATE and Supplier. Notwithstanding the foregoing, no adjustment to the benefit of Supplier will be made: (a) for any change to delivery schedule when delivery is rescheduled within twelve (12) months of the originally scheduled delivery date; or (b) for any change made necessary by reason of

defects or nonconformities for which Supplier would be liable under the terms of the order and these Terms and Conditions or otherwise; or (c) for any change to delivery schedule if the amended delivery schedule is commensurate with any delivery schedule changes received by ATE from its customer. Any claim by Supplier for adjustment will be made in writing within twenty (20) days from the date the change was ordered by ATE, and will set forth the amount claimed and the reasons therefore. Upon prior written request and subject to ATE maintaining the confidentiality thereof, Supplier will make available its books and records for ATE's examination to allow ATE, its authorized representatives and its customers (including the government if this is a government contract) to verify any claim for adjustment by Supplier. If ATE and Supplier are unable to agree upon an adjustment in the event of any change directed by ATE, the matter will be resolved in accordance with the dispute resolution procedures set forth in the Paragraph of these Terms and Conditions entitled "Dispute Resolution." Pending resolution of any such adjustment, Supplier will diligently pursue the performance of the order as changed. Notwithstanding the above, if ATE enters into an agreement with a customer, which provides for no cost increase as a result of changes to delivery or work schedule, this same provision will apply to any purchase order(s) issued hereunder to the Supplier.

**8.2. Authority to Order Changes.** Changes may be ordered by ATE only in writing issued by an authorized representative of ATE's Purchasing Department, which expressly states that it constitutes a change to a specified purchase order. If Supplier believes that any other conduct has constituted a change under an order, it will notify ATE immediately in writing as to the nature of such conduct and its effect upon Supplier, but will take no steps to implement a change absent written direction from an authorized representative of ATE's Purchasing Department consistent with the preceding sentence.

**9. Suspension of Work.** ATE may, at any time, by written stop-work order to Supplier, require Supplier to stop all, or any part, of the work called for by a purchase order for a period of 90 days after the order is delivered to Supplier, or longer in the event of a design change or if ATE receives a stop-work order from its customer, and for any further period to which the parties may agree. Upon receipt of the order, Supplier will immediately take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within the indicated 90-day or other longer period, ATE will either (i) cancel the stop-work order, or (ii) let such stop-work order expire, or (iii) terminate the work covered by the stop-work order either for default if ATE has given notice of such default to Supplier and Supplier has had a reasonable period of time to correct such default or for convenience as set forth in the Paragraph below entitled "Termination For Convenience", in accordance with these Terms and Conditions and the relevant purchase order. If a stop work order is cancelled or allowed to expire, and the suspension effected thereby has a material effect on Supplier's costs or ability to meet the purchase order's delivery schedule, ATE will make an adjustment in the delivery schedule or purchase price (but with no increase in profit allowed), or both, and the purchase order will be modified accordingly, but only if requested by Supplier in writing within thirty (30) days after the suspension ends.

**10. Warranties.** Supplier warrants to ATE that all goods and services furnished to ATE will conform to applicable specifications, instructions, drawings, blueprints, data, samples and any other descriptions, will be of good material and workmanship and free from defects, including defects in design where design is Supplier's responsibility, and will be free from all liens and encumbrances, and will be new, merchantable and fit for the purpose intended. All warranties will survive inspection, test and acceptance of and payment for the relevant goods and services.

10.1. This warranty shall run to ATE and its successors, assigns and customers. This warranty shall begin after ATE's final acceptance. ATE may, at its option, either (i) return for credit or refund, or (ii) require prompt correction or replacement of the defective or non-conforming goods. Return to Supplier of defective or non-conforming goods and redelivery to ATE of

corrected or replaced goods shall be at Supplier's expense. Supplier shall be liable for costs of inspecting, assessing, gaining physical access to, and removal of any installed non-conforming goods or services or adjoining goods.

10.2. Deliveries of corrected or replaced goods or services shall be accomplished promptly and shall be accompanied by written notice specifying that such goods or services are corrected, repaired or replaced. ATE's remedies with respect to this warranty shall not be limited, restricted or disclaimed in whole or part by any other terms or conditions. ATE retains all its rights at law and in equity for Supplier's breach of warranty.

10.3. Goods required to be corrected or replaced shall be subject to this article and further inspection rights in the same manner and to the same extent as goods originally delivered under this contract, but only as to the corrected or replaced part or parts thereof.

Even if the parties disagree about the existence of a breach of this warranty, Supplier shall promptly comply with ATE's direction to (i) repair, rework or replace the goods or (ii) furnish any materials or parts and installation instructions required to successfully correct the defect or nonconformance.

**11. Progress Reporting.** Supplier will submit progress reports and other charts and materials to provide complete visibility of planned program tasks and progress against such tasks, in any format or schedule requested by ATE.

#### **PROPRIETARY ITEMS, CONFIDENTIALITY, ETC.**

**12. Proprietary Information.** Supplier will maintain the confidentiality of all information furnished by ATE as confidential and will not disclose any such information to any other person, or use such information for any purpose other than performing under the purchase order to which it relates. The preceding sentence applies, without limitation, to designs, inventions, software programs, source codes, materials, models, processes, drawings, specifications, data, reports and other technical or business information and the features of all parts, equipment, tools, gauges, patterns and processes disclosed to Supplier by ATE; and, to information supplied in electronic form, including CAD/CAM and computer aided engineering data. Supplier will not sell any such information, and will deface or otherwise render unsuitable for use any such information of which Supplier disposes. Upon fulfillment or termination of any purchase order, and as otherwise directed by ATE, Supplier will at its own expense, subject to the specific instructions of ATE, either dispose of all information supplied by ATE or return such information to ATE. ATE or its representatives may at any time audit all pertinent books, records and files of Supplier in order to verify compliance with this paragraph. Supplier will, in all of its contracts with its suppliers relating to any ATE purchase order, include provisions, which secure for ATE the rights and protections provided for by this paragraph. Notwithstanding the foregoing, the term "Confidential Information" shall not include any information that is: (a) in the public domain through no fault of Supplier; or (b) independently developed by Supplier without breaching this Contract or by parties who have not had, either directly or indirectly, access to or knowledge of the Confidential Information. The foregoing obligations are in addition to and not as a replacement for any obligations under any nondisclosure agreements in place between the parties.

**13. Patent Infringement Indemnity.** Supplier will defend ATE, subcontractors of ATE, and any subsequent customers, owners, suppliers, users or operators of the goods or services delivered in accordance with ATE's specifications (herein the indemnified parties) against all claims and in all proceedings alleging infringement of any United States or foreign patent or copyright in the manufacture or sale of any goods or services delivered to ATE, and Supplier will indemnify and hold the indemnified parties harmless from any resulting liabilities and losses.

**14. Non-Disclosure of Transactions.** Supplier will not, and will require its suppliers and subcontractors to not, advertise or publish the fact that ATE has ordered goods or services from Supplier, or the terms or nature of such order. Supplier will not, and will cause its employees and other representatives to not, disclose such information in company periodicals, press releases, public lectures, theses, sale or other promotional literature, or otherwise, unless such disclosure has been approved by ATE in writing.

## **15. Intellectual Property Rights**

15.1. All intellectual property rights (including without limitation patents, utility models, design rights, copyrights, trademarks, rights in confidential Information including know-how, in each case whether registered or unregistered and including all applications or rights to apply for such rights) in any and all specifications, designs, drawings, notes, data, documentation, information and other intellectual property that:

(i) are supplied by or on behalf of ATE to the Supplier; and/or  
(ii) arise from the performance of work in pursuance of a purchase order; and/or  
(iii) are included in the goods or services supplied by Supplier under any purchase order, shall (in the case of (i) above) remain the property of ATE and (in the case of (ii) and (iii) above) be considered as a work for hire and be deemed to be the property of ATE, and the Supplier shall promptly take all necessary steps and do all necessary acts (at Supplier's sole expense) to vest such intellectual property rights in ATE. Supplier assigns all rights, title and interest to any such design and any such copyright to ATE including all rights to registration, publication, rights to create derivative works and all other rights that are incident to ownership. In the event that any court holds such creative works not to be works for hire, Supplier agrees to assign such intellectual property rights to ATE at ATE's request in consideration of the price paid for goods or services hereunder.

15.2. Such intellectual property and intellectual property rights shall not be used by Supplier except to the extent required for the purposes of the purchase order, nor copied or communicated by Supplier to any other party, without the prior express written consent of ATE.

15.3. All such specifications, designs, drawings, notes, data, documentation, information and other intellectual property referred to above shall be returned/provided (together with all copies thereof) to ATE immediately upon request or in any event on completion or termination of the purchase order or upon termination of this Contract.

15.4. The Supplier represents and warrants that the purchase, use, sale and/or other exercise of the goods or services by ATE and/or its customers will not infringe any intellectual property right(s), including without limitation any patent, utility model, design right, copyright, trade mark, right in confidential Information including know-how, in each case whether registered or unregistered, in existence or pending anywhere in the world at the date of delivery of the goods or services supplied.

**16. Tools and Materials.** Title to and the right of immediate possession of all tools, dies, patterns, software, numerically controlled media and programs, manufacturing programs, replacements and materials used by Supplier in manufacturing goods under a purchase order ("special tooling and materials") will be and remain in ATE (or ATE's customer if applicable). All special tooling and materials will not be used in the production of larger quantities than those specified by ATE in a purchase order. Upon completion of any relevant purchase order, all special tooling and materials will be delivered to ATE or disposed of by Supplier as ATE shall direct. All special tooling and materials will be segregated by Supplier at Supplier's plant and clearly marked as belonging to ATE and will be used solely in the performance of work ordered by ATE, will be insured against loss by the Supplier, and will not be

copied, and will be delivered by the Supplier to ATE upon demand. Supplier assumes complete liability for all special tooling and materials while in Supplier's possession. Supplier will reimburse ATE for damage to ATE's special tooling beyond normal wear and tear while in Supplier's possession. ATE reserves the right to use at any time all special tooling and materials. Supplier will be responsible to ATE for any and all consigned materials. Supplier will communicate to ATE, in such manner and such times as ATE directs, any and all instances wherein Supplier fails to yield prescribed requirements from ATE's material. Upon completion of specific purchase order requirements, Supplier will furnish to ATE any and all residual materials and an accounting of any and all deviations from the prescribed order requirements. At ATE's direction, Supplier will at its cost return to ATE any "off fall" material. If any item fabricated by Supplier from material furnished by ATE is defective, or any furnished material is damaged while in Supplier's possession, Supplier will reimburse ATE to the full extent of its damages.

### **INDEMNIFICATION, INSURANCE ETC.**

**17. Indemnification.** Supplier will defend, indemnify and hold harmless ATE and its affiliates, and their officers, agents, employees, successors and assigns, against any claims, loss, damage or expense, including, without limitation, payment of direct, special, incidental and consequential damages, and expenses of defending claims including attorneys' fees, arising out of or relating to Supplier's breach of obligations or negligence or willful misconduct with respect to the order. This duty to defend, indemnify and hold harmless extends only to any suit, claims, judgment or demand which arises out of or in connection with Supplier's performance or nonperformance of any purchase order placed by ATE, out of or in connection with Supplier's breach of warranty, out of any defect in the goods or services whenever discovered, out of any patent infringement or misappropriation of trade secrets by Supplier other than pursuant to specifications or instructions provided by ATE, or failure of Supplier to pay royalties, or any other breach of Supplier's obligations hereunder whether such claim or suit is based upon contract, warranty, strict liability in tort, negligence, or other legal theory, and also extends not only to "third party claims" but also to any loss suffered by ATE.

**18. Insurance.** Supplier will, at all times, maintain with reputable insurance companies, comprehensive general liability insurance in the minimum amount of \$1 million and aviation products liability insurance in the minimum amount of \$2 million (both to include coverage for any liability under any ATE purchase order and these Terms and Conditions). At ATE's request, Supplier will name ATE as an additional insured under such policies, and will provide to ATE a certificate of such insurance providing for 30 days prior written notice to ATE of cancellation or material change. Supplier will maintain workers' compensation insurance sufficient to cover all of its general and special employees engaged in work pursuant to any ATE purchase order and insurance against liability for personal injury or death or destruction of or damage to property arising out of work in fulfillment of any ATE purchase order, and will provide prompt evidence to ATE of such coverage upon ATE's request.

### **DEFAULT, TERMINATION ETC.**

#### **19. Default.**

**19.1. "Default".** Time is of the essence in the purchase order. It is a default under any purchase order and these Terms and Conditions if Supplier: (i) refuses or fails to deliver any goods or perform any services within the time specified in such purchase order except as provided herein; (ii) fails to comply with any other provision of such purchase order or ` Terms and Conditions; (iii) fails to make progress so as to endanger performance of such purchase order in accordance with its terms and these Terms and Conditions, or repudiates such purchase order; or (iv) suspends its business or become insolvent or subject to any law relating to bankruptcy, insolvency or relief from creditors, or takes any action in anticipation thereof.

**19.2. Termination for Default.** In the event of any default by Supplier under any purchase order or these Terms and Conditions, ATE may terminate such purchase order (and all related purchase orders), with no liability owed to Supplier whatsoever. In the event of any such termination for default, Supplier will be liable to ATE for any and all damages resulting from Supplier's default.

19.2.1. If ATE terminates any purchase order for default in whole or in part, it may acquire, under commercially reasonable terms supplies or services similar to those terminated, in which case Supplier will be liable for any excess costs for those goods or services. Upon a termination in part, Supplier will continue any work not terminated.

19.2.2. If, after termination, it is determined that the Supplier was not in default, or that the default was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for ATE's convenience under the Paragraph below entitled "Termination for Convenience."

19.2.3. The rights and remedies of ATE in this paragraph are in addition to any other rights and remedies provided by law or under this contract.

**19.3. Remedies.** The rights and remedies herein reserved to ATE shall be cumulative and additional to any other rights and remedies provided in law or equity, including without limitation the right to reclaim goods delivered if payment is not made when due.

**19A. Cancellation.** ATE may cancel any purchase order at any time without cost to ATE in the event that ATE's customer cancels a corresponding order to ATE.

**20. Termination for Convenience.** Whether or not a purchase order relates to a government contract, ATE may terminate any purchase order in whole or in part for any reason in accordance with the procedures established in the termination clause set forth in the United States Federal Acquisition Regulation (FAR 52.249-2) and the policies and principles set forth in Part 49 of the FAR, all of which are hereby incorporated by reference, except that in FAR 52.249-2: (i) the term "Contractor" shall be deemed to mean Supplier; (ii) the terms "Contracting Officer" and "Government" shall be deemed to mean ATE; (iii) the one year period in paragraph (d) for submitting a final termination settlement proposal is reduced to sixty (60) days; and (iv) the 90-day period in paragraph (k) for submission of a proposal for an equitable adjustment of the price in the event of a partial termination is reduced to thirty (30) days.

20.1. The Supplier shall use its best efforts to mitigate the costs arising from such termination. In no case shall the amount payable by ATE for the terminated work exceed the price which would have been payable by ATE had the work been completed.

20.2. ATE reserves the right to take possession of and title to any partly completed work, including but not limited to any relevant tools, fixtures, jigs or documentation. The failure of Supplier to file a claim within the applicable period in accordance with the FAR and this paragraph 20 will constitute a waiver and be the basis for a complete denial of any such claim.

20.3. The provisions of this Paragraph shall not be deemed to limit or affect the rights or remedies of ATE provided elsewhere in any purchase order, these Terms and Conditions, or provided by law in the event of default or breach by the Supplier.

20.4. ATE's Limitation of Liability – ATE shall not be liable to Supplier for manufacture or procurement of materials in advance of the lead time in accordance with the latest purchase order delivery schedule. If any revision of the Order or forecast affects a good for which Supplier was authorized to commence manufacture by prior versions of the Order or forecast in accordance with lead time requirements, ATE shall be liable for manufacture of goods within the lead time requirements of such prior Order or forecasts. As a material term of this contract Supplier agrees that any manufacture or order of materials in advance of Supplier's lead-time shall be solely at Supplier's risk and ATE assumes no liability for manufacture or procurement in advance of Supplier's lead-time. In the event of a termination or an engineering change resulting in obsolescence, no claim will be allowed for any such manufacture or procurement in advance of such lead time unless an update to the Order or Forecast: (i) affects a good for which Supplier was authorized to commence manufacture by the prior revision of the Order or forecast in accordance with Lead time requirements; (ii) Supplier notified ATE in writing of the specific good affected; and, (iii) Supplier complied with the written direction of the ATE with respect to such affected good(s).

#### **COMPLIANCE WITH LAW ETC.**

**21. Compliance with Law.** Supplier represents and warrants that all of the goods and services provided by Supplier will comply, and will be manufactured and furnished by Supplier in compliance with, all applicable federal, state and local laws, regulations, orders and ordinances, including the Export Regulations (defined below) and including those applying to goods sold to the U.S. Government or for shipment in interstate commerce, and upon reasonable request Supplier will provide evidence of such compliance.

**22. Certifications.** Supplier hereby certifies that the goods called for by the purchase order have been or will be produced in compliance with the Fair Labor Standards Act of 1938 (29 U.S. Code 201-219) and, insofar as applicable to the purchase order, the Walsh-Healey Public Contracts Act (41 U.S. Code 35-45) and the Work Hours Act of 1962 (40 U.S. Code 327-332), and any amendments thereof. Supplier further certifies that it has and will comply with Executive Order 13201 issued February 17, 2001 and any successor executive order and all laws and regulations concerning the export and import of goods and technical data. Supplier agrees upon request to supply all certifications and information reasonably requested by ATE.

**23. Nondiscrimination.** Unless exempted by the Secretary of Labor under Section 204 of Executive Order 11246 as amended, there are incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in section 202 of Executive Order 11246, provided that where necessary, the term "Contractor" will mean the Supplier and the term "Contract" will mean each purchase order. Where applicable, there are also incorporated herein by reference the contract clauses set forth in 41 CFR 60-250.4 pertaining to veterans with disabilities, and 41 1CFR 60-741.4 pertaining to all persons with disabilities.

**24. Export Compliance; Release of Technical Information.** Technical information or data, whether classified or otherwise, shall not be disclosed by Supplier to any person or entity in violation of the Export Administration Regulations (EAR) of the United States Department of Commerce, 15 C.F.R. Subtitle B, Chapter 7, Subchapter C; the International Traffic in Arms Regulations (ITAR) of the United States Department of State, 22 C.F.R. Chapter 1, Subchapter M; OFAC Sanctions of the Department of Treasury, 31 C.F.R. Subtitle B, Chapter 5; or any other applicable laws or regulations of the United States (“Export Regulations”). Supplier shall require each person to whom they wish to disclose EAR-controlled and/or ITAR-controlled information to certify agreement to EAR and/or ITAR non-disclosure requirements. Supplier will provide verification of the individual certifications upon request from ATE. Any such attempted assignment without consent shall be void and shall have no effect.

31.2. Neither the entirety nor any part of any purchase order may be further subcontracted by the Supplier without the prior written approval by ATE.

**31. Waiver and Severability.** The failure or delay of either party to insist on performance of any provision of these Terms and Conditions or any purchase order, or to exercise any right or remedy available under these Terms and Conditions or any purchase order, will not be construed as a waiver of that provision, right, or remedy in any later instance. Further, if any provision of these Terms and Conditions or any purchase order is or becomes void or unenforceable by operation of law, the remaining provisions shall be valid and enforceable.

**32. Dispute Resolution.**

32.1. Any dispute that arises under or is related to a purchase order and that relates to a matter that gives ATE recourse against the Federal Government under the prime contract or applicable law shall be resolved as follows:

32.1.3. Supplier and ATE will cooperate fully in prosecuting any such claim and will be bound by the outcome;

32.1.4. Supplier and ATE will each bear their own costs of prosecuting any such claim; and

32.1.5. Nothing in this contract or a purchase order grants Supplier a direct right of action under the Disputes clause of the prime contract.

32.2. In case of any dispute, claim or controversy arising in any way, directly or indirectly, from or relating to any purchase order or any performance or work there under, the parties shall use all reasonable efforts to resolve the dispute in the ordinary course of business and by discussion and meeting prior to commencement of any litigation or other proceeding.

**32.3. Waiver of Jury.** The parties agree that any dispute, claim or controversy shall (if a trial occurs) be tried to the court sitting without a jury, notwithstanding any constitutional or statutory rights or provisions.

**32.4. Venue and Jurisdiction.** With respect to any dispute involving a purchase order, the parties consent to jurisdiction and venue in any state or federal court in the State of the ATE location issuing the purchase order.

**32.5. Continue performance during disputes.** Pending final resolution of any dispute arising under or relating to a purchase order, the parties will proceed with performance of the purchase order, and Supplier's performance will be in accordance with ATE's written instructions, notwithstanding any rights to suspend or stop performance which might otherwise apply.

**33. Choice of Law.** These terms and conditions and any purchase order shall be governed by the laws of the State of the ATE location issuing the purchase order, except that any provision in the contract or purchase order that is (i) incorporated in full text or by reference from the Federal Acquisition Regulation ("FAR"), or (ii) incorporated in full text or by reference from any agency regulation that implements or supplements any FAR provision, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, Board of Contract Appeals, and quasi-judicial agencies of the Federal Government.

**34. Integration and Merger.** These terms and conditions together with any long term agreement referencing these Terms and Conditions, any nondisclosure agreement executed by the parties, and any purchase orders issued to Supplier, including attachments and documents incorporated herein or therein by reference, constitute the entire agreement between ATE and Supplier, and supersede all prior representations, agreements, understandings, and communications between ATE and Supplier. No amendment or modification of this contract or a purchase order will be binding upon either party unless it is set forth in a written instrument signed by authorized representatives of both ATE and Supplier. The rights and remedies afforded to either party pursuant to any part or provision of these Terms and Conditions, any long term agreement or any ATE purchase order are in addition to any other rights and remedies afforded by any other parts or provisions of these Terms and Conditions, any long term agreement, purchase order, by law, or otherwise.
